

VW already has authority to produce passenger motor vehicles within Site 3 of FTZ 134. The current request would add foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt VW from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, for the foreign-status materials/components noted below, VW would be able to choose the duty rates during customs entry procedures that apply to passenger motor vehicles (duty rate—2.5%). VW would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad are anti-theft alarm sensors and unframed mirror glass (duty rates—1.3% and 7.8%, respectively).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 4, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable October 24, 2017.

FOR FURTHER INFORMATION CONTACT: Edythe Artman at (202) 482-3931 (the People's Republic of China (PRC)), Patrick O'Connor at (202) 482-0989 (India), Karine Gziryan at (202) 482-4081 (the Republic of Korea (Korea)), and Lilit Astvatsatrian at (202) 482-6412 (Taiwan), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On June 20, 2017, the Department of Commerce (the Department) initiated the less-than-fair-value investigations of imports of fine denier polyester staple fiber (PSF) from the PRC, India, Korea,

and Taiwan.¹ Currently, the preliminary determinations in these investigations are due no later than November 7, 2017.

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (Act), requires the Department to issue the preliminary determination in a less-than-fair-value investigation within 140 days after the date on which the Department initiated the investigation. However, section 733(c)(1) of the Act permits the Department to postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) the Department concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. The Department will grant the request unless it finds compelling reasons to deny the request. *See* CFR 351.205(e).

On October 13, 2017, the petitioners² submitted a timely request, pursuant to section 733(c)(1)(A) of the Act, that the Department postpone the preliminary determinations in these less-than-fair-value investigations.³ In accordance with 19 CFR 351.205(e), the petitioners stated the reasons for their request. Specifically, the petitioners state that additional time is necessary for the Department to issue supplemental questionnaires and clarify the initial questionnaire responses to accurately determine whether and what magnitude of dumping occurred during the period of investigation.⁴

⁴ *Id.*

For the reasons stated above and because there is no compelling reason to deny the request, the Department, pursuant to section 733(c)(1)(A) of the Act, is postponing the deadline for these preliminary determinations to no later than 181 days after the date on which these investigations were initiated, *i.e.*, to December 18, 2017. Pursuant to section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).
