

public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note

that written comments received in response to this notice will be considered public records.
Title of Collection: DC School Choice Incentive Program.
OMB Control Number: 1855-0015.
Type of Review: An extension of an existing information collection.
Respondents/Affected Public: Individuals or Households.
Total Estimated Number of Annual Responses: 3,000.
Total Estimated Number of Annual Burden Hours: 1,000.
Abstract: The DC School Choice Incentive Program, authorized by the Consolidated Appropriations Act of 2004, awarded a grant to the DC Children and Youth Investment Trust Corporation that will administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. Priority is given to students who are currently attending schools in need of improvement, as defined by Title I. To assist in the student selection and assignment process, the information

collected is used to determine the eligibility of those students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address.

DEPARTMENT OF ENERGY

Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice.

SUMMARY: EIA has submitted an information collection request to OMB for extension under the provisions of the Paperwork Reduction Act of 1995. The information collection requests a three-year extension with changes of its Natural Gas Data Collection Program, under OMB Control No. 1905-0175. The proposed collection will provide information on the supply and disposition of natural gas within the United States.

DATES: Comments regarding this information collection must be received on or before November 27, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the DOE Desk Officer at OMB of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at 202-395-4718.

ADDRESSES: Written comments should be sent to Chad S. Whiteman, DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW., Washington, DC 20503, Chad.S.Whiteman@omb.eop.gov, and to Mr. Michael Kopalek, U.S. Department of Energy, U.S. Energy

Information Administration EI-25, 1000 Independence Ave. SW., Washington, DC 20585, Michael.Kopalek@eia.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Michael Kopalek, 202-586-4001, Michael.kopalek@eia.gov, <https://www.eia.gov/survey/notice/ngdownstreamforms2018.php>.

SUPPLEMENTARY INFORMATION: This information collection request contains:
(1) OMB Control Number 1905-0175;
(2) Information Collection Request

Title: Natural Gas Data Collection Program;

The surveys covered by this information collection request include:

- Form EIA-176, *Annual Report of Natural and Supplemental Gas Supply and Disposition*
- Form EIA-191, *Monthly Underground Gas Storage Report*
- Form EIA-757, *Natural Gas Processing Plant Survey*
- Form EIA-857, *Monthly Report of Natural Gas Purchases and Deliveries to Consumers*
- Form EIA-910, *Monthly Natural Gas Marketer Survey*
- Form EIA-912, *Weekly Underground Natural Gas Storage Report*

(3) *Type of Request:* Three-year extension with changes;

(4) *Purpose:* The surveys included in the Natural Gas Data Collection Program Package collect information on natural gas underground storage, supply, processing, transmission, distribution, consumption by sector, and consumer prices. This information is used to support public policy analyses of the natural gas industry and estimates generated from data collected on these surveys. The statistics generated from these surveys are posted to the EIA Web

site (<http://www.eia.gov>) and in various EIA products, including the *Weekly Natural Gas Storage Report* (WNGSR), *Natural Gas Monthly* (NGM), *Natural Gas Annual* (NGA), *Monthly Energy Review* (MER), *Short-Term Energy Outlook* (STEO), *Annual Energy Outlook* (AEO), and *Annual Energy Review* (AER). EIA requests a three-year extension of collection authority for each of the above-referenced surveys with changes to Forms EIA-176, EIA-191, EIA-757, EIA-910, and EIA-912.

(4a) *Proposed Changes to Information Collection:*

Form EIA-176, Annual Report of Natural and Supplemental Gas Supply and Disposition

Form EIA-176 collects data on natural, synthetic, and other supplemental gas supplies, their disposition, and certain revenues by state. The changes include:

a. Add a question in Part 3(B) to ask respondents if they have an alternative-fueled vehicle fleet and how many and what kind of vehicles make up the fleet. This information improves survey frame coverage and data accuracy reported on Form EIA-886, *Annual Survey of Alternative Fueled Vehicles*;

b. A new section Part 3(E) asking local distribution companies to provide all the counties where they deliver natural gas for end-use consumption. This information enables EIA to estimate the approximate service territory for a local distribution company. EIA has received public inquiries about service territories associated with natural gas distributors and this information will be useful to EIA and the public for understanding this retail market sector.

c. Addition of a question in Part 3(F) asking respondents for the names and zip codes of any aboveground liquefied (LNG) natural gas storage facilities that
