*B. Description of Projected Reporting, Recordkeeping and Other Compliance Requirements*

34. This *FNPRM* does not propose any changes to the Commission's current information collection, reporting, recordkeeping, or compliance requirements.

*C. Steps Taken To Minimize Significant Economic Impact on Small Entities, and Significant Alternatives Considered*

35. The RFA requires an agency to describe any significant alternatives that it has considered in reaching its approach, which may include the following four alternatives, among others: (1) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to small entities; (2) the clarification, consolidation, or simplification of compliance or reporting requirements under the rule for small entities; (3) the use of performance, rather than design, standards; and (4) an exemption from coverage of the rule, or any part thereof, for small entities.<sup>122</sup>

36. The *FNPRM* seeks comment regarding: (1) Adopting a new five-tiered flat rate methodology for assessing regulatory fees for terrestrial and satellite international bearer circuits (IBCs), revising the current five-tiered methodology for submarine cable systems, and adopting a new fee category for all holders of section 214 international authority and (2) revising the calculation for cable television "Bulk Rate Customers." The proposals to adopt a flat five-tier methodology for terrestrial and satellite IBCs might provide relief to smaller entities that would fall into the lowest tier. The proposal to revise the calculation for Bulk Rate Customers for cable television, in multiple dwelling units (MDUs), may affect small cable operators who provide service to MDUs. We are seeking comment on this issue so that we can improve the calculation of customers in MDUs.

*D. Federal Rules That May Duplicate, Overlap, or Conflict With the Proposed Rules*

37. None.

**IV. Ordering Clause**

38. Accordingly, *it is ordered* that, pursuant to section 9 of the Communications Act of 1934, as amended, 47 U.S.C. 159, this *Further Notice of Proposed Rulemaking is hereby adopted*.

Federal Communications Commission.
