to comment on a reinstatement, without change, of a previously approved information collection for which approval has expired. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning information required by the Federal Emergency Management Agency to amend or revise National Flood Insurance Program maps to remove certain property from the 1-percent annual chance floodplain.

You may contact the Records Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) is authorized by the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.* The Federal Emergency Management Agency (FEMA) administers the NFIP and maintains the maps that depict flood hazard information. The land area covered by the floodwaters of the base flood is the Special Flood Hazard Area (SFHA) on NFIP maps. The SFHA is the area where the NFIP's floodplain management regulations must be enforced and the area where the mandatory purchase of flood insurance applies. If a SFHA has been determined to exist for property and the owner or

lessee of the property believes his/her property has been incorrectly included in a SFHA, information can be provided to support removal of the SFHA designation. NFIP regulations, at 44 CFR parts 65 and 70, outline the data that must be submitted by an owner or lessee of property who believes his/her property has been incorrectly included in a SFHA. In order to remove an area from a SFHA, the owner or lessee of the property must submit scientific or technical data demonstrating that the area is "reasonably safe from flooding" and not in the SFHA.

This information collection expired on September 30, 2017. FEMA is requesting a reinstatement, without change, of a previously approved information collection for which approval has expired.

Collection of Information

Title: Revisions to National Flood Insurance Program Maps: Application Forms and Instructions for (C)LOMAs and (C)LOMR-Fs.

Type of information collection: Reinstatement, without change, of a previously approved information collection for which approval has expired.

OMB Number: 1660-0015.

Form Titles and Numbers: FEMA Form 086-0-26, Property Information; FEMA Form 086-0-26A, Elevation Form; FEMA Form 086-0-26B, Community Acknowledgement Form; FEMA Form 086-0-22 and FEMA Form 086-0-22A (Spanish), Application Form for Single Residential Lot or Structure Amendments to National Flood Insurance Program Maps.

Abstract: FEMA collects scientific and technical data submissions to determine whether a specific, single-lot property is located within or outside of a Special Flood Hazard Area (SFHA). If the property is determined not to be within a SFHA, FEMA provides a written determination and the appropriate map is modified by a Letter of Map Amendment (LOMA) or a Letter of Map Revision-Based on Fill (LOMR-F). The owner or lessee of a property uses a LOMA or LOMR-F to show that a property is not located within the SFHA, making it possible for the lending institution to waive the flood insurance requirement. If the policyholder decides to maintain insurance on the property, the new determination should result in lower rates.

Affected Public: Individuals and Households; and Business or Other for-Profit Institutes.

Estimated Number of Respondents: 121,116.

Estimated Number of Responses: 121,116.

Estimated Total Annual Burden Hours: 150,725 hours.

Estimated Respondents' Operation and Maintenance Costs: \$24,099,750.

Estimated Total Annual Cost to the Federal Government: \$268,401.

Comments
