SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Current Population Survey (CPS)—Basic Labor Force information collection. The labor force data collected in the CPS help to determine the employment situation of specific population groups as well as general trends in employment and unemployment. The survey is the only source of monthly data on total employment and unemployment. The *Employment Situation Report* contains data from this survey, and it is designated a Principle Federal Economic Indicator; moreover, the survey also yields data on the basic status and characteristics of persons not in the labor force. CPS data are used monthly, in conjunction with data from other sources, to analyze the extent to which, and with what success, the various components of the American population are participating in the economic life of the nation. This

information collection is authorized by 13 U.S.C. 182 and 29 U.S.C. 2.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0100.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on December 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 19, 2017 (82 FR 27873).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1220-0100. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

SUPPLEMENTARY INFORMATION:

1. Background Information

During the legislative approval process for the CAFTA-DR, the Administration and the Congress reached an understanding on the need

to support labor capacity-building efforts linked to recommendations identified in the "White Paper" of the Working Group of the Vice Ministers Responsible for Trade and Labor in the countries of Central America and the Dominican Republic. Appropriations have been made available from FY 2005 through 2017 to support labor capacity building efforts in CAFTA-DR countries. For more information, see the full text of the CAFTA-DR at <https://ustr.gov/trade-agreements/free-trade-agreements/cafta-dr-dominican-republic-central-america-fta/final-text> and the "White Paper" at http://www.sice.oas.org/labor/White%20Paper_e.pdf.

In addition, in December 2006, the U.S. Department of Labor (USDOL) published its procedural guidelines for the receipt and review of submissions under U.S. Free Trade Agreements, including the CAFTA-DR (71 FR 76691 Dec. 21, 2006). Subsequently, pursuant to CAFTA-DR Article 16.4.2, in November 2008, the United States and CAFTA-DR partner countries held the first Labor Affairs Council meeting in San Salvador, El Salvador. Since the CAFTA-DR came into force, USDOL's Office of Trade and Labor Affairs (OTLA) has accepted three submissions under the labor chapter of the CAFTA-DR. In February 2015, OTLA issued a public report on its review of a submission regarding Honduras, and in December of that year the United States and Honduras signed a comprehensive monitoring and action plan that addresses gaps in enforcement of Honduran labor law outlined in OTLA's public report. In September 2013, OTLA issued a public report in response to a submission regarding the Dominican Republic and since then, the Department of Labor has been engaging with the Dominican Republic on the issues identified in the report. With respect to a submission regarding Guatemala, OTLA issued a public report in January 2009, and the United States Trade Representative requested the establishment of an arbitral panel in August 2011, pursuant to Article 20.6.1, to consider whether the Government of Guatemala was conforming to its obligations under Article 16.2.1(a) of the CAFTA-DR. In November 2012, the parties agreed to suspend panel proceedings while the parties negotiated and implemented an Enforcement Plan. In an attempt to resolve the dispute, the Panel resumed its work in September 2013 and issued its final report on June 14, 2017. The Panel's findings confirmed the U.S. view that Guatemala's enforcement failures, in

particular with respect to laws protecting the right of association, the right to organize and bargain collectively, and acceptable conditions of work including occupational safety and health, minimum wage, and hours of work, are a serious concern, but determined that evidence did not establish other required elements necessary to prove a violation of CAFTA-DR. Under CAFTA-DR, the panel decision is final; there is no appeal process.

Under section 403(a) of the CAFTA-DR Implementation Act, 19 U.S.C. 4111(a), the President must report biennially to the Congress on the progress made by the CAFTA-DR countries in implementing the labor obligations and the labor capacity-building provisions found in the Labor Chapter and in Annex 16.5, and in implementing the recommendations contained in the "White Paper." Section 403(a)(4) requires that the President establish a mechanism to solicit public comments on the matters described in section 403(a)(3)(D) of the CAFTA-DR Implementation Act, 19 U.S.C. 4111(a)(4) (listed below in 2).

By Proclamation, the President delegated the reporting function and the responsibility for soliciting public comments under section 403(a) of the CAFTA-DR Implementation Act, 19 U.S.C. 4111(a), to the Secretary of Labor, in consultation with the USTR (Proclamation No. 8272, 73 FR 38,297 (June 30, 2008)). This notice serves to request public comments as required by this section.

2. The USDOL Is Seeking Comments on the Following Topics as Required Under Section 403(a)(3)(D) of the CAFTA-DR Implementation Act

a. Capacity-building efforts by the United States government envisaged by Article 16.5 of the CAFTA-DR Labor Chapter and Annex 16.5;

b. Efforts by the United States government to facilitate full implementation of the "White Paper" recommendations; and

c. Efforts made by the CAFTA-DR countries to comply with Article 16.5 of the Labor Chapter and Annex 16.5 and to fully implement the "White Paper" recommendations, including progress made by the CAFTA-DR countries in affording to workers internationally-recognized worker rights through improved capacity.

3. Requirements for Submission

Persons submitting comments must do so in English and must make the following note on the first page of their submissions: "Comments regarding the

CAFTA–DR Implementation Act.” In order to be assured consideration, comments should be submitted by 5 p.m. (EDT), January 2, 2018. The Department of Labor encourages commenters to make on-line submissions using the www.regulations.gov Web site. When entering this site, enter “Request for Comments on Labor Capacity-Building Efforts Under the Dominican Republic-Central America-United States Free Trade Agreement” on the home page search bar and click “search.” The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice and click on the link entitled “Comment Now.” (For further information on using the www.regulations.gov Web site, please consult the resources provided on the Web site by clicking on “How to Use This Site” (found on the bottom of the home page under “Help”).)

The www.regulations.gov Web site allows users to provide comments by filling in a “Type Comment field,” or by attaching a document using an “Upload File” field. The USDOL prefers that uploaded submissions be in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If the submission is in an application other than those two, please indicate the name of the application in the “Type Comment” field.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the submission itself. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself and not as separate files.

As noted, USDOL strongly urges submitters to file comments through the www.regulations.gov Web site.

Comments will be open to public inspection. Comments may be viewed on the www.regulations.gov Web site.

Signed at Washington, DC, on November 9, 2017.

Deputy Undersecretary.

Bureau of Labor Statistics

Information Collection Activities; Comment Request

AGENCY: Bureau of Labor Statistics, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the “National Compensation Survey.” A copy of the proposed information collection request can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the Addresses section of this notice on or before January 22, 2018.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202–691–5111 (this is not a toll free number.)

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, at 202–691–7628 (this is not a toll free number.) (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The National Compensation Survey (NCS) is an ongoing survey of earnings and benefits among private firms, State, and local government. Data from the NCS program include estimates of wages covering broad groups of related occupations, and data that directly links benefit plan costs with detailed plan provisions. The NCS is used to produce the Employment Cost Trends, including the Employment Cost Index (ECI) and Employer Costs for Employee Compensation (ECEC), employee benefits data (on coverage, cost and provisions), data used by the President’s Pay Agent and this data is used by compensation administrators and researchers in the private sector. Data from the NCS are used to help in

determining monetary policy (as a Principal Federal Economic Indicator.)

The integrated program’s single sample produces both time-series indexes and cost levels for industry and occupational groups, thereby increasing the analytical potential of the data.

The NCS employs probability methods for selection of occupations. This ensures that sampled occupations represent all occupations in the workforce, while minimizing the reporting burden on respondents. The survey collects data from a sample of employers. These data will consist of information about the duties, responsibilities, and compensation (earnings and benefits) for a sample of occupations for each sampled employer.

Data will be updated on a quarterly basis. The updates will allow for production of data on change in earnings and total compensation.

II. Current Action

Office of Management and Budget clearance is being sought for the National Compensation Survey.

The NCS collects earnings and work level data on occupations for the nation. The NCS also collects information on the cost, provisions, and incidence of major employee benefits through its benefit cost and benefit provision programs and publications.

BLS has for a number of years been using a revised approach to the Locality Pay Survey (LPS); this uses data from two current BLS programs—the Occupational Employment Statistics (OES) survey and the ECI program. This approach uses OES data to provide wage data by occupation and by area, while ECI data are used to specify grade level effects. This approach is also being used to extend the estimation of pay gaps to areas that were not included in the prior Locality Pay Survey sample, and these data have been delivered to the Pay Agent (in 2014, data for 92 areas were delivered.)

The NCS has a national survey design for the ECI and the EBS. The NCS private industry sample is on a three-year rotational cycle, with one frozen sample year every ten years for the NCS private industry sample when a new NCS State and local government sample starts (approximately in 2025).

The NCS continues to provide employee benefit provision and participation data. These data include estimates of how many workers receive the various employer-sponsored benefits. The data also include information about the common provisions of benefit plans.

NCS collection will use a number of collection forms (normally having
