

Memorandum, M–03–22 (September 22, 2003).

Needs and Uses: On January 20, 2016, the Commission released a *Report and Order, Second Report and Order, and Order on Reconsideration* in MB Docket Nos. 07–294, 10–103, and MD Docket No. 10–234 (*323 and 323–E Order*). The *323 and 323–E Order* refines the collection of data reported on FCC Form 323, Ownership Report for Commercial Broadcast Stations, and FCC Form 323–E, Ownership Report for Noncommercial Broadcast Stations. Specifically, the *323 and 323–E Order* implements a Restricted Use FRN (RUFNR) within the Commission’s Registration System (CORES) that individuals may use solely for the purpose of broadcast ownership report filings; eliminates the availability of the Special Use FRN (SUFNR) for broadcast station ownership reports, except in very limited circumstances; prescribes revisions to Form 323–E that conform to the reporting requirements for noncommercial educational (NCE) broadcast stations more closely to those for commercial stations; and makes a number of significant changes to the Commission’s reporting requirements that reduce the filing burdens on broadcasters, streamline the process, and improve data quality.

On April 21, 2017, the Commission released an *Order on Reconsideration* in MB Docket No. 07–294 and MD Docket No. 10–23 (*323–E Reconsideration Order*). The *323–E Reconsideration Order* expands the option to use

SUFNRs on Form 323–E. This action addresses several petitions for reconsideration of the *323 and 323–E Order* and properly balances the Commission’s need to improve the integrity and usability of its broadcast ownership data with the concerns raised in the petitions for reconsideration.

Licensees of noncommercial educational AM, FM, and television broadcast stations must file FCC Form 323–E every two years. Pursuant to the new filing procedures adopted in the *323 and 323–E Order*, Form 323–E shall be filed by December 1 in all odd-numbered years. Form 323 shall be filed by December 1 in all odd-numbered years. On September 1, 2017, the Commission’s Media Bureau released an Order in MB Docket No. 07–294, DA 17–813, postponing the opening of the 2017 biennial filing window for the submission of broadcast ownership reports on FCC Forms 323 and 323–E and extending the 2017 filing deadline. Biennial Ownership Reports shall provide information accurate as of October 1 of the year in which the Report is filed.

In addition, Licensees and Permittees of noncommercial educational AM, FM, and television stations must file Form 323–E following the consummation of a transfer of control or an assignment of a noncommercial educational AM, FM, or television station license or construction permit; a Permittee of a new noncommercial educational AM, FM, or television station must file Form 323–E within 30 days after the grant of

the construction permit; and a Permittee of a new noncommercial educational AM, FM, or television station must file Form 323–E to update the initial report or to certify the continuing accuracy and completeness of the previously filed report on the date that the Permittee applies for a license to cover the construction permit.

In the case of organizational structures that include holding companies or other forms of indirect ownership, a separate Form 323–E must be filed for each entity in the organizational structure that has an attributable interest in the Licensee or Permittee.
