SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82112; File No. SR-BOX-2017-33]

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing of Proposed Rule Change To Amend the Minimum Order Size for the Floor Broker Guarantee Provided in Rule 7600(f)

November 17, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 6, 2017, BOX Options Exchange LLC ("Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule

change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7600 to amend the minimum order size for the Floor Broker guarantee provided in Rule 7600(f). The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 7600(f). Specifically, the Exchange is proposing to amend the minimum order size for the Floor Broker guarantee provided in Rule 7600(f).

Currently, on the Trading Floor, when a Floor Broker holds an order of the eligible order size or greater, the Floor Broker is entitled to cross a certain percentage of the order with other orders that he is holding. The Exchange may determine, on an option by option basis, the eligible size for an order that may be transacted pursuant to Rule 7600(f); however, the eligible order size may not be less than 500 contracts. The percentage of the order which a Floor Broker is entitled to cross, after all equal or better priced Public Customer bids or offers on the BOX Book and any non-Public Customer bids or offers that are ranked ahead of such Public Customer bids or offers are filled, is 40% of the remaining contracts in the order.

The Exchange is now proposing to decrease the required minimum eligible

order size for the Floor Broker guarantee from 500 contracts to 50 contracts.³ The proposed change would align the eligible order size with that of another exchange.⁴ The Exchange notes that it may still determine the eligible order size, provided that it is at least 50 contracts. Changes to the eligible order size will be communicated to Participants via Regulatory Circular pursuant to BOX Rule 7600(f)(2).

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Specifically, the Exchange believes that the proposed change offers Floor Brokers a greater incentive to execute transactions on the BOX Trading Floor. Further, the Exchange believes that the proposed change is appropriate as a similar minimum eligible order size is present at another options exchange with a trading floor. Further, the Exchange believes that the proposed change will benefit market participants as the decreased minimum eligible order size may result in more transactions on the exchange.

In addition, the proposed rule change would promote a free and open market by permitting the Exchange to compete with other options exchanges. In this regard, competition would result in benefits to the investing public. As noted above, the proposed change would align the eligible order size with the rules of another options exchange with an open outcry trading floor.⁷ As such, permitting the Exchange to operate on an even playing field relative to other exchanges removes impediments to and perfects the mechanism for a free and open market and a national market system.

³ The Exchange notes that Participants have requested this change. The Exchange believes that the proposed change will result in more transactions on the BOX Trading Floor.

⁴ See CBOE Rule 6.74(d). The Exchange notes that CBOE Rule 6.74(d) also refers to facilitation and solicitation orders. The Exchange does not currently differentiate between facilitated orders or solicited orders on the BOX Trading Floor.
