SUPPLEMENTARY INFORMATION: The SBA’s Women’s Business Centers represent a national network of nearly 100 educational centers designed to assist women start and grow small businesses. WBCs operate with the mission to “level the playing field” for women entrepreneurs, who still face unique obstacles in the world of business. Through the management and technical assistance provided by the WBCs, entrepreneurs (especially women who are economically or socially disadvantaged) are offered comprehensive training and counseling on a variety of topics in many languages to help them start and grow their own businesses. The SBA plans to conduct a web-based survey to understand to what degree the Agency’s WBC programs and services help entrepreneurs start, manage and grow businesses. The survey will help determine customer satisfaction and the outcomes of the delivered business assistance services. Surveys will be completed by a sample of clients who received business assistance services at least one year ago. A minimum one year lag is desired to allow the business outcomes of the services to be observed. Because Women’s Business Center offer both training and counseling services, clients who received either service will be included.
