receive a $100 gift card as compensation for his/her participation.

Findings will provide information about whether this training program improves the driving performance of drivers 70 and older, and whether they find the training acceptable. NHTSA will use the information to inform recommendations to the public, and particularly to the OT community, regarding this training program.

Affected Public: Participants will include 90 licensed drivers 70 and older.

Estimated Total Annual Burden: The total burden for data collection would be 690 hours.

Comments are invited on the following:

(i) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
(ii) The accuracy of the Department’s estimate of the burden of the proposed information collection;
(iii) Ways to enhance the quality, utility and clarity of the information to be collected; and
(iv) Ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

A comment to OMB is most effective if OMB receives it within 30 days of publication of this notice.

Issued in Washington, DC, on November 20, 2017.

Jeff Michael,
Associate Administrator, Research and Program Development.
