Department of the Air Force

Notice of Intent To Prepare An Environmental Impact Statement And Environmental Impact Report for the Edwards Air Force Base Solar Enhanced Use Lease Project

AGENCY: Department of the States Air Force.

ACTION: Notice of intent.

SUMMARY: The United States Air Force (The Air Force) is issuing this notice to advise the public of the intent to prepare a joint Environmental Impact Statement and Environmental Impact Report with the County of Kern, California. The Environmental Impact Statement and Environmental Impact Report will assess the potential environmental consequences of various alternatives for development of the Edwards Air Force Base Solar Enhanced Use Lease Project.

DATES: The Air Force invites the public, stakeholders, and other interested parties to attend an open house public scoping meeting on December 12, 2017 from 5 p.m. to 8 p.m. at the Mojave Veterans Memorial Building located at address 15580 O Street, Mojave, California 93501.

ADDRESSES: Scoping comments may also be submitted to: Gary Hatch, Environmental Public Affairs, Bldg. 1405 Room 400, Edwards Air Force Base, California 93524; email: 412tw.pae@edwards.af.mil, Phone: 661-277-4127, Fax: (661) 277-2732. Handicap assistance or translation service at public meetings can be made available by providing advance notice to Mr. Hatch at the contact information listed above.

Comments will be accepted at any time during the environmental impact analysis process. However, to ensure the Air Force has sufficient time to consider public input in the preparation of the Draft Environmental Impact Statement, scoping comments should be submitted by January 12, 2017.

SUPPLEMENTARY INFORMATION: The Solar Enhanced Use Lease Project will be sited up to 4,000 acres of available, non-excess Air Force land located on Edwards Air Force Base. Alternatives which meet the purpose and need for the Proposed Action have been identified and include the No Action Alternative and two additional alternatives. Alternative A includes full-scale project development of a 600 Megawatt solar PV project and construction of a 150 Megawatt battery storage facility on up to 4,000 acres of Edwards Air Force Base property located in the northwestern corner of the base. Alternative B represents a reduced-scale alternative for the construction and operation of a 200 Megawatt solar PV project and construction of a 150 Megawatt battery storage facility. Under Alternative B, the reduced-scale project will be sited on up to 1,500 acres of Edwards Air Force Base non-excess property within the same project footprint as Alternative A. The project also includes construction of a Gen-tie line of approximately 10–14 miles in total length. The Gen-tie includes a north-south component and an east-west component. There are three alternatives for the north-south Gen-tie connection. The Proposed Action will include only one of these three north-south route options. There are two alternatives for the east-west Gen-tie connection. The Proposed Action will include only one of these two east-west route options. The Proposed Action is subject to the requirements and objectives of Executive Order 11988, Floodplain Management, as amended. All alternatives for the Proposed Action, including alternatives for the Gen-tie line will result in impacts to floodplains.

Scoping and Agency Coordination: To effectively define the full range of issues to be evaluated in the Environmental Impact Statement and Environmental Impact Report, the Air Force will determine the scope of the analysis by soliciting comments from interested local, state and federal elected officials and agencies, as well as interested members of the public and others. Implementation of the Edwards Solar Enhanced Use Lease Project would have the potential to be located in a floodplain and/or wetland. Consistent

with the requirements and objectives of Executive Order 11990, “Protection of Wetlands,” and Executive Order 11988, “Floodplain Management,” as amended by Executive Order 13690, “Establishing a Federal Flood Risk Management Standard and a Process for Further Soliciting and Considering Stakeholder Input,” state and federal regulatory agencies with special expertise in wetlands and floodplains will be contacted to request comment. Consistent with Executive Order 11988, Executive Order 13690, and Executive Order 11990, this Notice of Intent initiates early public review of the alternatives that have the potential to be located in a floodplain and/or wetland. Notification of the meeting locations, dates, and times will be published and announced in local news media no later than 15 days prior to public scoping meetings.

The scoping process will help identify the full range of reasonable alternatives, potential impacts, and key issues to be emphasized in the environmental analysis. The Air Force has identified potential impacts to the following resources: Air Quality, Biological Resources, Cultural and Historical Resources, Water Resources, Land Use, Paleontological Resources, Soils, and Visual Resources. Scoping will assist the Air Force and Kern County in identifying and addressing other issues of concern.

Oral and written comments presented at the public scoping meetings, as well as written comments received by the Air Force or County of Kern will be considered in the preparation of the Draft Environmental Impact Statement and Environmental Report.

Acting Air Force Federal Register Liaison Officer.

U.S. Air Force Scientific Advisory Board; Notice of Meeting

AGENCY: Department of the Air Force, Air Force Scientific Advisory Board.

ACTION: Meeting notice.

Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, the Department of Defense announces that the United

States Air Force (USAF) Scientific Advisory Board (SAB) Winter Board meeting will take place on 23 January 2018 at the Beckman Center of National Academies of Science and Engineering, located at 100 Academy Drive, Irvine, California 92617. The purpose of this Air Force Scientific Advisory Board quarterly meeting is to kick-off the Scientific Advisory Board's FY18 studies, offering board members the opportunity to hear directly from a wide-range of Department of Defense subject matter experts and provide dedicated time to begin collaboration on research. The meeting will occur from 8:30 a.m.–4:15 p.m. on Tuesday, 23 January 2018. The session that will be open to the *general public* will be held from 8:30 a.m. to 9:00 a.m. on 23 January 2018. In accordance with 5 U.S.C. 552b, as amended, and 41 CFR 102–3.155, a number of sessions of the Air Force Scientific Advisory Board Winter Board meeting will be closed to the general public because they will discuss classified information and matters covered by Section 552b of Title 5, United States Code, subsection (c), subparagraph (1).

Any member of the public that wishes to attend this meeting or provide input to the Air Force Scientific Advisory Board must contact the Scientific Advisory Board meeting organizer at the phone number or email address listed in this announcement at least five working days prior to the meeting date. Please ensure that you submit your written statement in accordance with 41 CFR 102–3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act. Statements being submitted in response to the agenda mentioned in this notice must be received by the Scientific Advisory Board meeting organizer at least five calendar days prior to the meeting commencement date. The Scientific Advisory Board meeting organizer will review all timely submissions and respond to them prior to the start of the meeting identified in this notice. Written statements received after this date may not be considered by the Scientific Advisory Board until the next scheduled meeting.

FOR FURTHER INFORMATION CONTACT: The Scientific Advisory Board meeting organizer, Lt Col Mike Rigoni at michael.j.rigoni@mail.mil or 703–695–4297, United States Air Force Scientific Advisory Board, 1500 West Perimeter Road, Ste. #3300, Joint Base Andrews, MD 20762.
