

This special area qualifies as a site wherein visitors can be charged a fee in conjunction with a Recreation Use Permit (RUP or Permit), authorized under Section 803(h) of the FLREA, 16 U.S.C. 6802(h). In accordance with the FLREA and implementing regulations at 43 CFR 2930, visitors will obtain an RUP upon arrival at the site.

Permits/day-use passes will be available at a cost of \$6 per vehicle and will be valid from dawn to dusk. The day-use pass will be available for purchase during the summer season (May 15 to September 30). As a standard amenity site within the National System of Public Lands, the fee will be waived on dates specified as fee-free days by the BLM. All applicable Federal Recreational Lands Passes will be accepted. All fees collected will be used to enhance visitor experiences, address environmental impacts and manage conflicting uses at Guffey Gorge Day-Use Area.

The BLM has notified and involved the public at each stage of the planning process, including the proposal to collect fees. The BLM posted the Guffey Gorge Business Plan in May 2016, which outlined operational goals of the area and the purpose of the fee program. The Rocky Mountain (formerly Front Range) RAC considered the proposal at its August 19, 2016, meeting and recommended approval. Future adjustments in the fee amount will be made in accordance with the Business Plan and through consultation with the RAC and the public prior to a fee increase. FLREA fee revenue and how the revenue is spent will be posted annually on-site and online at: <https://go.usa.gov/xnKWH>. Copies of the Business Plan will be available at the Royal Gorge Field Office and online.

Comments, including names, street addresses, and other contact information of commenters, will be available for public review at the BLM Royal Gorge Field Office (see **ADDRESSES** above). Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.
