

29, 2017 (82 FR 41051). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comments addressing the following issues: (1) Is the collection necessary to the proper functions of BSEE; (2) Will this information be processed and used in a timely manner; (3) Is the estimate of burden accurate; (4) How might BSEE enhance the quality, utility, and clarity of the information to be collected; and (5) How might BSEE minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

*Abstract:* The regulations at 30 CFR part 250, subpart M, concern Unitization and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTOs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

BSEE must approve any lessee's proposal to enter an agreement to unitize operations under two or more leases and for modifications when warranted. We use the information to ensure that operations under the proposed unit agreement will result in preventing waste, conserving natural resources, and protecting correlative rights including the government's interests.

*Title of Collection:* 30 CFR part 250, subpart M, *Unitization*.

*OMB Control Number:* 1014-0015.

*Form Number:* None.

*Type of Review:* Extension of a currently approved collection.

*Respondents/Affected Public:* Potential respondents comprise Federal OCS oil, gas, and sulfur lessees/operators.

*Total Estimated Number of Annual Respondents:* Not all of the potential respondents will submit information in any given year and some may submit multiple times.

*Total Estimated Number of Annual Responses:* 93.

*Estimated Completion Time per Response:* Varies from 1 hour to 520 hours, depending on activity.

*Total Estimated Number of Annual Burden Hours:* 7,800.

*Respondent's Obligation:* Voluntary.

*Frequency of Collection:* On occasion.

*Total Estimated Annual Non Hour Burden Cost:* We have identified three non-hour cost burdens associated with this information collection. Section 250.1303 requires respondents to pay filing fees when (1) applying for a voluntary unitization proposal or unit expansion (\$12,619), as well as a (2) unitization revision (\$896). The filing fees are required to recover the Federal Government's processing costs. Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore § 250.1304(e) requires the party seeking the compulsory unitization to (3) pay for the court reporter and three copies of the verbatim transcript of the hearing (approximately \$500).

It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We have not identified any other non-hour cost burdens associated with this collection of information. We estimate a total reporting non-hour cost burden of \$195,757.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: November 6, 2017.
