**SUPPLEMENTARY INFORMATION:** In the **Federal Register** of September 8, 2017, FDA published seven Requests for Comments and Information with a 90-day comment period to request comments and information from interested parties to help FDA identify existing regulations and related paperwork requirements that could be modified, repealed, or replaced, consistent with the law, to achieve meaningful burden reduction while allowing us to achieve our public health mission and fulfill statutory obligations.

Docket No.	Title of document
FDA-2017-N-5092	Review of Existing Center for Biologics Evaluation and Research Regulatory and Information Collection Requirements.
FDA-2017-N-5093	Review of Existing General Regulatory and Information Collection Requirements of the Food and Drug Administration.
FDA-2017-N-5094	Review of Existing Center for Food Safety and Applied Nutrition Regulatory and Information Collection Requirements.
FDA-2017-N-5095	Review of Existing Center for Tobacco Products Regulatory and Information Collection Requirements.
FDA-2017-N-5101	Review of Existing Center for Drug Evaluation and Research Regulatory and Information Collection Requirements.
FDA-2017-N-5104	Review of Existing Center for Veterinary Medicine Regulatory and Information Collection Requirements.
FDA-2017-N-5105	Review of Existing Center for Devices and Radiological Health Regulatory and Information Collection Requirements.

The Agency has received requests for a 60-day extension of the comment period for the Requests for Comments and Information. Each request conveyed concern that the current 90-day comment period does not allow sufficient time to develop a meaningful or thoughtful response to the Requests for Comments and Information.

FDA has considered the requests and is extending the comment period for the Requests for Comment and Information for 60 days, until February 5, 2018. The Agency believes that a 60-day extension allows adequate time for interested persons to submit comments without significantly delaying work on these important issues.

Dated: November 30, 2017.

#### 33 CFR Part 117

[Docket No. USCG-2016-0257]

RIN 1625-AA09

#### Drawbridge Operation Regulation; Delaware River, Pennsauken Township, NJ

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking; reopening of comment period.

**SUMMARY:** The Coast Guard is re-opening the comment period for its notice of proposed rulemaking (NPRM), which published on June 30, 2017. The Coast Guard is proposing to change the regulation governing the DELAIR Memorial Railroad Bridge across the Delaware River, mile 104.6, at Pennsauken Township, NJ. Because the bridge owner implemented new policies and training that was not fully evaluated during the previous test deviation, the Coast Guard is providing an additional opportunity for public comment.

**DATES:** Comments and related material must reach the Coast Guard on or before January 15, 2018.

**ADDRESSES:** You may submit comments identified by docket number USCG-2016-0257 using Federal eRulemaking Portal at <http://www.regulations.gov>.

See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this proposed rule, call or email Mr. Hal R. Pitts, Fifth Coast Guard District (dpb); telephone (757) 398-6222, email [Hal.R.Pitts@uscg.mil](mailto:Hal.R.Pitts@uscg.mil).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background and Purpose**

On June 30, 2017, we published a notice of proposed rulemaking (NPRM) entitled, “Drawbridge Operation Regulation; Delaware River, Pennsauken Township, NJ” in the **Federal Register** (82 FR 29800). The original comment period closed on August 18, 2017. The NPRM proposed changes to the regulation governing the DELAIR Memorial Railroad Bridge across the Delaware River, mile 104.6, at Pennsauken Township, and contains useful background and analysis related to the proposed changes. The installation of the remote capabilities did not change the operational schedule of the bridge.<sup>1</sup> The public is encouraged to review the NPRM.

On April 12, 2017, we issued a temporary deviation entitled “Drawbridge Operation Regulation; Delaware River, Pennsauken Township, NJ” in the **Federal Register** (82 FR 17561). During the initial test deviation performed from 8 a.m. on April 24, 2017, through 7:59 a.m. on October 21, 2017, the bridge owner identified deficiencies in the remote operation center procedures, bridge to vessel communications, and equipment redundancy. Comments concerning

<sup>1</sup> A full description of the remote operational system is outlined in the aforementioned publication, which can be found at <http://www.regulations.gov>. (see **ADDRESSES** for more information).

these deficiencies were submitted to the docket and provided to the Coast Guard and bridge owner by representatives from the Mariners’ Advisory Committee for the Bay and River Delaware.

The bridge owner implemented policies and provided training to address the procedural and communications deficiencies, and implemented backup systems to mitigate potential equipment and systems failures. These changes were not fully evaluated during the test deviation ending October 21, 2017. Therefore, the Coast Guard has decided to issue a second test deviation to complete the evaluation of the changes incorporated into the remote operation system.

On October 18, 2017, we published a second test deviation entitled “Drawbridge Operation Regulation; Delaware River, Pennsauken Township, NJ” in the **Federal Register** (82 FR 48419). This second test deviation was issued to complete the evaluation of the changes incorporated into the remote operation system during the test deviation ending October 21, 2017. Comments and related material for the second test deviation must reach the Coast Guard on or before January 15, 2018.

##### *Re-Opening the Comment Period*

The comment period for the NPRM published on June 30, 2017 ended August 18, 2017. This notice re-opening the comment period ensures there is sufficient opportunity to comment on the proposed rule which would allow the bridge to be remotely operated from the Conrail South Jersey dispatch center in Mount Laurel, NJ, instead of being operated by an on-site bridge tender, before the proposed changes become final.

##### **II. Public Participation and Request for Comments**

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking,
