II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, 10 CFR part 9, “Public Records.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment

period on this information collection on September 22, 2017, 82 FR 44470.

1. *The title of the information collection:* 10 CFR part 9, "Public Records."
2. *OMB approval number:* 3150-0043.
3. *Type of submission:* Extension.
4. *The form number if applicable:* NRC Form 509; NRC Form 507.
5. *How often the collection is required or requested:* On occasion.
6. *Who will be required or asked to respond:* FOIA Requesters who have requests that require pre-payment or agree to pay for the processing of their FOIA requests.
7. *The estimated number of annual responses:* 2,490.
8. *The estimated number of annual respondents:* 2,490.
9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* 1,111.

10. *Abstract:* The proposed information collection activity provides communication with FOIA requesters to have the opportunity to be notified about any fees to process their FOIA requests. Providing NRC Form 509 to a requester serves as notification of the processing fees as it relates to search, review, and duplication. Pursuant to NRC's regulations, 10 CFR 9.40, when fees exceed \$ 25.00 the requester has the opportunity to re-scope their request. Additionally, in response to the FOIA Improvement Act of 2016, in accordance with 10 CFR 9.39, the revised form notifies the requester that if the agency fails to comply with statutory time limits, the agency cannot charge the requester any fees (except in unusual circumstances). In the event that fees are required, the requester can verify their willingness to pay on this form, and must submit payment within ten working days of the receipt of the form. In addition, the NRC created Form 507 which allows the public to electronically submit FOIA requests from the FOIA Web site. Unlike the previous online FOIA request submission form, requesters can provide identification verification at the time the request is made, which shortens the processing time.

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is granting an exemption from paragraph B of section III, "Scope and Contents," of appendix D, "Design Certification Rule for the AP1000," to part 52 of title 10 of the *Code of Federal Regulations* (10 CFR), and issuing License Amendment Nos. 96 and 95 to COLs, NPF-91 and NPF-92, respectively, to the licensee. The exemption is required by paragraph A.4 of section III, "Processes for Changes and Departures," appendix D, to 10 CFR part 52 to allow the licensee to depart from Tier 1 information. With the requested amendment, the licensee sought proposed changes to the Updated Final Safety Analysis Report (UFSAR) in the form of departures from the incorporated plant-specific DCD Tier 2 information and involves changes to COL Appendix C and COL Appendix A, Technical Specifications. The proposed changes revise the licensing basis documents to depart from COL Appendix C information (with corresponding changes to the associated plant-specific Tier 1 information) and associated changes to Tier 2 information in the VEGP UFSAR.
