F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This action is categorically excluded from further review, under figure 2–1, paragraph (32)(e), of the Instruction. A Record of Environmental Consideration and a Memorandum for the Record are not required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

§ 117.915 Ashley River.

(a) The draws of the US17 Highway Bridges (Ashley River Bridges), mile 2.4 and 2.5 at Charleston, SC shall open on signal; except that, from 4 p.m. to 9 a.m. daily, the draws shall open only if at least 12 hours notice is given. The draws of either bridge shall open as soon as possible for the passage of vessels in an emergency involving danger to life or property.

Peter J. Brown,
Rear Admiral, U.S. Coast Guard, Commander, Seventh Coast Guard District.

BILLING CODE 9110–04–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Air Plan Approval; CT; Decommissioning of Stage II Vapor Recovery Systems

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the Connecticut Department of Energy and Environmental Protection (CT DEEP). This revision includes regulatory amendments that require gasoline dispensing facilities (GDFs) to decommission their Stage II vapor recovery systems on or before July 1, 2015, and a demonstration that such removal is consistent with the Clean Air Act and EPA guidance. This revision also includes regulatory amendments that strengthen Connecticut’s requirements for Stage I vapor recovery systems at GDFs. The intended effect of this action is to approve Connecticut’s revised vapor recovery regulations. This action is being taken under the Clean Air Act.

DATES: This rule is effective on January 16, 2018.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2015–0654. All documents in the docket are listed on the http://www.regulations.gov website. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at http://www.regulations.gov or at the U.S. Environmental Protection Agency, EPA New England Regional Office, Office of Ecosystem Protection, Air Quality Planning Unit, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that if at all possible, you contact the contact listed in the FOR FURTHER INFORMATION CONTACT section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays.

FOR FURTHER INFORMATION CONTACT: Eric Rackauskas, Air Quality Planning Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100 [mail code: OEPA–2–2], Boston, MA 02109–3912, telephone number (617) 918–1628, fax (617) 918–0628, email rackauskas.eric@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

I. Background and Purpose

On April 10, 2017 (82 FR 17161), EPA published a Notice of Proposed Rulemaking (NPR) proposing approval of a SIP revision submitted by the CT DEEP on September 14, 2015. The SIP revision consists of Connecticut’s newly adopted section 22a–174–30a, Stage I Vapor Recovery, of the Regulations of Connecticut State Agencies (RCSA) as well as the following revised RCSA sections:

• 22a–174–3a, Permit to Construct and Operate Stationary Sources, specifically 22a–174–3(a);
• 22a–174–20, Control of Organic Compound Emissions, specifically 22a–174–20(a), 22a–174–20(b)(1) through (b)(16), and 22a–174–20(ee); and

In addition, this SIP revision also includes Public Act No. 13–120, An Act Concerning Gasoline Vapor Recovery Systems. Connecticut Public Act No. 13–120 revises section 22a–174e of the Connecticut General Statutes (CGS). The regulations and statute require the decommissioning of Stage II vapor recovery systems and strengthen Stage I vapor recovery requirements. The SIP submittal also includes a demonstration that removal of Stage II vapor recovery systems in Connecticut is consistent with the Clean Air Act and EPA guidance. Finally, the SIP revision includes the withdrawal of RCSA section 22a–174–30, Dispensing of Gasoline/Stage I and Stage II Vapor Recovery, from the Connecticut SIP.
Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by February 13, 2018. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: July 24, 2017.

Deborah A. Szaro,
Acting Regional Administrator, EPA New England.

Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLAN

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

Subpart H—Connecticut

2. Section 52.370 is amended by adding paragraphs (c)(95)(i)(D) and (c)(117) to read as follows:

§ 52.370 Identification of plan.

* * * * * * * (c) * * * * * *(95) * * * * *(i) * * * * *(D) Regulation 22a–174–30, which was approved in paragraph (c)(95)(i)(A), is removed and replaced by Regulation...
I. Proposed Action

SUMMARY: The Environmental Protection Agency (EPA) is taking final rulemaking action to approve, as part of the State Implementation Plan (SIP) for the State of Arizona, the second 10-year maintenance plan for the San Manuel area for the 1971 National Ambient Air Quality Standards ("standards") for sulfur dioxide (SO2).

DATES: This final rule is effective on January 16, 2018.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2017–0377. All documents in the docket are available through https://www.regulations.gov and will be posted on the EPA’s website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through https://www.regulations.gov, or please contact the person identified in the FOR FURTHER INFORMATION CONTACT section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Ashley Graham, EPA Region IX, (415) 972–3877, graham.ashley@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, the words “we,” “us,” or “our” refer to the EPA.
