in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 6 a.m. on January 2, 2018 through 6 p.m. on May 27, 2018.

Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Highway and Bicycle drawbridges over San Leandro Bay, mile 0.0 and mile 0.1, between Alameda and Bay Farm Island, CA. The highway drawbridge navigation span provides a vertical clearance of 20 feet above Mean High Water in the closed-to-navigation position. The bicycle drawbridge navigation span provides a vertical clearance of 26 feet above Mean High Water in the closed-to-navigation position. The draws operate as required by 33 CFR 117.193. Navigation on the waterway is commercial and recreational.

The drawspans will be secured in the closed-to-navigation position from 6 a.m. on January 2, 2018 through 6 p.m. on May 27, 2018 to allow the bridge owner to perform major rehabilitation and maintenance work, including repainting the structural steel of the highway drawbridge. A temporary platform will be installed beneath the drawspan of the highway drawbridge, reducing the vertical clearance by 3 feet. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridges in the closed position may do so at anytime. If necessary, the draws can open on signal if at least 30 days notice is given to the bridge owner. Oakland Inner Harbor Tidal Canal can be used as an alternate route for vessels unable to pass through the bridges in the closed position. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridges so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), both drawbridges must return to their regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Carl T. Hausner,
District Bridge Chief, Eleventh Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY
Coast Guard

33 CFR Part 117
[Docket No. USCG–2017–1027]

Drawbridge Operation Regulation;
Sacramento River, Sacramento, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Tower Drawbridge across the Sacramento River, mile 59.0, at Sacramento, CA. The deviation is necessary to allow the community to participate in the New Year’s Eve Sky Spectacular fireworks show. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 8 p.m. through 11 p.m. on December 31, 2017.

Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Tower Drawbridge over the Sacramento River, mile 59.0, at Sacramento, CA. The drawbridge navigation span provides a vertical clearance of 30 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 8 p.m. through 11 p.m. on December 31, 2017, to allow the community to participate in the New Year’s Eve Sky Spectacular fireworks show. This temporary deviation has been coordinated with the waterway users. There are no immediate alternate routes for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Carl T. Hausner,
District Bridge Chief, Eleventh Coast Guard District.

33 CFR Part 117
[Docket No. USCG–2017–0311]

Drawbridge Operation Regulation;
Quantuck Canal, Westhampton Beach, NY

RIN 1625–AA09

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is modifying the operating schedule that governs the Beach Lane Bridge across Quantuck Canal, mile 1.1, at Westhampton Beach, New York. This action is necessary to allow for an unexpected delay in the rehabilitation of the bascule leaves and platform of the bridge. A temporary deviation was previously granted for a length of 180 days. As the Coast Guard
The Coast Guard is issuing this rule under authority 33 U.S.C. 499. The Coast Guard is modifying the operating schedule that governs the Beach Lane Bridge across Quantuck Canal, mile 1.1, at Westhampton Beach, New York. The rule is necessary to accommodate the completion of rehabilitation of the bascule leaves and painting of the bridge. This rule allows for single-leaf operations upon signal and dual lift-span operations will be provided for vessels requiring such an opening given 48 hours of advance notice.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protesters.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget (OMB) and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771. This regulatory action determination is based on the ability of the majority of vessels to successfully transit through the draw of the bridge with a single-leaf opening. Vessels requiring dual lift-span operations may continue to transit the draw provided submission of advance notice.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. While some owners or operators of vessels intending to transit the bridge may be small entities, the reasons stated in section V.A above, this interim rule will not have a significant impact on small entities.
economical impact on any vessel owner or operator. Mariners requiring dual lift-span operations have been able to transit the draw following provision of advance notice. Single-leaf operations will be furnished on signal for those vessels requiring such an opening.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Enforcement Ombudsman Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132. Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a determination that this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule simply promulgates the operating regulations or procedures for drawbridges. This action is categorically excluded from further review, under figure 2–1, paragraph (32)(e), of the Instruction. A preliminary Record of Environmental Consideration and a Memorandum for the Record are not required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

2. In § 117.799, effective from 12:01 a.m. on December 20, 2017, through 11:59 p.m. on January 11, 2018, suspend paragraph (d) and add paragraph (j) to read as follows:

§ 117.799 Long Island, New York Inland Waterway from East Rockaway Inlet to Shinnecock Canal.

(j) The draws of the West Bay bridge, mile 0.1, across Quantuck Canal, Quoque bridge, mile 1.1, across Quoque Canal and the Smith Point bridge, mile 6.1, across Narrow Bay shall open on signal from October 1 through April 30 from 8 a.m. to 4 p.m. and from May 1 through September 30 from 6 a.m. to 10 p.m. At all other times during these periods, the draws shall open as soon as possible but no more than one hour after a request to open is received.

(1) The draw of the Beach Lane bridge, mile 1.1, across Quantuck Canal shall open only one of the bascule spans on signal for bridge openings. Dual lift-span operations will occur for vessels requiring such an opening provided a 48 hour advance to the owner of the bridge.

Dated: December 5, 2017.

S.D. Poulin,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

[Docket Number USCG–2017–0994]

RIN 1625–AA00

Safety Zone; Spa Creek, Annapolis, MD

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain waters of Spa Creek. This action is necessary to provide for the safety of life on navigable waters during a fireworks display in Annapolis, MD, on December 31, 2017. This rulemaking prohibits persons and vessels from entering the safety zone unless authorized by the Captain of the Port Maryland–National Capital Region or a designated representative.

DATES: This rule is effective from 11 p.m. on December 31, 2017 through 1 a.m. on January 1, 2018.

ADDRESSES: To view documents mentioned in this preamble as being
