DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On December 22, 2017, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Middle District of Louisiana in the lawsuit entitled *United States et al. v. Sid Richardson Carbon, LTD.*, (M.D. La.), Civil Case. No. 3:17-cv-01792-SDD-RLB.

In this civil enforcement action under the federal Clean Air Act (“Act”), the United States, the Louisiana Department of Environmental Quality, and the State of Texas allege that Sid Richardson Carbon, LTD. (“Defendant”), failed to comply with certain requirements of the Act intended to protect air quality at three carbon black manufacturing facilities in Addis, Louisiana and Borger and Big Spring, Texas. The complaint seeks injunctive relief and civil penalties for violations of the Clean Air Act’s Prevention of Significant Deterioration (“PSD”) provisions, 42 U.S.C. 7470–92; the Act’s Nonattainment New Source Review provisions, 42 U.S.C. 7501–7515; the Act’s National Emissions Standards for Hazardous Air Pollutants, 42 U.S.C. 7412; and various Clean Air Act implementing regulations. The complaint alleges that Defendant failed to obtain appropriate permits and failed to install and operate required pollution control devices to reduce emissions of sulfur dioxide (“SO₂”), nitrogen oxides (“NO_x”), and/or particulate matter (“PM”) at the Addis, Borger, and Big Spring facilities.

The proposed Consent Decree would resolve violations for certain provisions of the Act at the three facilities, and would require the Defendant to reduce harmful SO₂, NO_x, and PM emissions through the installation and operation of

pollution controls. The Defendant will also spend \$490,000 to fund environmental mitigation projects that will further reduce emissions and benefit communities adversely affected by the pollution from the facilities, and pay a civil penalty of \$999,000.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States et al. v. Sid Richardson Carbon, LTD.*, (M.D. La.), D.J. Ref. No. 90–5–2–1–10663. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA")

On December 21, 2017, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of California that would resolve the lawsuit entitled *United States v. Coast Wood Preserving, Inc.*, Civil Action No. 1:17-cv-01720. The proposed Consent Decree was lodged in the related case *State of California Department of Toxic Substances Control and Toxic Substances Control Account v. Coast Wood Preserving, et al.*, Civil Action No. CV-F-96-6055, which would also be resolved by the proposed Consent Decree. The Department of Justice has filed a motion requesting that these two cases be considered together by the court for purposes of settlement.

This case involves claims under CERCLA relating to the costs of remediating soil and groundwater contamination at the Coast Wood Preserving Site in Ukiah, California (the "Site"). Under the proposed Consent Decree, Coast Wood Preserving, Inc. agrees to conduct the remaining cleanup work at the Site, to pay \$57,450 for EPA's past response costs incurred in connection with the Site, and to pay any such costs EPA incurs in the future. In exchange, Coast Wood Preserving, Inc. receives a covenant not to sue under Sections 106 and 107 of CERCLA and Section 7003 of the Resource Conservation and Recovery Act ("RCRA"). A group of current and former shareholders and employees of Coast Wood Preserving, Inc.—the Michael Logsdon Wood Trust, the Schmidt Wood Trust, Joyce Logsdon, Eugene E. Pietila, and Robert Schmidt—are also parties to the proposed Consent Decree, and also receive covenants not to sue under CERCLA and RCRA.

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Modification of Consent Decree Under the Clean Air Act

On December 22, 2017, the Department of Justice lodged a proposed modification to a Consent Decree with the United States District Court for the Western District of Louisiana in *United States and the Louisiana Department of Environmental Quality v. Cabot Corporation*, Civil Case No. 13-3095 (W.D. La.).

The original Consent Decree was entered on March 13, 2014, and resolved civil claims under the Clean Air Act at the Defendant's three carbon

black manufacturing facilities located in Louisiana and Texas. The Consent Decree imposed various pollution control requirements on Defendant's facilities, including requirements related to sulfur dioxide, nitrogen oxides, and particulate matter emissions. At the Canal and Ville Platte facilities in Louisiana, these pollution control requirements included, among other requirements, installation of Wet Gas Scrubber ("WGS") systems designed to reduce sulfur dioxide emissions, and Selective Catalytic Reduction ("SCR") systems to reduce nitrogen oxide emissions. The WGS systems are also expected to result in an ancillary reduction in particulate matter emissions. On May 5, 2017, the Court entered a First Modification of Consent Decree extending certain compliance deadlines in the Consent Decree.

The parties have now agreed to further modify certain Consent Decree deadlines. The modification resolves issues regarding the feasibility of the affected deadlines and resolves a potential dispute between the parties concerning them. The modification does not change Defendant's ultimate obligation to install and operate pollution controls at its facilities.

The publication of this notice opens a period for public comment on the proposed further modification to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States and the Louisiana Department of Environmental Quality v. Cabot Corporation*, Civil Case No. 13-3095 (W.D. La.), D.J. Ref. No. 90-5-2-1-10355. All comments must be submitted no later than thirty (30) days after the publication date of this notice.
