expects that 138.25 burden hours will be expended annually by respondents to the collection of information. FDA estimates that 553 respondents will each submit 1 application for a total of 553 annual responses. We estimate each response will require an average of 0.25 hours (15 minutes) for a total of 138.25 annual hours.

Our estimate of 553 respondents is based on averaging the number of nomination submissions we have received over the past 5 fiscal years. In fiscal year (FY) 2011 we received 638 submissions; FY 2012, 603 submissions; FY 2013, 622 submissions; FY 2014, 545 submissions; and FY 2015, 357 submissions. We believe that each submission will require 15 minutes based on our experience with the submission portal.
