III. Request for Comments

Section 3506(c)(2)(A) of the PRA requires each agency to “** * * provide 60-day notice in the Federal Register * * * *” and otherwise consult with members of the public and affected agencies concerning each proposed collection of information “** * *.” Agencies must specifically solicit comments to (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information that ONRR collects; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, we published a notice in the Federal Register on June 6, 2016 (81 FR 36325), announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. We received no unsolicited comments in response to the notice.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the ADDRESSES section of this notice. OMB has up to 60 days to approve or disapprove the information collection, but they may respond after 30 days. Therefore, in order to ensure maximum consideration, OMB should receive public comments by March 6, 2017.

Public Comment Policy: We will post all comments, including names and addresses of respondents at http://www.regulations.gov. Before including Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal information in your comment(s), you should be aware that your entire comment (including PII) may be made available to the public at any time. While you may ask us, in your comment, to withhold PII from public view, we cannot guarantee that we will be able to do so. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination (“ID”) (Order No. 27) of the presiding
September 7, 2016, the Commission determined to review the ID, and on review, vacated and remanded for the ALJ to continue the investigation as to the ‘332 patent and the ‘377 patent.

On December 23, 2016, Fitbit moved unopposed to terminate the investigation in its entirety based upon withdrawal of the complaint. Fitbit indicated that Jawbone and OUII do not oppose the motion.

On January 3, 2017, the ALJ issued the subject ID (Order No. 27), granting the unopposed motion. The ALJ found that the motion complied with the requirements of Commission Rule 210.21(a)(1) (19 CFR 210.21(a)(1)) and further found that no extraordinary circumstances prohibited granting the motion. None of the parties petitioned for review of the ID.

The Commission has determined not to review the ID. This terminates the investigation.

By order of the Commission.

Issued: February 1, 2017.

Lisa R. Barton,
Secretary to the Commission.
