agreement (unlike the prior ones) incorporates a method of determining rates for dedicated trains which grants NSR an increment over the Eastern rate basis to equalize the cost of shipments nationwide;

(3) establishes that the movement of these radioactive materials constitutes common carrier service; addresses the elements of service required of NSR; adopts guidelines for safe handling and security; and obligates NSR to provide, as needed, “extra services” as described in the agreement, at the rates agreed upon;

(4) adopts a methodology to:

(a) Apply to all future movements of these radioactive materials in common carrier service. The methodology adopts maximum R/VC markups (not in excess of 1.80, 2.50, or 3.51 times the shipment cost, depending on commodity type, equipment being utilized, and services being performed) of NSR’s most current system-average variable unit costs computed under the Board’s Uniform Railroad Costing System. The Government agrees to limit the application of the Eastern rate basis established in the Eastern Case to the former lines of those railroads specifically listed in the Eastern Case; and

(b) compensate NSR for “extra services” and dedicated train service, when requested by the Government, and procedures to calculate “Equitable Compensation” for emergency-related costs that NSR may incur;

(5) adopts a procedure to update compensation for rates and “extra services” annually to reflect changes in NSR’s system-average unit costs;

(6) extinguishes NSR’s liability (and that of its predecessors and subsidiaries) for reparations in all matters arising out of these proceedings; and

(7) adopts alternative dispute resolution procedures with final recourse to the Board and mechanisms to renegotiate portions of the agreement in a limited number of circumstances or if changed circumstances make further adherence to the terms of the agreement “grossly inequitable” to either party.

Movants request that the Board:

(1) Prescribe the rate methodology and maximum R/VC ratios that have been agreed to for the radioactive materials and rail services that are the subject of the agreement; (2) dismiss NSR as a defendant in these proceedings, extinguish NSR’s liability for reparations in all matters arising out of these proceedings, and relieve NSR from any further requirement to participate in these proceedings (except in response to a properly issued subpoena under the Board’s rules); (3) retain jurisdiction over these proceedings and continue to hold them in abeyance pending further settlement negotiations; and (4) publish notice of their motion and the proposed NSR Settlement Agreement in the Federal Register and adopt a procedural schedule for the filing of comments and replies.

The Board will grant Movants’ request in part at this time. Notice of the motion and proposed NSR Settlement Agreement will be published in the Federal Register. A procedural schedule will be adopted for the filing of comments on the proposed settlement agreement as well as to permit replies responsive to Movants’ remaining requests. Comments are due by March 20, 2017. Reply comments are due by April 19, 2017. Comments should also address whether it is appropriate to close these dockets.2

It is ordered:

1. Movants’ request that notice of their motion and proposed agreement be published in the Federal Register is granted.

2. Movants and interested persons must comply with the procedural schedule and requirements outlined above.

3. This decision is effective on its date of service.

By the Board, Rachel D. Campbell, Director, Office of Proceedings.

Marline Simeon,
Clearance Clerk.

1 In NSR Settlement Decision, slip op. at 11–12, the Board (at CSX Transportation, Inc.’s request) held that “future settlement agreements in these proceedings need not be submitted to the Board for formal approval to the extent the signatories do not request, and their agreements are not contingent on, rate prescriptions.” Since then, the quarterly status reports filed by the Department of Energy refer only to negotiations with NSR. As such, it is not clear whether there are other remaining railroads with whom the Government is engaged in negotiations.

2 SWRR states that there are no mileposts associated with the approximately 8.1 miles of rail lines located in the Carlsbad Yard.

3 See Sw. R.R.—Lease & Operation Exemption—Burlington N. & Sante Fe Ry., FD 34533 (STB served Oct. 22, 2004). SWRR states that SWRR and BNSF have amended the lease agreement five times since its inception.

4 See Sw. R.R.—Lease & Operation Exemption—Burlington N. & Sante Fe Ry., FD 34533 (Sub-No. 1) (STB served Aug. 12, 2016).
Any documentation in SWRR’s possession will be made available promptly to those requesting it.

SWRR asserts that, because it is terminating operations over its entire system, the employee protective conditions set forth in Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho, 360 I.C.C. 91 (1979), should not be imposed.4 Because this is a discontinuance proceeding and not an abandonment proceeding, trail use/rail banking and public use conditions are not appropriate. Because there will be environmental review during abandonment, this discontinuance does not require an environmental review.

By issuance of this notice, the Board is instituting an exemption proceeding pursuant to 49 U.S.C. 10502(b). A final decision will be issued by May 5, 2017. Any offer of financial assistance (OFA) under 49 CFR 1152.27(b)(2) to subside continued rail service will be due no later than May 15, 2017, or 10 days after service of a decision granting the petition for exemption, whichever occurs first. Each OFA must be accompanied by a $1,700 filing fee. See Regulations Governing Fees for Servs. Performed in Connection with Licensing & Related Servs.—2016 Update, EP 542 (Sub-No. 24) (STB served August 2, 2016).

All filings in response to this notice must refer to Docket No. AB 1251X and must be sent to: (1) Surface Transportation Board, 305 E Street SW., Washington, DC 20423–0001; and (2) William A. Mullins and Crystal M. Zorbaugh, Baker and Miller PLLC, 2401 Pennsylvania Ave. NW., Suite 300, Washington, DC 20037. Replies to the petition are due on or before February 6, 2017.

Persons seeking further information concerning discontinuance procedures may contact the Board’s Office of Public Assistance, Governmental Affairs, and Compliance at (202) 245–0238 or refer to the full abandonment or discontinuance regulations at 49 CFR part 1152. Questions concerning environmental issues may be directed to the Board’s Office of Environmental Analysis at (202) 245–0305. Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at 1–800–877–8339.

Decided: February 1, 2017.

SWRR explains that it is discontinuing its operations pursuant to a lease over the Carlsbad Division in this proceeding and selling its Whitewater Division in an unrelated proceeding. See N.M. Cent.
