Fisheries of the Exclusive Economic Zone Off Alaska; Allow the Use of

Longline Pot Gear in the Gulf of Alaska

Sablefish Individual Fishing Quota

Fishery; Amendment 101; Correction

AGENCY: National Marine Fisheries

Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA),

Commerce.

ACTION: Stay of final rule; correction.

SUMMARY: NMFS published a “Stay of

final rule” on January 31, 2017—in

accordance with the memorandum of

January 20, 2017, from the Assistant to

the President and Chief of Staff, entitled

“Regulatory Freeze Pending Review,”

published in the Federal Register on

January 24, 2017 (the Memorandum)—

to delay the effective date of the final

rule NMFS published on December 28,

2016. This notification corrects the

effectiveness date from “March 12,

2017” to “March 11, 2017.” For

consistency and clarity, the complete

new DATES section has been set out

below in its entirety.

DATES: Effective February 7, 2017, the

final rule amending 15 CFR part 902, and

50 CFR parts 300 and 679, that

published on December 28, 2016, at 81

FR 95435, is stayed to March 11, 2017.

SUPPLEMENTARY INFORMATION:

Background

On December 28, 2016, NMFS

published this final rule to implement

Amendment 101 to the Fishery

Management Plan for Groundfish of the

Gulf of Alaska (GOA FMP) for the

sablefish individual fishing quota (IFQ)

fisheries in the Gulf of Alaska (GOA).

This final rule authorizes the use of

longline pot gear in the GOA sablefish

IFQ fishery. In addition, this final rule

establishes management measures to

minimize potential conflicts between

hook-and-line and longline pot gear

used in the sablefish IFQ fisheries in the

GOA. This final rule also includes

regulations developed under the

Northern Pacific Halibut Act of 1982

(Halibut Act) to authorize harvest of

halibut IFQ caught incidentally in

longline pot gear used in the GOA

sablefish IFQ fishery. This final rule

is necessary to improve efficiency and

provide economic benefits for the

sablefish IFQ fleet and minimize potential

fishery interactions with

dolphins and seabirds. This action

is intended to promote the goals and

objectives of the Magnuson-Stevens

Fishery Conservation and Management

Act, the Halibut Act, the GOA FMP, and

other applicable laws.

On January 20, 2017, the White House

issued a memo instructing Federal

agencies to temporarily postpone the

effective date for 60 days after January 20,

2017, of any regulations or guidance

documents that have published in the

Federal Register but not yet taken effect,

for the purpose of “reviewing questions

of fact, law, and policy they raise.”

Because its effective date has already

passed, we enacted a stay of the rule

published on December 28, 2016, at 81

FR 95435 (see DATES above) until March

12, 2017, in a “Stay of final rule”
document published on January 31,

2017 (82 FR 8810).

Need for Correction

After the “Stay of final rule” published on January 31, 2017, NMFS is

correcting the effective date of “March 12,

2017” to “March 11, 2017” to better

align with current fisheries management
goals. NMFS publishes this notification
to correct the stay of effective date.

Corrections

In the Federal Register of January 31,

12, 2017” is corrected to read “March

11, 2017” in the following places:

1. In the DATES section on page 8810

in the second column, which is also set

out in its entirety above for clarity and

consistency;

2. On page 8810, third column,

second paragraph, last sentence; and

3. On page 8811, in the following

amendatory instructions: 2, 4, 6, 7, 8, 9,

10, 11, 12, 13, and 14.

Authority: 16 U.S.C. 1801 et seq.

Alan D. Risenhoover,

Acting Deputy Assistant Administrator for

Regulatory Programs, National Marine

Fisheries Service.
