

operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)³⁷ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. In its filing with the Commission, the Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The Commission notes that waiver of the operative delay will allow the proposed rules to become operative before the Exchange intends to commence operations as a national exchange on February 6, 2017. The Commission notes that the proposed rule change is based on substantively identical rules of MIAX Options and thus raises no new novel or substantive issues. Accordingly, the Commission hereby waives the operative delay and designates the proposal operative upon filing.³⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
