

from the operating regulations is authorized under 33 CFR 117.35.

## II. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, visit <http://www.regulations.gov/privacynotice>.

Documents mentioned in this notice as being available in the docket and all public comments, will be in our online docket at <http://www.regulations.gov>, and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

Dated: March 7, 2018.

**Steven M. Fischer,**

*Bridge Administrator, Thirteenth Coast Guard District.*

BILLING CODE 9110-04-P

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

### 33 CFR Part 165

[Docket Number USCG-2018-0006]

RIN 1625-AA00

### Safety Zone; Tennessee River, Huntsville, AL

**AGENCY:** Coast Guard, DHS.

**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a temporary safety zone for

all navigable waters of the Tennessee River from mile marker (MM) 322.0 to MM 325.0. The safety zone is necessary to provide for the safety of life and vessels during cargo transfer operations taking place at Redstone Arsenal. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Sector Ohio Valley (COTP) or a designated representative.

**DATES:** This rule is effective without actual notice from March 13, 2018 through March 16, 2018, or until the cargo operation ceases, whichever comes first. For the purposes of enforcement, actual notice will be used from March 5, 2018 through March 13, 2018.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG-2018-0006 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Petty Officer Vera Max, MSD Nashville, U.S. Coast Guard; telephone 615-736-5421, email [MSDNashville@uscg.mil](mailto:MSDNashville@uscg.mil).

#### SUPPLEMENTARY INFORMATION:

##### I. Table of Abbreviations

BNM	Broadcast Notice to Mariners
CFR	Code of Federal Regulations
COTP	Captain of the Port Sector Ohio Valley
DHS	Department of Homeland Security
LNM	Local Notice to Mariners
FR	Federal Register
MM	Mile marker
NPRM	Notice of proposed rulemaking
§	Section
U.S.C.	United States Code

##### II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We must establish this safety zone by March 5, 2018 and lack sufficient time to provide a reasonable

comment period and then consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because the event will take place before the 30 days and this rule is necessary to provide for public safety against the potential hazards associated with this cargo transfer operation.

##### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Sector Ohio Valley (COTP) has determined that potential hazards associated with a cargo transfer operation taking place at Redstone Arsenal during the period from March 5, 2018 through March 16, 2018 will be a safety concern for all navigable waters of the Tennessee River between mile markers (MMs) 322.0 and 325.0. The purpose of this rule is to ensure safety of life on the navigable waters in the temporary safety zone before, during, and after the cargo transfer operations.

##### IV. Discussion of the Rule

This rule establishes a temporary safety zone from March 5, 2018 through March 16, 2018, or until the cargo operation is completed, whichever comes first. The temporary safety zone will cover all navigable waters of the Tennessee River between MMs 322.0 and 325.0. Transit into and through this area is prohibited during periods of enforcement. The periods of enforcement will be prior to, during, and 30 minutes after any vessel movement and cargo transfer operations at Redstone Arsenal. The Coast Guard was informed that the operations will take place during daylight hours over approximately two days. Safety zone enforcement times will be announced via Broadcast Notice to Mariners (BNM), Local Notices to Mariners (LNM), or through other means of public notice and at least 1 hour notice will be provided before each enforcement period.

The duration of the temporary safety zone is intended to ensure the safety of life and vessels on these navigable waters before, during, and after the cargo transfer operations taking place at Redstone Arsenal. All vessels intending to transit the Tennessee River between MMs 322.0 and 325.0 from March 5, 2018 through March 16, 2018 must contact the COTP or a designated representative to request permission to transit at a time when critical operations

are not taking place. Entry into this safety zone is prohibited unless specifically authorized by the COTP or a designated representative. Entry requests will be considered and reviewed on a case-by-case basis. The COTP may be contacted by telephone at 1-800-253-7465 or can be reached by VHF-FM channel 16.

#### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive Orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

##### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-year of the temporary safety zone. This safety zone prohibits transit on a three mile stretch of the Tennessee River only during critical cargo transfer operations at Redstone Arsenal over approximately two days, during a time of year that experiences lower than normal traffic. Broadcast Notices to Mariners and Local Notices to Mariners will also inform the community of the safety zone enforcement periods through BNM, LNM, and other means of public notice so that they may plan accordingly for each enforcement period restricting transit. Vessel traffic must request permission from the COTP or a designated representative to enter the restricted area.

##### B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions

with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

##### C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

##### D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial

direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

##### E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

##### F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that would prohibit entry to vessels during cargo transfer operations at Redstone Arsenal. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

##### G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

##### List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and Recordkeeping Requirements, Security Measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

## **PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS**

■ 1. The authority citation for part 165 continues to read as follows:

**Authority:** 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1

■ 2. Add § 165.T08–0006 to read as follows:

### **§ 165.T08–0006 Safety zone; Tennessee River, Huntsville, AL.**

(a) *Location.* The following area is a temporary safety zone area: all navigable waters of the Tennessee River between Mile Marker (MM) 322.0 and MM 325.0, Huntsville, AL.

(b) *Effective date.* This section is effective from March 5, 2018 through March 16, 2018 or until the cargo operation is completed, whichever comes first.

(c) *Periods of enforcement.* This section will be enforced prior to and 30 minutes after all vessel movement and cargo transfer operations taking place at Redstone Arsenal. The Captain of the Port Sector Ohio Valley (COTP) or a designated representative will inform the public through Broadcast Notice to Mariners (BNM), Local Notices to Mariners (LNM), or through other means of public notice at least 1 hour in advance of each enforcement period.

(d) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into this zone is prohibited unless specifically authorized by the COTP or a designated representative. Persons or vessels desiring to enter into or pass through the zone must request permission from the COTP or a designated representative. They may be contacted by telephone at 1–800–253–7465 or on VHF–FM radio channel 16.

(2) Persons and vessels permitted to enter this safety zone must transit at the slowest safe speed and comply with all lawful directions issued by the COTP or a designated representative.

(d) *Informational broadcasts.* The COTP or a designated representative will inform the public through broadcast notices to mariners of the enforcement period for the temporary safety zone as well as any changes in the planned schedule.

Dated: March 5, 2018.

**M.B. Zamperini,**

*Captain, U.S. Coast Guard, Captain of the Port Sector Ohio Valley.*

[FR Doc. 2018–04968 Filed 3–12–18; 8:45 am]

**BILLING CODE 9110–04–P**

## **ENVIRONMENTAL PROTECTION AGENCY**

### **40 CFR Part 52**

**[EPA–R03–OAR–2017–0544; FRL–9975–37–Region 3]**

### **Approval and Promulgation of Air Quality Implementation Plans; Virginia; Revisions to the Regulatory Definition of Volatile Organic Compound**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving two state implementation plan (SIP) revisions (Revision C16 and Revision I16) formally submitted by the Commonwealth of Virginia (Virginia). The revisions pertain to amendments made to the definition of “volatile organic compound” (VOC) in the Virginia Administrative Code to conform with EPA’s regulatory definition of VOC. Specifically, these amendments remove the record keeping and reporting requirements for t-butyl acetate (also known as tertiary butyl acetate or TBAC); Chemical Abstracts Service [CAS] number: 540–88–5) and add 1,1,2,2,-Tetrafluoro-1-(2,2,2-trifluoroethoxy) ethane (also known as HFE-347pcf2; CAS number: 406–78–0) as a compound excluded from the regulatory definition of VOC, which match actions EPA has taken. EPA is approving these revisions to update the definition of VOC in the Virginia SIP in accordance with the requirements of the Clean Air Act (CAA).

**DATES:** This final rule is effective on April 12, 2018.

**ADDRESSES:** EPA has established a docket for this action under Docket ID Number EPA–R03–OAR–2017–0544. All documents in the docket are listed on the <http://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are

available through <http://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information.

**FOR FURTHER INFORMATION CONTACT:** Sara Calcinore, (215) 814–2043, or by email at [calcinore.sara@epa.gov](mailto:calcinore.sara@epa.gov).

### **SUPPLEMENTARY INFORMATION:**

#### **I. Background**

VOCs are organic compounds of carbon that, in the presence of sunlight, react with sources of oxygen molecules, such as nitrogen oxides (NO<sub>x</sub>) and carbon monoxide (CO), in the atmosphere to produce tropospheric ozone, commonly known as smog. Common sources that may emit VOCs include paints, coatings, housekeeping and maintenance products, and building and furnishing materials. Outdoor emissions of VOCs are regulated by EPA primarily to prevent the formation of ozone.

VOCs have different levels of volatility, depending on the compound, and react at different rates to produce varying amounts of ozone. VOCs that are non-reactive or of negligible reactivity to form ozone react slowly and/or form less ozone; therefore, reducing their emissions has limited effects on local or regional ozone pollution. Section 302(s) of the CAA specifies that EPA has the authority to define the meaning of VOC and what compounds shall be treated as VOCs for regulatory purposes. It is EPA’s policy that organic compounds with a negligible level of reactivity should be excluded from the regulatory definition of VOC in order to focus control efforts on compounds that significantly affect ozone concentrations. EPA uses the reactivity of ethane as the threshold for determining whether a compound is of negligible reactivity. Compounds that are less or equally reactive as ethane under certain assumed conditions may be deemed negligibly reactive and, therefore, suitable for exemption by EPA from the regulatory definition of VOC. The policy of excluding negligibly reactive compounds from the regulatory definition of VOC was first laid out in “Recommended Policy on Control of Volatile Organic Compounds” (42 FR 35314, July 8, 1977) and was supplemented subsequently with the “Interim Guidance on Control of Volatile Organic Compounds in Ozone State Implementation Plans” (70 FR 54046, September 13, 2005). The regulatory definition of VOC as well as a list of compounds that are designated by EPA as negligibly reactive can be found at 40 CFR 51.100(s).
