

**FEDERAL COMMUNICATIONS COMMISSION****47 CFR Part 36**

[WC Docket No. 14–130, CC Docket No. 14–130; FCC 18–22]

**Comprehensive Review of the Uniform System of Accounts; Jurisdictional Separations and Referral to the Federal-State Joint Board****AGENCY:** Federal Communications Commission.**ACTION:** Proposed rule.

**SUMMARY:** In this document, the Federal Communications Commission (Commission) seeks comment on its proposal to adopt recommendations from the Federal-State Joint Board on Jurisdictional Separations and to amend the Part 36 jurisdictional separations rules accordingly. Acknowledging the implications that reforms adopted in the *Part 32 Reform Order* would have on the Part 36 rules, the Commission referred to the Federal-State Joint Board on Jurisdictional Separations (Joint Board) consideration of how and when to modify Part 36 to ensure that it is consistent with the Part 32 reforms. The Joint Board issued its Recommended Decision in October 2017. The Commission proposes to adopt each of the Joint Board's recommendations using, with minor exceptions, the amendment language the Joint Board suggested, and seeks comment on these proposals.

**I. Introduction**

1. In the Notice of Proposed Rulemaking (NPRM), the Commission takes steps to harmonize its rules regarding jurisdictional separations to reflect the Commission's actions in February 2017 to reduce and eliminate unnecessary accounting rules. Today, the Commission furthers its goal of updating and modernizing the Commission's rules to minimize outdated compliance burdens on carriers and to free up scarce resources that can accordingly be used to expand modern networks that bring economic opportunity, job creation and civic engagement to all Americans.

2. In the *Part 32 Reform Order*, the Commission amended its Part 32 Uniform System of Accounts (USOA) to streamline or eliminate rules that had outlived their utility. Recognizing that those amendments had implications for its Part 36 jurisdictional separations rules, the Commission referred to the Federal-State Joint Board on Jurisdictional Separations (Joint Board) consideration of how and when the Part 36 rules should be modified to reflect the reforms adopted in the *Part 32 Reform Order*. The Commission asked the Joint Board to consider how the Part 32 reforms “impact Part 36 and consequently the rule changes necessary to ensure the jurisdictional separations rules are consistent” with changes to Part 32. The Commission also asked that the Joint Board “prepare a recommended decision . . . regarding how and when the Commission's jurisdictional separations rules should be modified to reflect the issues in the referral.” The Joint Board released its *Recommended Decision* on October 27, 2017.

3. In this NPRM, the Commission proposes to adopt each of the Joint Board's recommendations and to amend the Part 36 rules consistent with those recommendations. The Commission invites comment on these proposals.

**II. Background**

4. Jurisdictional separations are the third step in a four-step regulatory process used to establish tariffed rates for interstate and intrastate regulated services for incumbent local exchange carriers (LECs). First, carriers record their costs into various accounts in accordance with the USOA prescribed by Part 32 of the Commission's rules. Second, carriers divide the costs in these accounts between regulated and nonregulated activities in accordance with Part 64 of the Commission's rules. This division ensures that the costs of nonregulated activities will not be recovered in regulated interstate service rates. Third, carriers separate the regulated costs between the intrastate and interstate jurisdictions in accordance with the Commission's Part 36 separations rules. This process begins with the carriers assigning regulated costs to various investment and expense categories. In certain instances, carriers further disaggregate costs among service categories. Finally, carriers apportion the interstate regulated costs among the interexchange services and rate elements that form the cost basis for their exchange access tariffs. Carriers subject to rate-of-return regulation perform this apportionment in accordance with Part 69 of the Commission's rules.

5. Historically, Part 32 divided incumbent LECs into two classes for accounting purposes based on an incumbent LEC's annual regulated revenues: Class A incumbent LECs (currently those with regulated annual revenues equal to or greater than \$157 million) and Class B incumbent LECs (currently those with less than \$157 million in annual regulated revenues). Part 32 required Class A carriers to create and maintain substantially more accounts than it required from smaller Class B carriers. In all but one case, Class A carrier accounts could be grouped into sets that were represented by single Class B carrier accounts—that is, such Class A accounts consolidated into, or “rolled up” into Class B accounts.

6. The reforms adopted in the *Part 32 Reform Order* include the elimination of Part 32's distinction between Class A and Class B incumbent LECs. Under the new rules, effective January 1, 2018, all carriers subject to Part 32 are required to keep only the less onerous Class B accounts.

7. At the request of the Commission, the Joint Board considered the impact of the Part 32 reforms on the Part 36 rules and released a recommended decision. In the *Recommended Decision*, the Joint

Board recommends removing all of the provisions in the Part 36 rules that deal with Class A accounts, allowing former Class A carriers (carriers with revenue equal to or greater than \$157 million for calendar year 2016) to select between the former Class A and former Class B procedures for apportioning general support facilities costs, and making certain stylistic and typographical corrections to the Part 36 rules.

### III. Discussion

8. The Commission proposes to adopt each of the Joint Board's recommendations and to amend the Part 36 rules using, with minor exceptions, the language the Joint Board suggests. The Commission invites comment on these proposals. The Commission also welcomes comment on whether it should make other changes to the Part 36 rules to harmonize them with the changes the Commission made to Part 32 in the *Part 32 Reform Order*.

9. First, the Commission proposes to adopt the Joint Board's recommendation to remove from its Part 36 rules all the provisions that deal with Class A accounts, because carriers are no longer be required to keep such accounts since the revised Part 32 rules took effect on January 1, 2018. Under this approach, the Commission proposes to: (a) Delete references to Class A accounts and the phrase "Class B accounts" in Part 32 rules that contain parallel references to Class A accounts and the Class B accounts into which they roll up; (b) delete references to current-year account balances and modify references to Class A carriers in other Part 36 rules; and (c) delete references to Class A accounts in sections 36.501 and 36.505 of the rules. The Commission seeks comment on this proposal as well as on whether there is a different approach it should take in harmonizing the Part 36 rules with the newly amended Part 32 rules.

10. Second, the Commission proposes to amend section 36.112, which concerns the apportionment of general support facilities costs. As the Joint Board observes, this is the only Part 36 rule that provides different separations procedures for Class A and Class B carriers. Consistent with the Joint Board's recommendation, the Commission proposes to allow former Class A carriers (carriers with revenue equal to or greater than \$157 million for calendar year 2016) to select between these two procedures in apportioning their general support facilities costs. The Commission seeks comment on permitting such selections. The Commission also seeks comment on whether each carrier should be permitted to make an election only one

time or be allowed to change the approach it takes over time. What are the practical consequences of permitting carriers to make such elections?

11. Additionally, consistent with the Joint Board's recommendations, the Commission's proposed rule changes include certain stylistic and typographical corrections to the Part 36 rules. For example, the Commission proposes to correct a spelling error in section 36.126(b) and to hyphenate the adjective "twelve month" throughout Part 36. In addition to adopting these corrections, are there other ministerial corrections that the Commission should make to those rules?

12. The Commission also seeks comment on the timing for making these changes to its Part 36 rules. The changes to its Part 32 rules took effect January 1, 2018. Should the Commission make harmonizing changes to its Part 36 rules as soon as practicable, as the Joint Board recommends? Should the Commission make changes effective January 1, 2019? The Commission asks commenters to explain the implications of different effective dates for any changes it makes to harmonize its Part 36 rules with its newly revised Part 32 rules.

### IV. Procedural Matters

#### B. Ex Parte Presentations

14. The proceeding this FNPRM initiates shall be treated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter's written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda

summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission's *ex parte* rules.

#### C. Paperwork Reduction Act

15. This document does not contain proposed information collection(s) subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104–13. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4).

#### D. Initial Regulatory Flexibility Act Analysis

16. As required by the Regulatory Flexibility Act of 1980 (RFA), the Commission has prepared an Initial Regulatory Flexibility Analysis (IRFA) for this Notice of Proposed Rulemaking, of the possible significant economic impact on small entities of the policies and rules addressed in this document. The IRFA is set forth in Appendix C. Written public comments are requested on this IRFA. Comments must be identified as responses to the IRFA and must be filed by the deadlines for comments on the NPRM indicated on the first page of this document. The Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, will send a copy of this Notice of Proposed Rulemaking, including the IRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA).

#### V. Initial Regulatory Flexibility Analysis

17. As required by the Regulatory Flexibility Act of 1980, as amended (RFA), the Commission has prepared this Initial Regulatory Flexibility Analysis (IRFA) of the possible significant economic impact on small entities by the proposals in this Notice of Proposed Rulemaking (Notice). Written public comments are requested on this IRFA. Comments must be identified as responses to the IRFA and must be filed by the deadlines for comments and reply comments on the Notice provided above. The Commission will send a copy of the Notice, including this IRFA, to the Chief Counsel for Advocacy of the Small Business Administration (SBA). In

addition, the Notice and the IRFA (or summaries thereof) will be published in the **Federal Register**.

#### A. Need for, and Objectives of, the Proposed Rules

18. In the *Part 32 Reform Order*, the Commission amended its Part 32 Uniform System of Accounts (USOA) to streamline or eliminate rules that had outlived their utility. Recognizing that those amendments had implications for its Part 36 jurisdictional separations rules, the Commission referred to the Federal-State Joint Board on Jurisdictional Separations (Joint Board) consideration of how and when the Part 36 rules should be modified to reflect the reforms adopted in the *Part 32 Reform Order*. The Commission asked the Joint Board to consider how those reforms “impact Part 36 and consequently the rule changes necessary to ensure the jurisdictional separations rules are consistent” with changes to Part 32. The Commission also asked that the Joint Board “prepare a recommended decision . . . regarding how and when the Commission's jurisdictional separations rules should be modified to reflect the issues in the referral.” The Joint Board released its *Recommended Decision* on October 27, 2017. In this Notice of Proposed Rulemaking (Notice), the Commission invites comment on that *Recommended Decision* and, in particular, on the proposed amendments to the Part 36 rules recommended by the Joint Board. The purpose of those proposed amendments is to ensure that the Part 36 rules are consistent with the amendments to the Part 32 rules adopted in the *Part 32 Reform Order*.

#### B. Legal Basis

19. The legal basis for the Notice of Proposed Rulemaking is contained in sections 1, 2, 4(i), 201–205, 215, 218, 220, and 410 of the Communications Act of 1934, as amended.

#### C. Description and Estimate of the Number of Small Entities to Which Rules May Apply

20. The RFA directs agencies to provide a description of, and, where feasible, an estimate of the number of small entities that may be affected by the proposed rules, if adopted. The RFA generally defines the term “small entity” as having the same meaning as the terms “small business,” “small organization,” and “small governmental jurisdiction.” In addition, the term “small business” has the same meaning as the term “small business concern” under the Small Business Act. A “small business concern” is one which: (1) Is

independently owned and operated; (2) is not dominant in its field of operation; and (3) satisfies any additional criteria established by the Small Business Administration (SBA). Nationwide, there are a total of approximately 27.9 million small businesses, according to the SBA.

21. *Incumbent Local Exchange Carriers*. Neither the Commission nor the SBA has developed a small business size standard specifically for providers of incumbent local exchange services. The closest applicable size standard under the SBA rules is for Wired Telecommunications Carriers. Under the SBA definition, a carrier is small if it has 1,500 or fewer employees. According to the FCC's Telephone Trends Report data, 1,307 incumbent local exchange carriers (LECs) reported that they were engaged in the provision of local exchange services. Of these 1,307 carriers, an estimated 1,006 have 1,500 or fewer employees and 301 have more than 1,500 employees. Consequently, the Commission estimates that most incumbent LECs are small entities that may be affected by the rules and policies adopted herein.

22. The Commission has included small incumbent LECs in this RFA analysis. As noted above, a “small business” under the RFA is one that, *inter alia*, meets the pertinent small business size standard (e.g., a telephone communications business having 1,500 or fewer employees), and “is not dominant in its field of operation.” The SBA's Office of Advocacy contends that, for RFA purposes, small incumbent LECs are not dominant in their field of operation because any such dominance is not “national” in scope. Because the Commission's proposals concerning the Part 36 rules will affect all incumbent LECs, some entities employing 1,500 or fewer employees may be affected by the proposals made in this Notice. The Commission has therefore included small incumbent LECs in this RFA analysis, although it emphasizes that this RFA action has no effect on the Commission's analyses and determinations in other, non-RFA contexts. The Commission notes, however, that proposals in the Notice are focused on incumbent LECs with regulated annual revenues equal to or above \$157 million, a group that excludes many small incumbent LECs.

#### D. Description of Projected Reporting, Recordkeeping, and Other Compliance Requirements

23. None.

*E. Steps Taken To Minimize Significant Economic Impact on Small Entities, and Significant Alternatives Considered*

24. The RFA requires an agency to describe any significant alternatives that it has considered in reaching its proposed approach, which may include (among others) the following four alternatives: (1) The establishment of differing compliance and reporting requirements or timetables that take into account the resources available to small entities; (2) the clarification, consolidation, or simplification of compliance or reporting requirements under the rule for small entities; (3) the use of performance, rather than design, standards; and (4) an exemption from coverage of the rule, or part thereof, for small entities.

25. As discussed above, the purpose of the proposals in this Notice is to ensure that the Part 36 rules are consistent with the amendments to the Part 32 rules adopted in the *Part 32 Reform Order*. The Commission seeks comment on the effects its proposals would have on small entities, and whether any rules that it adopts should apply differently to small entities. The Commission requests commenters to consider the costs and burdens of possible rule amendments on small incumbent LECs and whether such amendments would disproportionately affect specific types of carriers or ratepayers.

26. The Commission believes that the proposed rules would ease the administrative burden of regulatory compliance for incumbent LECs, including any small incumbent LECs those rules might affect. The *Part 32 Reform Order* reduced the number of Part 32 accounts that incumbent LECs with regulated annual revenues equal to or above \$157 million are required to keep, and the proposed amendments to Part 36 would carry forward those reductions into the jurisdictional separations process. If those amendments can be said to have any effect under the RFA, it is to reduce a regulatory compliance burden for small incumbent LECs.

*F. Federal Rules That May Duplicate, Overlap, or Conflict With the Proposed Rules*

27. None.

**VI. Ordering Clauses**

28. Accordingly, *it is ordered* that, pursuant to the authority contained in sections 1, 2, 4(i), 201–205, 215, 218, 220, and 410 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 201–205, 215, 218, 220, 410,

this Notice of Proposed Rulemaking is adopted.

29. *It is further ordered* that the Commission's Consumer and Governmental Affairs Bureau, Reference Information Center, shall send a copy of this Notice of Proposed Rulemaking, including the Initial Regulatory Flexibility Analysis, to the Chief Counsel for Advocacy of the Small Business Administration.
