

investigation of this proceeding.¹⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: March 5, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix—List of Topics Discussed in the Preliminary Decision Memorandum

1. Background
2. Scope of the Order
3. Date of Sale
4. Comparisons to Normal Value
 - A. Product Comparisons
 - B. Determination of Comparison Method
 - C. Export Price
 - D. Normal Value
 1. Home Market Viability
 2. Level of Trade
 3. Cost of Production
 4. Calculation of Normal Value Based on Comparison Market Prices
 5. Price-to-Constructed Value Comparison
 - E. Currency Conversion
5. Recommendation

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG070

Endangered and Threatened Species; Take of Anadromous Fish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

¹⁶ See Notice of Final Determination of Sales at Less Than Fair Value: Stainless Steel Butt-Weld Pipe Fittings from Italy, 65 FR 81830 (December 27, 2000).

SUMMARY: This notice advises the public that a direct take permit has been issued pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973 (ESA) for a program rearing and releasing summer steelhead in the Wenatchee River basin of Washington state (Columbia River basin). The permit is issued to the Public Utility District of Chelan County and the Washington Department of Fish and Wildlife.

DATES: The permit was issued on December 26, 2017, subject to certain conditions set forth therein. Subsequent to issuance, the necessary countersignatures by the applicants were received. The permit expires on December 31, 2027.

ADDRESSES: Requests for copies of the decision documents or any of the other associated documents should be addressed to the NMFS Sustainable Fisheries Division, 1201 NE Lloyd Blvd. #1100, Portland, OR 97232.

FOR FURTHER INFORMATION CONTACT: Emi Kondo at (503) 736-4739 or by email at emi.kondo@noaa.gov.

SUPPLEMENTARY INFORMATION: This notice is relevant to the following species and evolutionarily significant unit (ESU)/distinct population segment (DPS):

Steelhead (*O. mykiss*): Threatened, naturally produced and artificially propagated Upper Columbia River.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: March 8, 2018.

Donna S. Wieting,

Director, Office of Protected Resources, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Department of the Army

[Docket ID: USA-2018-HQ-0005]

Proposed Collection; Comment Request

AGENCY: U.S. Army Public Health Center (APHC), DoD.

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the U.S. Army Public Health Center (APHC) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by May 14, 2018.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate for Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09B, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

Any associated form(s) for this collection may be located within this same electronic docket and downloaded for review/testing. Follow the instructions at <http://www.regulations.gov> for submitting comments. Please submit comments on any given form identified by docket number, form number, and title.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the Army Public Health Center (APHC), ATTN: Dr. Coleen Baird, 5158 Blackhawk Road, Aberdeen Proving Ground, MD 21010-5403, or call APHC Environmental Medicine Division at (410) 436-2714.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Evaluation of Health Status of an Infantry Battalion Following Deployment in Support of Operation Iraqi Freedom in 2004-2005; OMB Control Number 0702-XXXX.

Needs and Uses: The information collection requirement is necessary to assess and evaluate the self-reported post-deployment health status of selected soldiers who operated in the

vicinity of Mosul, Iraq in 2004 (e.g., 1–24 Infantry Battalion). The data collected from the survey will be used to compare the health of current and former U.S. Army personnel after their initial deployment in support of Operation Iraqi Freedom (OIF) to that of a subset of Millennium Cohort Study participants. This evaluation is being conducted at the request of the Army Chief of Staff.

Affected public: Individuals or Households.

Annual burden hours: 3,500.

Number of respondents: 3,500.

Responses per respondent: 1.

Annual responses: 3,500.

Average burden per response: 60 minutes.

Frequency: One time.

Respondents are former soldiers who deployed in support of OIF. The post-deployment health survey will record self-reported health topics, including medical conditions, health behaviors, and exposures that may have affected the health of soldiers and veterans. The data from the completed survey will be used to compare the health status of members of the 1–24 Infantry Battalion (1–24 IN) who deployed to Mosul, Iraq in 2004–2005 and a similar exposure group consisting of other personnel in the 1st Stryker Brigade Combat Team (SBCT) to a comparable set of soldiers and veterans participating in a separate and not related Millennium Cohort Study. A deployment and environmental health surveillance investigation conducted by the APHC in 2014 was unable to discern etiologic elements connecting the multitude of health conditions and symptoms experienced by a small subset of the 1–24 IN. Deployment-associated environmental exposures which may have increased the risk of developing these conditions were not identified; however, a comprehensive comparative evaluation that includes self-reported data and all former members of the 1–24 IN who served in Mosul has not been conducted.

Dated: March 8, 2018.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 3710–08–P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD–2016–OS–0086]

Notice of Availability for Finding of No Significant Impact for the Environmental Assessment Addressing Defense Logistics Agency Disposition Services Relocation and Expansion at Defense Supply Center Richmond, Virginia

AGENCY: Defense Logistics Agency (DLA), Department of Defense.

ACTION: Notice of availability (NOA).

SUMMARY: On August 17, 2016, DLA published a NOA in the **Federal Register** announcing the publication of the Environmental Assessment (EA) Addressing Defense Logistics Agency Disposition Services Relocation and Expansion at Defense Supply Center Richmond, Virginia. The EA was available for a 30-day public comment period that ended September 16, 2016. DLA considered all comments prior to making the determination to proceed with this Finding of No Significant Impact (FONSI).

FOR FURTHER INFORMATION CONTACT: Ira Silverberg at 703–767–0705 during normal business hours Monday through Friday, from 8:00 a.m. to 4:30 p.m. (EST) or by email: ira.silverberg@dla.mil.

SUPPLEMENTARY INFORMATION: The EA was prepared as required under the National Environmental Policy Act (NEPA) of 1969. In addition, the EA complied with DLA Regulation 1000.22. DLA completed an EA to address the potential environmental consequences associated with the Proposed Action at Defense Supply Center Richmond. This FONSI incorporates the EA by reference and summarizes the results of the analyses in the EA. Additionally, this FONSI documents the decision of DLA to implement the Proposed Action at Defense Supply Center Richmond. DLA has determined that the Proposed Action is not a major federal action significantly affecting the quality of the human environment within the context of NEPA and that no significant impacts on the human environment are associated with this decision.

DLA received two comments during the 30-day public comment period. An anonymous comment, dated September 13, 2016, concurred with DLA that the Proposed Action would not result in a significant impact. The Virginia Department of Environmental Quality (DEQ) coordinated review of the EA by state agencies, planning district

commissions, and Chesterfield County and provided a consolidated comment letter dated September 15, 2016. The Virginia DEQ consolidated comment letter noted the EA did not address potential impacts to land analogous to Chesapeake Bay Preservation Areas. On September 22, 2017, DLA responded to the Virginia DEQ consolidated comment letter. DLA's response letter noted that DLA conducted a wetland delineation, stream assessment, and resource protection area (RPA) delineation and submitted a RPA Designation Application to Chesterfield County requesting redesignation of the RPA within a portion of the proposed 18.2-acre outdoor storage area on March 31, 2017. Chesterfield County confirmed DLA's perennial stream flow determination and RPA designations on April 14, 2017.

DLA determined that the Proposed Action would be consistent, to the maximum extent practicable, with the enforceable policies of Virginia's Coastal Zone Management Program and submitted a coastal zone consistency determination for Virginia DEQ review on June 9, 2016. On August 16, 2016, Virginia DEQ concurred that the Proposed Action would be consistent with Virginia's Coastal Zone Management Program provided DLA obtains all applicable permits and approvals.

The Proposed Action would take place within the Bellwood-Richmond Quartermaster Depot Historic District, which is eligible for listing in the National Register of Historic Places. Pursuant to the National Historic Preservation Act, DLA contacted the State Historic Preservation Officer to conduct Section 106 consultation for the Proposed Action on September 25, 2015. In a letter dated November 2, 2015, the State Historic Preservation Office concurred that the Proposed Action would not adversely affect historic properties.

The EA includes an appendix with the public's comments and DLA's response, coastal zone consistency documentation, and State Historic Preservation Office consultation documents. The revised EA is available electronically at the Federal eRulemaking Portal at <http://www.regulations.gov> within Docket ID: DOD–2016–OS–0086.

Purpose and Need for Action: The purpose of the Proposed Action is to improve the efficiency of DLA Disposition Services operations in the Eastern United States. The Proposed Action is necessary, because the DLA Disposition Services disposal network in the Eastern United States has
