Total Estimated Annual Burden: 2.5 Hours.

There is no change in the method or substance of the collection. The overall reduction in burden hours is a result of economic fluctuation. In particular, the number of respondents has decreased while the reporting frequency and the estimated time per response remain the same.

General Description of Collection: The 1975 Amendments to the Securities Exchange Act of 1934 established a comprehensive framework for the regulation of the activities of municipal securities dealers. Under Section 15B(a) of the Securities Exchange Act, municipal securities dealers which are banks, or separately identifiable departments or divisions of banks engaging in municipal securities activities, are required to be registered with the Securities and Exchange Commission in accordance with such rules as the Municipal Securities Rulemaking Board (MSRB), a rulemaking authority established by the 1975 Amendments, may prescribe as necessary or appropriate in the public interest or for the protection of investors.

One of the areas in which the Act directed the MSRB to promulgate rules is the qualifications of persons associated with municipal securities dealers as municipal securities principals and municipal securities representatives. The MSRB Rules require persons who are or seek to be associated with municipal securities dealers as municipal securities principals or municipal securities representatives to provide certain background information and conversely, require the municipal securities dealers to obtain the information from such persons. Generally, the information required to be furnished relates to employment history and professional background including any disciplinary sanctions and any claimed bases for exemption from MSRB examination requirements.

The FDIC and the other two Federal bank regulatory agencies, the Comptroller of the Currency, and the Federal Reserve Board, have prescribed Forms MSD–4 to satisfy these requirements and have prescribed Form MSD–5 for notification by a bank municipal securities dealer that a municipal securities principal’s or a municipal securities representative’s association with the dealer has terminated and the reason for such termination. State nonmember banks and state savings associations that are municipal security dealers submit these forms, as applicable, to the FDIC as their appropriate regulatory agency for each person associated with the dealer as a municipal securities principal or municipal securities representative.

2. Title: Request for Deregistration for Registered Transfer Agents.

There is no change in the method or substance of the collection. There is an overall reduction in burden hours which is the result of (1) economic fluctuation reflected by a decrease in the number of FDIC-supervised institutions and (2) a decrease in the number of requests for deregistration of a registered transfer agent forms submitted to the FDIC.

General Description of Collection: Under the Securities Exchange Act of 1934 (15 U.S.C. 78q–1), an insured nonmember bank (or a subsidiary of such a bank) that functions as a transfer agent may withdraw from registration as a transfer agent by filing a written notice of withdrawal with the FDIC. The FDIC requires such banks to file FDIC Form 6342/12 as the written notice of withdrawal.
