

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Waiver of Aeronautical Land-Use Assurance: The Eastern Iowa Airport, (CID) Cedar Rapids, IA**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Intent of Waiver with respect to land.

SUMMARY: The Federal Aviation Administration (FAA) is considering a proposal from the City of Cedar Rapids (sponsor), Cedar Rapids, IA, to release 3 tracts totaling 489.72 + (Tract 1: 259.88 + acres, Tract 2: 215.52 + acres and Tract 3: 14.32 + acres) of land from the federal obligation dedicating it to aeronautical use and to authorize these parcels to be used for revenue-producing, non-aeronautical purposes.

DATES: Comments must be received on or before February 8, 2018.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Lynn D. Martin, Airports Compliance Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Marty Lenss, CM, 2515 Arthur Collins Parkway SW, Cedar Rapids, IA 52404-8952, (319) 362-3131.

FOR FURTHER INFORMATION CONTACT: Lynn D. Martin, Airports Compliance Specialist, Federal Aviation Administration, Airports Division, ACE-610C, 901 Locust, Room 364, Kansas City, MO 64106, Telephone number (816) 329-2644, Fax number (816) 329-2611, email address: lynn.martin@faa.gov.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to change approximately 489.72 + acres of airport property at The Eastern Iowa Airport (CID) from aeronautical use to non-aeronautical for revenue producing use. The tracts of land are located along the Northern boundary of the airport, near 76th Avenue SW and on the corner of 76th Ave. SW and Edgewood Road SW and the corner of 76th Ave. and 18th St. SW. These tracts will be used for light industrial/business park.

No airport landside or airside facilities are presently located on these tracts, nor are airport developments contemplated in the future. There is no current use of the surface of these tracts. The tracts will serve as revenue producing lots with the proposed

change from aeronautical to non-aeronautical. The request submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the change to non-aeronautical status of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

The Eastern Iowa Airport (CID) is proposing the release of three tracts of land totaling 489.72 more or less acres from aeronautical to non-aeronautical. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The rental of the subject property will result in the land at The Eastern Iowa Airport (CID) being changed from aeronautical to nonaeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c) (2)(B)(i) and (iii), the airport will receive fair market rental value for the property. The annual income from rent payments will generate a long-term, revenue-producing stream that will further the Sponsor's obligation under FAA Grant Assurance number 24, to make The Eastern Iowa Airport as financially self-sufficient as possible.

Following is a legal description of the subject airport property at The Eastern Iowa Airport (CID):

Legal Description Tract 1

A tract of land located in Section 24, Township 82 North, Range 8 West of the fifth principal meridian, Linn County, Iowa, more particularly described as follows:

DEPARTMENT OF TRANSPORTATION

[Docket No. NHTSA-2017-0106]

Notice and Request for Comments

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Notice and request for comments.

SUMMARY: The Department of Transportation (DOT) invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. Before a Federal agency can collect certain information from the public, it must receive approval from the Office of Management and Budget (OMB). Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collections of information, including extensions and reinstatement of previously approved collections.

DATES: Written comments should be submitted by March 12, 2018.

ADDRESSES: You may submit comments using any of the following methods:

- *Electronic submissions:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Mail or Hand Delivery:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building, Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except on Federal holidays.

- Comments may also be faxed to (202) 293-2251.

- *Instructions:* Each submission must include the Agency name and Docket number for the proposed collection of information.

FOR FURTHER INFORMATION CONTACT: Walter Culbreath, NIO-0300, (202) 366-1566, Office of the Chief Information Officer, W51-316, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 2127-0682.

Type of Review: Renewal of a currently approved information collection.

Abstract: The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery.

This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency (if released, the agency must indicate the qualitative nature of the information);

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Estimated Number of Respondents: 113,582.

Frequency: Once per request.

Number of Responses: 113,582.

Estimated Total Annual Burden: 20,204.
