Background

FMCSA registers for-hire motor carriers under 49 U.S.C. 13902, surface freight forwarders under 49 U.S.C. 13903, and property brokers under 49 U.S.C. 13904. Each registration is effective from the date specified under 49 U.S.C. 13905(c). 49 CFR part 365.413 states for-hire motor carriers, brokers and freight forwarders are required to notify the Office of Registration and Safety Information when they change the name or form of business. Currently, the name change request can be filed online through the Licensing and Insurance (L&I) website, or companies can fax or mail a letter requesting either name or address changes. Carriers can also request reinstatement of a revoked operating authority either via fax or online via the L&I website. About 39% of name change, address change, and reinstatement requests are received by mail; 38% are filed online; and 23% are filed by faxing a request letter to MC–RS. The information collected is then entered into the L&I database by FMCSA staff. This enables FMCSA to maintain up-to-date records so that the agency can recognize the entity in question in case of enforcement actions or other procedures required to ensure that the carrier is fit, willing and able to provide for-hire transportation services, and so that entities whose authority has been revoked can resume operation if they are not otherwise blocked from doing so. This multi-purpose form simplifies the process of gathering the information needed to process the entities’ requests in a timely manner, with the least amount of effort for all parties involved. This multi-purpose form is filed by registrants on an as-needed basis. This multi-purpose form is on the FMCSA website so entities could access and print/fax/email the form to MC–RS.

The form prompts users to report the following data points (whichever are relevant to their records change request): (1) What are the legal/doing business as (dba) names of the entity/ representative? (2) What is the contact information of entity/representatives (phone number, address, fax number, email address)? (3) What are the requested changes to name or address of entity? (4) What is the docket MC/MX/FX number of the entity? (5) What is the US DOT number of the entity? (6) Is there any change in ownership, management or control of the entity? (7) What kind of changes is the entity making to the company? (8) Which authority does the entity/representative wish to reinstate, motor carrier or broker? (9) Does the entity/ representative authorize the fee for the name change or reinstatement? (10) Does the entity/representative authorize the reinstatement of operating authority or name/address change? (11) What is the credit card information (name, number, expiration date, address, date) for the card used to pay the fee?

The Agency received three comments on the 60-day notice (82 FR 50481). The comments were not directly related to the information collection. Therefore, FMCSA did not make any changes to the information collection.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FMCSA to perform its functions; (2) the accuracy of the estimated burden; (3) ways for the FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information.
ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that the Truck Renting and Leasing Association Inc. (TRALA) has requested an exemption until December 31, 2018, from the electronic logging device (ELD) requirements for all drivers of property-carrying commercial motor vehicles rented for 30 days or fewer. A waiver for the same purpose and group of drivers was issued to TRALA on January 19, 2018, and expires on April 19, 2018. TRALA states that the waiver period, which is limited to 90 days, is not sufficient to address the ELD problems that they and their short-term lessors are encountering. This request, if granted, would provide rental-vehicle owners, carriers, and drivers with additional time to develop compliance strategies for dealing with the unique issues relating to the use of ELDs in short-term rental vehicles. TRALA believes that the exemption, if granted, would not have any adverse impacts on operational safety, as drivers would continue to remain subject to the hours-of-service regulations as well as the requirements to maintain a paper record of duty status. FMCSA requests public comment on TRALA’s application for exemption.

DATES: Comments must be received on or before April 12, 2018.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the Federal Register (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the Federal Register (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Background

TRALA is a national trade association of companies whose members rent and lease vehicles. TRALA’s membership encompasses the full spectrum of the industry, including major independent firms such as Budget, Enterprise Truck Rental, Penske Truck Leasing, Ryder System, and U Haul, as well as small and medium size businesses that generally participate as members of four leasing group systems, three of which are affiliated with a major manufacturer. TRALA states that it has nearly 500 members whose vehicles account for between 25–30% of all commercial motor vehicles (CMVs) on the highways today.

TRALA advised that operators of short-term CMV rentals face challenges in complying with the ELD requirements that no other segment of the industry faces. Businesses renting CMVs to customers must offer ELD compliance options for a variety of technical platforms. Motor carrier fleets use rental vehicles to meet seasonal
Nearly half the States now impose daily service (HOS) regulations in general. TRALA states that FMCSA has recognized the unique compliance concerns of the short-term CMV rental vehicle market by granting a partial exemption from the ELD requirements for vehicles rented for no longer than 8 days (82 FR 47306, October 11, 2017). In addition, FMCSA has granted an ELD waiver to TRALA until April 19, 2018, for CMVs rented for no longer than 30 days (83 FR 2868, January 19, 2018).

TRALA states that since FMCSA’s October 11, 2017, decision granting an exemption of only 8 days for rental trucks, TRALA members have taken several steps to resolve the ELD issues. These include meeting with customers, building cloud-based portal systems between ELD providers, and purchasing thousands of ELDs for rental trucks. Nevertheless, TRALA members and their customers state that they need additional time to come into full compliance with ELD requirements.

IV. Request for Exemption

TRALA is requesting an exemption until December 31, 2018, from the ELD requirements in 49 CFR part 395, as applied to drivers of property-carrying CMVs rented for any reason for no longer than 30 days. Lessors of short-term CMV rentals are struggling to meet the current April 19, 2018, waiver expiration deadline. TRALA states that its members continue to work diligently with their customers, developing systems that will allow renters to record and report their hours seamlessly, and partnering with ELD providers to give the most options available to rental customers.

According to TRALA, every customer’s needs are unique. An additional period through the end of this year to prepare for this transition would allow their members to continue resolving the issues presented by new technology and the need for individual customer-based compliance strategies. It would also allow lessors to meet seasonal demand for short-term rental vehicles through the holiday season in November and December of this year without disruptions.

TRALA states that allowing short-term CMV rental truck drivers to not comply with ELD requirements until December 31, 2018, will not have any impact on safety, nor will it provide a safe harbor for drivers who may try to avoid compliance with the hours-of-service (HOS) regulations in general. Nearly half the States now impose daily rental fees which are a significant disincentive to rent solely for the purpose of avoiding the ELD regulations.

TRALA also states that, if the exemption is granted, law enforcement officers would be better able to identify short-term rental vehicles. Under 49 CFR 390.21(e), a CMV rented for a period not to exceed 30 days is not required to be marked with the name and USDOT number of the operating motor carrier if the vehicle otherwise is marked with the lessor’s name and USDOT number, and a copy of the rental agreement is carried in the vehicle in accordance with that provision. Enforcement officials inspecting such a vehicle would examine the short-term rental agreement to determine that the ELD requirement does not apply to that vehicle. The official would then check the driver’s paper record of duty status for compliance with the HOS regulations.

According to TRALA, their members represent about 25–30% of CMVs on the road and are a key component of the trucking industry. Allowing a further exemption through December 31, 2018, to continue the transition efforts ongoing since the final rule was published will give all businesses that use rental trucks comfort that systems can be deployed to better address the difficulties confronted by the rental truck market.

A copy of TRALA’s application for exemption is available for review in the docket for this notice.
