

A proposed rule change filed under Rule 19b-4(f)(6)²¹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²² the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay to allow the Shares to immediately be listed and traded on the Exchange pursuant to Rule 14.11(c)(4) instead of Rule 14.11(i). The Exchange represents that the Index would meet the generic listing standards for Managed Fund Shares under Rule 14.11(i)(4)(C), including the exposure to U.S. Treasury futures contracts under Rule 14.11(i)(4)(C)(iv)²³ and the Index would meet all of the Continued Listing Representations, which formed the basis for the Commission's approval in the Order.²⁴ The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.²⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
