

under Commission service contracts with a dollar value of \$100,000 or more.⁹ These subcontractors may already be subject to similar recordkeeping requirements as principal contractors. Consequently, we believe that any additional requirements imposed on subcontractors would not significantly add to the burden estimates discussed above.

Estimate of Reporting Burden

With respect to the reporting burden, we estimate that it would take all contractors on average approximately one hour to retrieve and submit to the OMWI Director the documentation specified in the proposed Contract Standard. We expect to request documentation from up to 100 contractors each year and therefore we estimate the total annual reporting burden to be 100 hours.
