The proposed agreement contains provisions designed to prevent respondent from engaging in similar acts and practices in the future. Consistent with the FTC’s Enforcement Policy Statement on U.S. Origin Claims, Part I prohibits respondent from making U.S.-origin claims for their products unless either: (1) The final assembly or processing of the product occurs in the United States, and all or virtually all ingredients or components of the product are made and sourced in the United States; (2) a clear and conspicuous qualification appears immediately adjacent to the representation that accurately conveys the extent to which the product contains foreign parts, ingredients or components, and/or processing; or (3) for a claim that a product is assembled in the United States, the product’s principal assembly takes place in the United States, and United States assembly operations are substantial.

Part II prohibits respondent from making any country-of-origin claim about a product or service unless the claim is true, not misleading, and respondent has a reasonable basis substantiating the representation. Parts III through V are reporting and compliance provisions. Part III requires the filing of compliance reports within one year after the order becomes final and within 14 days of any change that would affect compliance with the order. Part IV requires respondent to maintain certain records, including records necessary to demonstrate compliance with the order. Part V requires respondent to submit additional compliance reports when requested by the Commission and to permit the Commission or its representatives to interview respondent’s personnel.

Finally, Part VI is a “sunset” provision, terminating the order after twenty (20) years, with certain exceptions. The purpose of this analysis is to aid public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed order or to modify its terms in any way.

By direction of the Commission.

Donald S. Clark,
Secretary.
