

(TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to:

- Review the following fee proposals:
 - a. Regional fee consistency approach;
 - b. Monongahela National Forest fee proposals which include the Hopkins Cabin;
 - c. Wayne National Forest fee proposals reducing trail permit fees for off-highway vehicle (OHV) users and eliminating fees for horse and mountain bike users;
 - d. Hiawatha National Forest fee proposals for Grand Island;
 - e. Chequamegon-Nicolet National Forest fee proposals including new fees at day use sites and one cabin rental, and fee increases for overnight sites; and
 - f. Green Mountain Finger Lakes National Forest fee proposals including new fee at Silver Lake Campgrounds, Texas Falls Day Use Area Pavilion, Grout Pond Campground, Backbone Horse Camp and Potomac Group Camp and Pavilion and fee increases at Chittenden Brook, Moosalamoo Campground, Hapgood Pond Campground, Hapgood Pond Day Use, Hapgood Pond Group Picnic sites, and Blueberry Patch Recreation Area.

Details on all fee proposals can be found by visiting the website in the **SUMMARY** section.

The meeting is open to the public. The agenda will include time for people to make oral statements of three minutes. Individuals wishing to make an oral statement should request in writing by April 9, 2018, to be scheduled on the agenda. Anyone who would like to bring related matters to the attention of the Recreation RAC may file written statements with the Committee's staff before or after the meeting. Written comments and time requests for time to make oral comments must be sent to Joanna Wilson, Eastern Region Recreation RAC Coordinator, 855 South Skylake Drive, Woodland Hills, Utah 84653; or by email to jwilson08@fs.fed.us.

Meeting Accommodations: If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpreting, assistive listening devices, or other reasonable accommodation for access to the facility or proceedings by contacting the person listed in the section titled **FOR FURTHER INFORMATION CONTACT**. All reasonable accommodation requests are managed on a case-by case basis.

Dated: March 6, 2018.

Chris French,

Associate Deputy Chief, National Forest System.

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Notice of Correction to Federal Register Notice for Pilot of USPS Postal Carriers as Census Enumerators During 2018 End-to-End Census Test

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice of correction.

SUMMARY: On September 20, 2017, the Census Bureau published a notice, **Federal Register** Document 2017-20036 (**Federal Register** Volume 82, Number 181, Pages 43934-43935), proposing to conduct a proof of concept study on the use of the United States Postal Service (USPS) Postal Carriers as Census Enumerators in conjunction with the 2018 End-to-End Census Test—Peak Operations. This notice corrects **Federal Register** Document 2017-20036 to cancel this collection after the **Federal Register** Notice was published for public comment.

SUPPLEMENTARY INFORMATION: The Census Bureau cancelled the proof of concept study after determining during discussions with USPS that postal carriers had certain disclosure obligations that made it impossible for them to comply with the strict legal confidentiality requirements under Title 13 governing Census data.

The Census Bureau received a total of twelve sets of comments on the initial **Federal Register** Notice posting, none of which were dispositive. Two sets of comments requested more information or materials about who would be performing enumeration in special situations, including deployed military and others living outside the country at the time of enumeration. The Census Bureau has special operations and procedures for enumeration of people in these situations, and the proposal for use of USPS Postal Carriers as Census Enumerators did not extend to special operations.

Three sets of comments generally expressed support for conducting the pilot. One commenter noted that mail carriers know their area of delivery and the people who live there, also expressing a general concern for the safety of those performing enumeration

activities. Another commenter suggested that part-time carriers would be better as enumerators than full-time carriers due to schedule flexibility and hourly wages, as well as knowledge of more than one carrier route. The third commenter thought the idea was potentially good, but that care would be required in a nationwide implementation and that results from the pilot test would be important.

Seven sets of comments expressed concerns about using Postal Carriers to conduct enumeration activities. These comments generally noted that Postal Carriers already work full-time jobs, that Postal Carriers' familiarity with addresses does not necessarily translate into knowledge of the people living at those addresses, and that using Postal Carriers instead of Census employees would not be economically expedient. The latter comment also referenced a Government Accountability Office report that studied the use of Postal Carriers to conduct enumeration activities. Other commenters stated that Postal Carriers and Enumerators require different skill sets to perform in their respective positions and that using Postal Carriers for enumeration could endanger the public perception of Postal Carriers. Yet other comments stated that the test site was not representative of the communities that typically do not self-respond, that the relationship between Postal Carriers and their customers could affect the quality and completeness of data collected, and that enumerating a housing unit could alter the long-term relationship between Postal Carriers and the residents of that housing unit.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Proposed Information Collection; Comment Request; Service Annual Survey

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information

collections, as required by the Paperwork Reduction Act of 1995.

DATES: To ensure consideration, written comments must be submitted on or before May 21, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at PRAComments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Andrew Baer, U.S. Census Bureau, 8K057, Washington, DC 20233-6500, 301-763-3183, Andrew.L.Baer@Census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Service Annual Survey (SAS), produces annual nationwide estimates of revenue and expenses for service industries. These service industries include all or portions of the following North American Industry Classification System (NAICS) sectors: Utilities (NAICS 22); Transportation and Warehousing (NAICS 48 and 49); Information (NAICS 51); Finance and Insurance (NAICS 52); Real Estate and Rental and Leasing (NAICS 53); Professional, Scientific and Technical Services (NAICS 54); Administrative and Support and Waste Management and Remediation Services (NAICS 56); Educational Services (NAICS 61); Health Care and Social Assistance (NAICS 62); Arts, Entertainment, and Recreation (NAICS 71); Accommodation and Food Services (NAICS 72); and Other Services (NAICS 81).

For most industries, SAS produces estimates of revenue for selected detailed products. The program also collects and publishes information about sales generated from electronic sources (e-commerce). Inventory estimates are produced for selected industries in the Transportation and Information sectors. For industries with a significant non-profit component, separate estimates are developed for taxable firms and organizations exempt from federal income tax.

The Census Bureau is authorized by Title 13, United States Code, to conduct surveys necessary to furnish current data on subjects covered by the major censuses. These surveys provide continuing and timely national statistical data for the period between economic censuses. The SAS is one of multiple Census Bureau surveys that fulfill this role.

Data from the Service Annual Survey are needed to provide a sound statistical basis for the formation of policy by various governmental agencies, private businesses, and trade associations, among other users. The media and the public also rely on these data to understand the health of the U.S. service sector. The Bureau of Economic Analysis, the primary Federal user of these annual program statistics, uses the information in developing the national income and product accounts, compiling benchmark and annual input-output tables, and computing Gross Domestic Product by industry. The Bureau of Labor Statistics uses the data as inputs to its Producer Price Index and in developing productivity measurements. The Centers for Medicare and Medicaid Services use the data in the development of the National Health Expenditure Accounts. The Federal Communications Commission (FCC) uses the data as a means for assessing FCC policy. The Census Bureau uses the data to provide new insight into changing structural and cost conditions that will impact the planning and design of future Economic Census questionnaires.

Among the many private sector entities that rely on SAS data, trade and professional organizations, like the Coalition of Service Industries, use the data to analyze industry trends and benchmark their own statistical programs, develop forecasts, and evaluate regulatory requirements. Private businesses use the data to measure market share, analyze business potential, and plan investment decisions. Private industry also uses the data as a tool for marketing analysis. The media uses the data for news reports and background information.

Through the SAS, the Census Bureau collects data from all of the largest firms in the services sector and from a sample of small- and medium-sized businesses selected using a stratified sampling procedure. The Census Bureau reselects the samples periodically, generally at 5-year intervals. The largest firms in a given industry are always in the sample, while nearly all of the small- and medium-sized firms from the prior sample are replaced following the reselection process. The Census Bureau uses a secure online reporting instrument (Centurion) for all SAS data collection. This electronic system of reporting allows respondents easier access, and more convenience and flexibility than paper survey forms. In rare cases where the company has no access to the internet, the Census Bureau can arrange for the company to provide data to an analyst via telephone.

In an effort to continue to provide quality data, reduce respondent burden, and increase clarity of the surveys, forms have been examined and will be revised where needed. Current research is being conducted to evaluate the possibility of removing expense questions from some or all forms. In addition, a new question about the incidence of telemedicine will be tested as a possible addition to the form for ambulatory health care service providers.

II. Method of Collection

The Census Bureau collects this information via the internet, but in rare cases when respondents have no access to the internet, the Census Bureau will collect the information by telephone.

III. Data

OMB Control Number: 0607-0422.

Form Number(s): The Service Annual Survey program consists of more than 170 unique forms for respondents in different industries, which are too extensive to list here. All SAS forms can be viewed at <https://www.census.gov/programs-surveys/sas/technical-documentation/questionnaire-app.html>.

Type of Review: Regular submission.

Affected Public: Businesses or other for-profit organizations, not-for-profit institutions and Government hospitals located in the United States.

Estimated Number of Respondents: 90,590.

Estimated Time per Response: 3 to 6 hours depending on form.

Estimated Total Annual Burden Hours: 337,958.

Estimated Total Annual Cost to Public: \$0. (This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 131 and 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information

on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Sheleen Dumas,

Departmental Lead PRA Officer, Office of the Chief Information Officer.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-19-2018]

Foreign-Trade Zone 283—Western Tennessee Area; Application for Reorganization, (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Northwest Tennessee Regional Port Authority, grantee of Foreign-Trade Zone 283, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 19, 2018.

FTZ 283 was approved under the ASF by the FTZ Board on October 11, 2012 (Board Order 1851, 77 FR 64463–64464, October 22, 2012), and the service area was expanded on March 1, 2017 (Board Order 2030, 82 FR 13578, March 14, 2017). The zone currently has a service area that includes the Counties of Dyer, Gibson, Haywood, Lake, Lauderdale, Madison, Obion, Tipton, Fayette, Hardeman and McNairy, Tennessee.

The applicant is now requesting authority to expand the service area of the zone to include Crockett County as well as portions of Weakley, Henry, Carroll and Henderson Counties, as described in the application. If

approved, the grantee would be able to serve sites throughout the expanded service area based on companies’ needs for FTZ designation. The application indicates that the proposed expanded service area is adjacent to the Memphis Customs and Border Protection Port of Entry.

In accordance with the FTZ Board’s regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is May 21, 2018. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 5, 2018.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the “Reading Room” section of the FTZ Board’s website, which is accessible via www.trade.gov/ftz. For further information, contact Kathleen Boyce at Kathleen.Boyce@trade.gov or (202) 482-1346.

Dated: March 19, 2018.

Andrew McGilvray,
Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

Order Denying Export Privileges

In the Matter of: Volodymyr Nedoviz, Hudson County Correctional Facility, 30-35 Hackensack Avenue, Kearney, NJ 07032, and with a prior known address at: Pekarskaya Street, Building 37, Apt. 10, Lvov, Ukraine 79000

On January 11, 2018, in the U.S. District Court for the Eastern District of New York, Volodymyr Nedoviz (“Nedoviz”) was convicted of violating Section 38 of the Arms Export Control Act (22 U.S.C. 2778 (2012)) (“AECA”). Specifically, Nedoviz was convicted of knowingly, intentionally and willfully exporting and attempting to export from the United States to Ukraine night vision and thermal imaging equipment designated as defense articles on the

United States Munitions List, namely an Armasight Zeus-Pro 640 2-16x50 (60Hz) Thermal Imaging sighting instrument, without the required U.S. Department of State license. Nedoviz was sentenced to time served, two years of supervised release, a criminal forfeiture of \$2,500, and a special assessment of \$100.

Section 766.25 of the Export Administration Regulations (“EAR” or “Regulations”)¹ provides, in pertinent part, that “[t]he Director of the Office of Exporter Services, in consultation with the Director of the Office of Export Enforcement, may deny the export privileges of any person who has been convicted of a violation of the EAA [Export Administration Act], the EAR, or any order, license, or authorization issued thereunder; any regulation, license or order issued under the International Emergency Economic Powers Act (50 U.S.C. 1701–1706); 18 U.S.C. 793, 794 or 798; section 4(b) of the Internal Security Act of 1950 (50 U.S.C. 783(b)); or section 38 of the Arms Export Control Act (22 U.S.C. 2778).”¹⁵ 15 CFR 766.25(a); *see also* Section 11(h) of the Export Administration Act (“EAA” or “the Act”), 50 U.S.C. 4610(h). The denial of export privileges under this provision may be for a period of up to 10 years from the date of the conviction. 15 CFR 766.25(d); *see also* 50 U.S.C. 4610(h). In addition, Section 750.8 of the Regulations states that the Bureau of Industry and Security’s Office of Exporter Services may revoke any Bureau of Industry and Security (“BIS”) licenses previously issued pursuant to the Act or the Regulations in which the person had an interest at the time of his/her conviction.

BIS has received notice of Nedoviz’s conviction for violating Section 38 of the AECA, and has provided notice and an opportunity for Nedoviz to make a written submission to BIS, as provided in Section 766.25 of the Regulations. BIS has not received a submission from Nedoviz.

Based upon my review and consultations with BIS’s Office of Export Enforcement, including its Director, and the facts available to BIS, I have decided to deny Nedoviz’s export

¹ The Regulations are currently codified in the Code of Federal Regulations at 15 CFR parts 730–774 (2017). The Regulations issued pursuant to the Export Administration Act (50 U.S.C. 4601–4623 (Supp. III 2015) (available at <http://uscode.house.gov>)) (“EAA” or “the Act”). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 15, 2017 (82 FR 39005 (Aug. 16, 2017)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701, *et seq.* (2012)).
