30-Day Notice for the “Acknowledgment of Rights-Holder for Literature: Translation Projects Applications”

AGENCY: National Endowment for the Arts.

ACTION: Notice of submission for OMB review; comment request.

SUMMARY: The National Endowment for the Arts (NEA) has submitted the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995: “*Acknowledgment of Rights-Holder for Literature: Translation Projects Applications.*” Copies of this ICR, with applicable supporting documentation, may be obtained by visiting www.Reginfo.gov.

DATES: Comments should be sent to OMB’s Office of Information and Regulatory Affairs within thirty days of this publication in the **Federal Register**.

ADDRESSES: Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the National Endowment for the Arts, Office of Management and Budget, Room 10235, Washington, DC 20503 (202/395-4718).

FOR FURTHER INFORMATION CONTACT: Jillian Miller, Director of Guidelines and Panel Operations, National Endowment for the Arts, at millerj@arts.gov or 202/682-5504.

SUPPLEMENTARY INFORMATION: The NEA’s Literature: Translation Projects program gives grants to translators of previously written works which may be protected by copyright. The NEA typically requires that these applicants obtain from the publisher the affirmative “right to translate” the work (or, in cases that do not apply to this request that the work be in the public domain). Some publishers, due to industry standard practices, have refused to provide applicants with the “right to translate” but do not object to the work being translated. In order to ensure that these otherwise qualified applicants are eligible, the NEA proposes to use this form in which a non-applicant rights-holder affirmatively acknowledges and approves of the applicant’s project.

Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2.) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3.) Enhance the quality, utility and clarity of the information to be collected; (4.) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and (5.) Estimate the capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

NUCLEAR REGULATORY COMMISSION

[NRC-2017-0235]

Licensing Support Network Advisory Review Panel: Revised Meeting Notice

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of meeting; revised; request for comments.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) will convene a meeting of the Licensing Support Network Advisory Review Panel (LSNARP) on February 27–28, 2018, at the NRC’s Headquarters Offices in Room 01C3, Three White Flint North Building, 11601 Landsdown Street, Rockville, Maryland 20852. The NRC has revised the meeting date from January 30–31 to February 27–28, 2018, to allow more time to evaluate options for the potential reconstitution or replacement of the Licensing Support Network (LSN).

The meeting is being held to carry out the NRC’s responsibilities under the U.S. Court of Appeals for the District of Columbia Circuit’s decision in the case *In re Aiken County*, 645 F.3d 428 (D.C. Cir. 2011), and the Commission’s July 31, 2017, direction in the Staff Requirements Memorandum associated with COMSECY-17-0019 that a next step in the Yucca Mountain licensing process is for the NRC to initiate information-gathering activities regarding reinstating or replacing the LSN. The LSN, which was used to make documentary material associated with the Yucca Mountain adjudicatory proceeding available to hearing participants and the public, was decommissioned when the adjudication was suspended in 2011. The information being collected will assist the Commission in making efficient, informed decisions concerning appropriate means for reconstituting the LSN’s functionality if the currently-suspended Yucca Mountain adjudication were to re-commence in the future.

The meeting will be open to the public pursuant to the Federal Advisory Committee Act (FACA) (Pub. L. 94-463, 86 Stat. 770-776) and will be conducted
