## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket Nos. CP18-102-000; CP18-103-000]

#### **Cheyenne Connector, LLC; Rockies Express Pipeline LLC; Notice of Meeting Attendance**

The environmental staff of the Federal Energy Regulatory Commission (Commission) will attend three informational public open house meetings sponsored by Cheyenne Connector, LLC and Rockies Express Pipeline LLC. The project sponsor (Tallgrass Energy Partners, LP) will have information on hand for two of its related proposed projects in Weld County, Colorado: The Cheyenne Connector Pipeline (approximately 70 miles of new 36-inch-diameter pipeline and five new meter and regulating stations) and the REX Cheyenne Hub Enhancement (a new 32,100 horsepower compressor station as well as modifications to the existing Cheyenne Hub facility). The meetings will be on April 3, 4, and 5, 2018, in Platteville, Eaton, and Kersey, Colorado, respectively.

Commission staff will be present to explain the Commission's environmental review process and answer related questions. For more information about the projects, including meeting details, visit Tallgrass Energy Partners, LP's website at [www.tallgrassenergylp.com/Projects.aspx](http://www.tallgrassenergylp.com/Projects.aspx). Project-related questions can be directed to [AskCheyenneConnector@tallgrassenergylp.com](mailto:AskCheyenneConnector@tallgrassenergylp.com) (or call 855-288-3997); or [AskCheyenneHub@tallgrassenergylp.com](mailto:AskCheyenneHub@tallgrassenergylp.com) (or call 855-211-1262).

Dated: March 16, 2018.

**Nathaniel J. Davis, Sr.,**

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-9975-26—Region 6]

### **Clean Air Act Operating Permit Program; Petitions for Objection to State Operating Permit for ExxonMobil Corporation, ExxonMobil Baytown Olefins Plant, Harris County, Texas**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final Order on Petition for objection to Clean Air Act title V operating permit.

**SUMMARY:** The Environmental Protection Agency (EPA) Administrator signed an Order dated March 1, 2018, denying a Petition dated August 8, 2016 from the Environmental Integrity Project, Sierra Club, and Air Alliance Houston. The Petition requested that the EPA object to a Clean Air Act (CAA) title V operating permit issued by the Texas Commission on Environmental Quality (TCEQ) to ExxonMobil Corporation (ExxonMobil) for its Baytown Olefins Plant located in Harris County, Texas.

**ADDRESSES:** The EPA requests that you contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section to view copies of the final Order, the Petition, and other supporting information. You may review copies of the final Order, the Petition, and other supporting information at the EPA Region 6 Office, 1445 Ross Avenue, Dallas, Texas 75202-2733. You may view the hard copies Monday through Friday, from 9 a.m. to 3 p.m., excluding federal holidays. If you wish to examine these documents, you should make an appointment at least 24 hours before the visiting day. Additionally, the final Order and Petition are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

**FOR FURTHER INFORMATION CONTACT:** Aimee Wilson, EPA Region 6, (214) 665-7596, [wilson.aimee@epa.gov](mailto:wilson.aimee@epa.gov).

**SUPPLEMENTARY INFORMATION:** The CAA affords EPA a 45-day period to review and object to, as appropriate, operating permits proposed by state permitting authorities under title V of the CAA. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of the EPA's 45-day review period if the EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the

petitioner demonstrates that it was impracticable to raise these issues during the comment period or unless the grounds for the issue arose after this period.

The EPA received the Petition from the Environmental Integrity Project, Sierra Club, and Air Alliance Houston dated August 8, 2016, requesting that the EPA object to the issuance of operating permit no. O1553, issued by TCEQ to ExxonMobil Baytown Olefins Plant in Harris County, Texas. The Petition claims that: (1) TCEQ did not have the authority to create a federally-enforceable PAL permit at the time PAL6 was issued, (2) the PAL6 permit is not federally enforceable because of alleged defects with how TCEQ calculated the facility's baseline emissions, and (3) PAL6 does not establish a PAL for PM<sub>2.5</sub>.

On March 1, 2018, the EPA Administrator issued an Order denying the Petition. The Order explains the basis for EPA's decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review shall be filed in the United States Court of Appeals for the appropriate circuit no later than May 22, 2018.

Dated: March 16, 2018.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2018-0141; FRL-9975-59]

### Chlorpyrifos, Diazinon, and Malathion; National Marine Fisheries Service Biological Opinion Issued Under the Endangered Species Act; Notice of Availability

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is seeking comment on the final Biological Opinion (BiOp) issued under the Endangered Species Act (ESA) by the National Marine Fisheries Service (NMFS), regarding the potential effects of chlorpyrifos, malathion, and diazinon on federally listed threatened or endangered species (listed species) and their designated critical habitats.

**DATES:** Comments must be received on or before May 22, 2018.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2018-0141, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Tracy Perry, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (703) 308-0128; email address: [Perry.Tracy@epa.gov](mailto:Perry.Tracy@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. General Information

###### A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides and/or the potential impacts of pesticide use on listed species and designated critical habitat. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

###### B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that

includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

###### C. How can I get copies of this document and other related information?

A copy of the *Biological Opinion on Pesticides: Chlorpyrifos, Diazinon, and Malathion* is available in the docket under docket identification (ID) number EPA-HQ-OPP-2018-0141.

## II. What action is the Agency taking?

### A. Authority

The ESA requires Federal agencies, such as EPA, to ensure that their actions are not likely to jeopardize the continued existence of species listed as threatened or endangered under the ESA, or destroy or adversely modify the designated critical habitat of such species. The registration of a pesticide under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) constitutes an EPA "action" under the ESA. If EPA determines a pesticide may affect a listed species or its designated critical habitat, EPA must initiate consultation with the U.S. Fish and Wildlife Service (FWS) or NMFS (the Service or Services), as appropriate. In response to a Federal agency initiating formal consultation, the Service(s) develops a BiOp in which it provides its opinion on whether the "action" is likely to jeopardize the continued existence of a listed species and/or is likely to destroy or adversely modify designated critical habitat and, if so, describes reasonable and prudent alternatives (RPAs) to avoid the determination. The BiOp will also address whether the action will result in incidental take of listed species and, if so, provide a statement specifying the amount of any permitted incidental take and setting forth reasonable and prudent measures (RPMs) necessary or appropriate to minimize the impact of such take.

### B. Background

Consistent with EPA's responsibility under the ESA, on January 18, 2017, EPA released national-level endangered species Biological Evaluations (BEs) for chlorpyrifos, diazinon, and malathion to
