SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-82441; File No. SR-FINRA-2017-036]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Make Technical and Other Non-Substantive Changes Within FINRA Rules

January 4, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 22, 2017, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed

rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to make technical and other non-substantive changes within FINRA rules.

The text of the proposed rule change is available on FINRA's website at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On September 13, 2016, the SEC approved changes to FINRA Rules 2210 (Communications with the Public), 2213 (Requirements for the Use of Bond Mutual Fund Volatility Ratings), and 2214 (Requirements for the Use of Investment Analysis Tools) that, among other things, eliminated the filing requirements for investment analysis tool report templates and retail communications concerning such tools and instead requires members to provide FINRA staff with access to investment analysis tools upon request.⁴ The implementation date for the changes was January 9, 2017.⁵

³ 17 CFR 240.19b-4(f)(6).

⁴ See Securities Exchange Act Release No. 78823 (September 13, 2016), 81 FR 64240 (September 19, 2016) (Order Approving File No. SR-FINRA-2016-018).

⁵ See Regulatory Notice 16-41 (October 2016).

The proposed rule change would delete FINRA Rule 2214.03 to eliminate the requirement to re-file a written-report template or retail communication concerning an investment analysis tool, and conform the rule to changes approved in SR-FINRA-2016-018. In addition, the proposed rule change would renumber FINRA Rule 2214.04 through 2214.07 as 2214.03 through 2214.06, accordingly.

Also, the proposed rule change would make technical changes to FINRA Rule 7730 (Trade Reporting and Compliance Engine (TRACE)). On July 11, 2017, the SEC approved SR-FINRA-2017-015, which added the definition of “End-of-Day TRACE Transaction File” to Rule 7730 as paragraph (g)(6). On August 4, 2017, the SEC approved SR-FINRA-2017-021, which added “TRACE Security Activity Report” also as paragraph (g)(6). The proposed rule change would redesignate Rule 7730(g)(6) (TRACE Security Activity Report) as 7730(g)(7) to avoid duplication.⁶

Finally, the proposed rule change would update a reference in FINRA Rule 9217 (Violations Appropriate for Disposition Under Plan Pursuant to SEA Rule 19b-1(c)(2)) to reflect that FINRA Rule 7430 (Synchronization of Member Business Clocks) has been renumbered as FINRA Rule 4590 (Synchronization of Member Business Clocks) to conform with SEC approval in SR-FINRA-2016-005.⁷

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date for the proposed changes to FINRA Rules 2214 and 9217 will be January 22, 2018. The implementation date for the proposed changes to FINRA Rule 7730 will be February 1, 2018, to coincide with the implementation date of earlier changes to the rule.⁸

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,⁹ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in

general, to protect investors and the public interest. FINRA believes the proposed rule change will provide greater clarity to members and the public regarding FINRA's rules by deleting the re-filing requirements in Rule 2214.03 to conform to changes approved in SR-FINRA-2016-018 and by making technical updates in Rules 7730(g)(6) and 9217.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change brings clarity and consistency to FINRA rules without adding any burden on firms.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of FINRA. BILLING CODE 8011-01-P

DEPARTMENT OF STATE

[Public Notice: 10262]

Call for Expert Reviewers To Contribute to the U.S. Government Review of the Intergovernmental Panel on Climate Change (IPCC) Special Report on the Impacts of Global Warming of 1.5 °C Above Preindustrial Levels and Related Global Greenhouse Gas Emission Pathways in the Context of Strengthening the Global Response to the Threat of Climate Change, Sustainable Development and Efforts to Eradicate Poverty. (Special Report on Global Warming of 1.5 °C)

The United States Global Change Research Program (*USGCRP*), in cooperation with the Department of State, requests expert review of the second-order draft of the IPCC Special Report on Global Warming of 1.5 °C, including the first draft of its Summary for Policymakers (SPM).

The United Nations Environment Programme (UNEP) and the World Meteorological Organization (WMO) established the IPCC in 1988. As reflected in its governing documents (the IPCC's "principles and procedures"), the role of the IPCC is to assess on a comprehensive, objective, open, and transparent basis the scientific, technical, and socio-economic information relevant to understanding the scientific basis of risk of human-induced climate change, its potential impacts and options for adaptation and mitigation. IPCC reports should be neutral with respect to policy, although they may need to deal objectively with scientific, technical, and socio-economic factors relevant to the application of particular policies. The principles and procedures for the IPCC and its preparation of reports can be found at: <https://www.ipcc.ch/pdf/ipcc-principles/ipcc-principles.pdf> and <http://ipcc.ch/pdf/ipcc-principles/ipcc-principles-appendix-a-final.pdf>. At the 44th Session of the Panel (Bangkok, Thailand, October 17-20, 2016), the IPCC approved the outline for the Special Report on Global Warming of 1.5C. Writing team nominations were submitted by the IPCC deadline of December 11, 2016, and author appointments made on January 23, 2017. The Table of Contents for the Special Report can be viewed here: http://ipcc.ch/meetings/session44/12_adopted_outline_sr15.pdf. As reflected in the IPCC's principles and procedures, review is an essential part of the IPCC process. Since the IPCC is an intergovernmental body, review of IPCC documents involves both peer review by experts and review by governments. The
