

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120-0697.

Title: FAA Entry Point Filing Form—International Registry.

Form Numbers: AC Form 8050-135.

Type of Review: Renewal of existing collection.

Background: This information collection supports Department of Transportation strategic goals regarding safety and security. The information collected is necessary to obtain an authorization code for transmission of information to the International Registry.

The Convention on International Interest in Mobile Equipment, as modified by the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment (herein after the Cape Town Treaty or Treaty), provides for the creation and sustainment of the International Registry. The International Registry is an electronic registry system that works in tandem with the current system operated by the FAA Civil Aviation Registry (Registry) for the United States. Congress has designated the Registry as the exclusive United States Entry Point for transmissions to the International Registry. To transmit certain types of interests or prospective interests to the International Registry, interested parties must file a completed FAA Entry Point Filing Form—International Registry, AC Form 8050-135, with the Registry. Upon receipt of the completed form, the Registry, upon verifying the accuracy of the submitted data, issues the unique authorization code.

Respondents: Aircraft owners desiring authorization for filing with the International Registry. The submission of the information in question is not an FAA requirement for aircraft registration. Its sole purpose is to create authorization for filing with the International Registry.

Frequency: As desired by the aircraft owner.

Estimated Average Burden per Response: 30 minutes.

Estimated Total Annual Burden: Based on FY '17 approximately 15,000 filings, the estimated annual burden is 7,500 hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality

of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Issued in Fort Worth, TX on March 20, 2018.

SUPPLEMENTARY INFORMATION:

OMB Approval No.: 2138-0006.

Title: Preservation of Air Carrier Records—14 CFR part 249.

Form No.: None.

Type of Review: Extension of a currently approved recordkeeping requirement.

Respondents: Certificated air carriers and charter operators.

Number of Respondents: 89 certificated air carriers, 280 charter operators.

Estimated Time per Response: 3 hours per certificated air carrier, 1 hour per charter operator.

Total Annual Burden: 547 hours.

Needs and Uses: Part 249 requires the retention of records such as: general and subsidiary ledgers, journals and journal vouchers, voucher distribution registers, accounts receivable and payable journals and ledgers, subsidy records documenting underlying financial and statistical reports to DOT, funds reports,

consumer records, sales reports, auditors' and flight coupons, air waybills, etc. Depending on the nature of the document, the carrier may be required to retain the document for a period of 30 days to three years. Public charter operators and overseas military personnel charter operators must retain documents which evidence or reflect deposits made by each charter participant and commissions received by, paid to, or deducted by travel agents, and all statements, invoices, bills and receipts from suppliers or furnishers of goods and services in connection with the tour or charter. These records are retained for six months after completion of the charter program.

Not only is it imperative that carriers and charter operators retain source documentation, but it is critical that DOT has access to these records. Given DOT's established information needs for such reports, the underlying support documentation must be retained for a reasonable period of time. Absent the retention requirements, the support for such reports may or may not exist for audit/validation purposes and the relevance and usefulness of the carrier submissions would be impaired, since the data could not be verified to the source on a test basis.

The Confidential Information Protection and Statistical Efficiency Act of 2002 (44 U.S.C. 3501 note), requires a statistical agency to clearly identify information it collects for non-statistical purposes. BTS hereby notifies the respondents and the public that BTS uses the information it collects under this OMB approval for non-statistical purposes including, but not limited to, publication of both Respondent's identity and its data, submission of the information to agencies outside BTS for review, analysis and possible use in regulatory and other administrative matters.

Issued in Washington, DC, on March 20, 2018.

BTS Paperwork Reduction Notice]**

Agency Information Collection; Activity Under OMB Review; Submission of Audit Reports—Part 248

AGENCY: Office of the Assistant Secretary for Research and Technology (OST-R), Bureau of Transportation Statistics (BTS), Department of Transportation.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, Public Law 104-13, the Bureau of Transportation Statistics invites the general public, industry and other governmental parties to comment on the continuing need for and usefulness of BTS requiring U.S. large certificated air carriers to submit two true and complete copies of its annual audit that is made by an independent public accountant. If a carrier does not have an annual audit, the carrier must file a statement that no audit has been performed. Comments are requested concerning whether (1) the audit reports are needed by BTS and DOT; (2) BTS accurately estimated the reporting burden; (3) there are other ways to enhance the quality, utility and clarity of the information collected; and (4) there are ways to minimize reporting burden, including the use of automated collection techniques or other forms of information technology.

SUPPLEMENTAL INFORMATION: *OMB Approval No.:* 2138-0004.

Title: Submission of Audit Reports—Part 248.

Form No.: None.

Type Of Review: Extension of a currently approved collection.

Respondents: Large certificated air carriers.

Number of Respondents: 60.

Number of Responses: 60.

Total Annual Burden: 20 hours.

Needs and Uses: BTS collects independent audited financial reports from U.S. certificated air carriers. Carriers not having an annual audit must file a statement that no such audit has been performed. In lieu of the audit report, BTS will accept the annual report submitted to the stockholders. The audited reports are needed by the Department of Transportation as (1) a means to monitor an air carrier's continuing fitness to operate, (2) reference material used by analysts in examining foreign route cases (3) reference material used by analyst in examining proposed mergers, acquisitions and consolidations, (4) a means whereby BTS sends a copy of the report to the International Civil Aviation Organization (ICAO) in fulfillment of a United States treaty obligation, and (5) corroboration of a carrier's Form 41 filings.
