AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that Perfiles LM, S.A. de C.V. (Perfiles) is the successor-in-interest to Perfiles y Herrajes LM, S.A. de C.V. (Perfiles y Herrajes) for purposes of determining antidumping duty cash deposits and liabilities.

DATES: Applicable March 29, 2018.

FOR FURTHER INFORMATION CONTACT: Madeline Heeren, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-9179.

SUPPLEMENTARY INFORMATION:

Background

On November 13, 2017, Commerce initiated this CCR and published the notice of expedited preliminary results, determining that Perfiles is the successor-in-interest to Perfiles y Herrajes.¹ In the *Initiation and Expedited Preliminary Results*, interested parties were provided an opportunity to comment and request a public hearing regarding our preliminary finding that Perfiles is the successor-in-interest to Perfiles y Herrajes. We received no comments from interested parties nor was a public hearing requested.

Scope of the Order

The merchandise subject to this order is certain welded carbon-quality light-walled steel pipe and tube, of rectangular (including square) cross section, having a wall thickness of less than 4 mm.

The term carbon-quality steel includes both carbon steel and alloy steel which contains only small amounts of alloying elements. Specifically, the term carbon-quality includes products in which none of the elements listed below exceeds the quantity by weight respectively indicated: 1.80 percent of manganese, or 2.25 percent of silicon, or 1.00 percent of copper, or 0.50 percent of aluminum, or 1.25 percent of chromium, or 0.30 percent of cobalt, or 0.40 percent of lead, or 1.25 percent of nickel, or 0.30 percent of tungsten, or 0.10 percent of molybdenum, or 0.10 percent of niobium, or 0.15 percent vanadium, or 0.15 percent of zirconium.

The description of carbon-quality is intended to identify carbon-quality products within the scope. The welded carbon-quality rectangular pipe and tube subject to this order is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7306.61.50.00 and 7306.61.70.60. While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this order is dispositive.

Final Results of the Changed Circumstances Review

For the reasons stated in the *Initiation and Expedited Preliminary Results*, and

¹ See *Light-Walled Rectangular Pipe and Tube from Mexico: Initiation and Expedited Preliminary Results of Changed Circumstances Review*, 82 FR 54322 (November 17, 2017) (*Initiation and Expedited Preliminary Results*).

because we received no comments from interested parties, Commerce continues to find that Perfiles is the successor-in-interest to Perfiles y Herrajes. As a result of this determination, we find that Perfiles should receive the antidumping cash deposit rate applicable to Perfiles y Herrajes. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced or exported by Perfiles and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at 0.00 percent, which is the current antidumping duty cash-deposit rate for Perfiles y Herrajes.² This cash deposit requirement shall remain in effect until further notice.

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act, as amended, and 19 CFR 351.216 and 351.221(c)(3).

Dated: March 23, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Analysis of Comment Received

All issues raised in the sole case brief filed in this review are addressed in the Issues and Decision Memorandum.⁴ A list of issues addressed in the Issues and Decision Memorandum is appended to this notice. The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Services System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and it is available to all parties in the Central Records Unit of the main Commerce Building, room B-8024. In addition, a complete version of the Issues and Decision Memorandum is also accessible on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of the comment received, we made changes to our normal value and margin calculations for CJI. A complete discussion of these changes can be found in the Issues and Decision Memorandum. These changes did not affect Commerce's determination that sales of subject merchandise by CJI were not made at prices less than normal value during the POR.

Final Results of Review

Commerce determines that the following weighted-average dumping margin exists for entries of subject merchandise that were produced and/or exported by the following company during the POR:

Manufacturer/exporter	Weighted-average margin (percent)
PT Cheil Jedang Indonesia	0.00

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). CJI's weighted-average dumping margin in these final results is zero percent. Therefore, we will instruct CBP to liquidate all appropriate entries without regard to antidumping duties. Commerce intends to issue the appropriate assessment instructions for CJI to CBP 15 days after the date of publication of these final results.

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for CJI will be the weighted-average dumping margin listed above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and, (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review, the cash deposit rate will be the others rate for this proceeding, 6.19 percent, as established in the less-than-fair-value investigation.⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in this proceeding, in accordance with 19 CFR 351.224(b).

antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding.
