

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket No. EL18–55–000]

EDF Renewables Energy, Inc. v. Midcontinent Independent System Operator, Inc.; Notice of Complaint

Take notice that on January 4, 2018, pursuant to sections 206 and 306 of the Federal Power Act, 16 U.S.C. 824(e), 825e, and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206, EDF Renewables Energy, Inc. (Complainant) filed a formal complaint against Midcontinent Independent System Operator, Inc. (MISO or Respondent) alleging that MISO's Tariff is no longer just and reasonable because MISO cannot deliver interconnection studies and a generation interconnection agreement in sufficient advanced time to allow proposed wind generation projects to achieve commercial operation as needed to benefit from the Federal Production Tax Credit, all as more fully explained in the complaint.

Complainant certifies that copies of the complaint were served on the contacts for MISO as listed on the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protesters parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the eLibrary link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the

website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on January 24, 2018.

Dated: January 5, 2018.

Kimberly D. Bose,
Secretary.

[Project No. 14864–000]

Watterra Energy, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments and Motions To Intervene

On November 29, 2017, Watterra Energy, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the Barren River Lake Dam Hydroelectric Project (project), to be located at the existing U.S. Army Corps of Engineers' Barren River Lake Dam on the Barren River near the City of Bowling Green, Barren County, Kentucky. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A 960-foot-long, 14-foot-diameter steel penstock lining the existing concrete conduit; (2) a 14-foot-long, 14-foot-wide bifurcation structure attached to the proposed penstock, with one 265-foot-long branch extending to the proposed powerhouse, and the other 86-foot-long branch extending to the existing stilling basin to provide an outlet point for the release of floodwaters; (3) a 70-foot-long, 55-foot-wide powerhouse containing two Kaplan generating units with a total capacity of 11.63 megawatts; (4) a 75-foot-long tailrace; (5) a 50-foot-long, 50-foot-wide switchyard; and (6) a 4,210-foot-long, 12.5-kilovolt transmission line. The estimated annual generation of the project would be 41.64 gigawatt-

hours, and would operate as directed by the U.S. Army Corps of Engineers.

Applicant Contact: Mr. Craig Dalton, Watterra Energy, LLC, 220 West Main Street, Hamilton, MT 59840; phone: (406) 384–0080.

FERC Contact: Navreet Deo; phone: (202) 502–6304.

Deadline for filing comments, motions to intervene, competing applications (without notices of intent), or notices of intent to file competing applications: 60 days from the issuance of this notice. Competing applications and notices of intent must meet the requirements of 18 CFR 4.36.

The Commission strongly encourages electronic filing. Please file comments, motions to intervene, notices of intent, and competing applications using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. The first page of any filing should include docket number P–14864–000.

More information about this project, including a copy of the application, can be viewed or printed on the eLibrary link of Commission's website at <http://www.ferc.gov/docs-filing/elibrary.asp>. Enter the docket number (P–14864) in the docket number field to access the document. For assistance, contact FERC Online Support.

Dated: January 5, 2018.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Docket Nos. CP18–37–000, CP18–38–000]

Sierrita Gas Pipeline LLC; Notice of Applications

Take notice that on December 21, 2017, Sierrita Gas Pipeline, LLC (Sierrita), P.O. Box 1087, Colorado Springs, Colorado 80944, has filed two applications, pursuant to sections 7(c)

and 3 of the Natural Gas Act (NGA) and the Federal Energy Regulatory Commission's (Commission) regulations, requesting authorization for the construction and operation of Sierrita Compressor Expansion Project (Project) located in Pima County, Arizona. Concurrent with this Section 7(c) application, Sierrita has filed a Section 3 application to amend existing Presidential Permit, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, in Docket No. CP18-37-000, Sierrita's Section 7(c) Project consists of: (1) Installing one new Solar Mars 100 turbine/compressor unit that is ISO rated at 15,900 horsepower (HP) located at approximately Milepost (MP) 6 on Line No. 2177; (2) installing an additional gas meter at the existing San Joaquin Meter Station on Line No. 2177; and (3) relocating an existing Mainline Valve 2 (MLV 2) and inspection tool launcher and receiver from MP 1.2 to MP 6.5 on Line No. 2177; all located in Pima County, Arizona. Additionally, in Docket No. CP18-38-000 Sierrita is requesting an amendment to its Section 3 authorization and its Presidential Permit for increased design capacity to 627,000 Mcf/Day at its border crossing into Mexico near the town of Sasabe, Arizona, also in Pima County.

Any questions regarding this application should be directed to Francisco Tarin, Regulatory Director, Sierrita Gas Pipeline LLC, P.O. Box 1087, Colorado Springs, CO 80944, or call (719) 667-7517, or email: SierritaRegulatoryAffairs@kindermorgan.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a

Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents

filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on January 26, 2018.

Dated: January 5, 2018.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL18-45-000]

Great River Energy; Notice of Institution of Section 206 Proceeding

On January 5, 2018, the Commission issued an order in Docket No. EL18-45-000, pursuant to section 206 of the Federal Power Act, 16 U.S.C. 824e (2012), instituting an investigation into whether Great River Energy's cost-based revenue requirements for providing reactive power from certain of its generating units located in the Midcontinent Independent System Operator, Inc. region may be unjust and unreasonable. *Great River Energy*, 162 FERC 61,006 (2018).

Any interested person desiring to be heard in Docket No. EL18-45-000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rule 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.214, within 21 days of the date of issuance of the order.

Dated: January 5, 2018.

Nathaniel J. Davis, Sr.,
Deputy Secretary.
