BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Brenda E. Brown, Office of AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-4735.

Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspended investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended (the Act), may request, in accordance with 19 CFR 351.213, that the Department of Commerce (Commerce) conduct an administrative review of that antidumping or countervailing duty order, finding, or suspended investigation.

All deadlines for the submission of comments or actions by Commerce discussed below refer to the number of calendar days from the applicable starting date.

Respondent Selection

In the event Commerce limits the number of respondents for individual examination for administrative reviews initiated pursuant to requests made for the orders identified below, Commerce

intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the period of review. We intend to release the CBP data under Administrative Protective Order (APO) to all parties having an APO within five days of publication of the initiation notice and to make our decision regarding respondent selection within 21 days of publication of the initiation **Federal Register** notice. Therefore, we encourage all parties interested in commenting on respondent selection to submit their APO applications on the date of publication of the initiation notice, or as soon thereafter as possible. Commerce invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the review.

In the event Commerce decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, Commerce finds that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of a review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (*i.e.*, investigation, administrative review, new shipper review or changed circumstances review). For any company subject to a review, if Commerce determined, or continued to treat, that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise, Commerce will not collapse companies for purposes of respondent selection. Parties are requested to (a) identify which companies subject to review previously were collapsed, and

(b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete a Quantity and Value Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of a proceeding where Commerce considered collapsing that entity, complete quantity and value data for that collapsed entity must be submitted.

Deadline for Withdrawal of Request for Administrative Review

Pursuant to 19 CFR 351.213(d)(1), a party that requests a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that Commerce may extend this time if it is reasonable to do so. In order to provide parties additional certainty with respect to when Commerce will exercise its discretion to extend this 90-day deadline, interested parties are advised that, with regard to reviews requested on the basis of anniversary months on or after April 2018, Commerce does not intend to extend the 90-day deadline unless the requestor demonstrates that an extraordinary circumstance prevented it from submitting a timely withdrawal request. Determinations by Commerce to extend the 90-day deadline will be made on a case-by-case basis.

Commerce is providing this notice on its website, as well as in its “Opportunity to Request Administrative Review” notices, so that interested parties will be aware of the manner in which Commerce intends to exercise its discretion in the future.

Suspension Agreements

None.

In accordance with 19 CFR 351.213(b), an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order or suspension agreement for which it is requesting a review. In addition, a domestic interested party or an interested party described in section 771(9)(B) of the Act must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which was produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Note that, for any party Commerce was unable to locate in prior segments, Commerce will not accept a request for an administrative review of that party absent new information as to the party's location. Moreover, if the interested party who files a request for review is unable to locate the producer or exporter for which it requested the review, the interested party must provide an explanation of the attempts it made to locate the producer or exporter at the same time it files its request for review, in order for the Secretary to determine if the interested party's attempts were reasonable, pursuant to 19 CFR 351.303(f)(3)(ii).

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), and *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694

(October 24, 2011), Commerce clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders.²

Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an antidumping duty administrative reviews.³ Accordingly, the NME entity will not be under review unless Commerce specifically receives a request for, or self-initiates, a review of the NME entity.⁴ In administrative reviews of antidumping duty orders on merchandise from NME countries where a review of the NME entity has not been initiated, but where an individual exporter for which a review was initiated does not qualify for a separate rate, Commerce will issue a final decision indicating that the company in question is part of the NME entity. However, in that situation, because no review of the NME entity was conducted, the NME entity's entries were not subject to the review and the rate for the NME entity is not subject to change as a result of that review (although the rate for the individual exporter may change as a function of the finding that the exporter is part of the NME entity). Following initiation of an antidumping administrative review when there is no review requested of the NME entity, Commerce will instruct CBP to liquidate entries for all exporters not named in the initiation notice,

³ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013).

⁴ In accordance with 19 CFR 351.213(b)(1), parties should specify that they are requesting a review of entries from exporters comprising the entity, and to the extent possible, include the names of such exporters in their request.

including those that were suspended at the NME entity rate.

All requests must be filed electronically in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) on Enforcement and Compliance's ACCESS website at <http://access.trade.gov>.⁵ Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

Commerce will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of April 2018. If Commerce does not receive, by the last day of April 2018, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, Commerce will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Associate Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations performing the duties of Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Swiss-U.S. Privacy Shield; Invitation for Applications for Inclusion on the Supplemental List of Arbitrators

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice; Invitation for applications.

SUMMARY: Under the Swiss-U.S. Privacy Shield Framework, the U.S. Department of Commerce (DOC) and the Swiss Administration have committed to implement an arbitration mechanism as set forth in Annex I, to provide Swiss individuals with the ability to invoke binding arbitration to determine, for residual claims, whether an organization has violated its obligations under the Privacy Shield Framework. The DOC and the Swiss Administration will work together to implement the arbitration mechanism, including by jointly developing a list of up to five arbitrators with European or Swiss expertise to supplement the list of arbitrators developed under the EU-U.S. Privacy Shield Framework. Parties to a binding arbitration under this Swiss-U.S. Privacy Shield mechanism may only select arbitrators from the list developed under the EU-U.S. Privacy Shield Framework to be supplemented by this list. This notice announces the opportunity to apply for inclusion on the Swiss-U.S. Privacy Shield Supplemental List of Arbitrators developed by the DOC and the Swiss Administration.

DATES: Applications should be received by Friday April 30th, 2018.

ADDRESSES: Please submit applications to David Ritchie at the U.S. Department of Commerce, either by email at david.ritchie@trade.gov, or by fax at 202-482-5522. More information on the arbitration mechanism may be found at <https://www.trade.gov/td/services/odsi/swiss-us-privacyshield-framework.pdf>.

SUPPLEMENTARY INFORMATION: The Swiss-U.S. Privacy Shield Framework was designed by the U.S. Department of Commerce (DOC) and the Swiss Administration (Swiss) to provide companies in both Switzerland and the United States with a mechanism to comply with data protection requirements when transferring personal data from Switzerland to the United States in support of transatlantic commerce. On January 12, 2017, the Swiss deemed the Swiss-U.S. Privacy Shield Framework (Swiss Privacy Shield) adequate to enable data transfers under Swiss law, and on April 12, 2017, the DOC began accepting self-certifications from U.S. companies to join the program (82 FR 16375; April 12, 2017). For more information on the Privacy Shield, visit www.privacyshield.gov.

As described in Annex I of the Swiss Privacy Shield, the DOC and the Swiss have committed to implement an arbitration mechanism to provide Swiss individuals with the ability to invoke binding arbitration to determine, for residual claims, whether an organization has violated its obligations under the Privacy Shield. Organizations voluntarily self-certify to the Swiss Privacy Shield and, upon certification, the commitments the organization has made to comply with the Swiss Privacy Shield become legally enforceable under U.S. law. Organizations that self-certify to the Swiss Privacy Shield commit to binding arbitration of residual claims if the individual chooses to exercise that option. Under the arbitration option, a Privacy Shield Panel¹ (consisting of one or three arbitrators, as agreed by the parties) has the authority to impose individual-specific, non-monetary equitable relief (such as access, correction, deletion, or return of the individual's data in question) necessary to remedy the violation of the Swiss Privacy Shield only with respect to the individual. The parties will select the arbitrators from the list of arbitrators described below.

The DOC and the Swiss Administration seek to develop a list of up to five arbitrators to supplement the list of arbitrators developed under the EU-U.S. Privacy Shield Framework. To be eligible for inclusion on the supplemental list, applicants must be admitted to practice law in the United

States and have expertise in both U.S. privacy law and European or Swiss data protection law. Applicants shall not be subject to any instructions from, or be affiliated with, any Privacy Shield organization, or the U.S., Switzerland, EU, or any EU Member State or any other governmental authority, public authority or enforcement authority.

Eligible individuals will be evaluated on the basis of independence, integrity, and expertise:

Independence:

- Freedom from bias and prejudice.

Integrity:

- Held in the highest regard by peers for integrity, fairness and good judgment.
- Demonstrates high ethical standards and commitment necessary to be an arbitrator.

Expertise:

Required:

- Admission to practice law in the United States.
- Level of demonstrated expertise in U.S. privacy law and European or Swiss data protection law.

Other expertise that may be considered includes any of the following:

- Relevant educational degrees and professional licenses.
- Relevant professional or academic experience or legal practice.
- Relevant training or experience in arbitration or other forms of dispute resolution.

Evaluation of applications for inclusion on the list of arbitrators will be undertaken by the DOC and the Swiss Administration. Selected applicants will remain on the list for a period of 3 years, absent exceptional circumstances, change in eligibility, or for cause, renewable for one additional period of 3 years.

The DOC selected the International Centre for Dispute Resolution-American Arbitration Association (ICDR-AAA) as administrator for Privacy Shield arbitrations brought under either the Swiss-U.S. or EU-U.S. Privacy Shield Frameworks.² Among other things, the ICDR-AAA will facilitate arbitrator fee arrangements, including the collection and timely payment of arbitrator fees and other expenses. Arbitrators are expected to commit their time and effort when included on the supplemental Swiss-U.S. Privacy Shield List of Arbitrators and to take reasonable steps

¹ The Privacy Shield Panel would govern arbitration proceedings brought under either the Swiss-U.S. or EU-U.S. Privacy Shield Frameworks.
