(8) The Trust’s investment and operating restrictions provide that the Trust will invest in and hold a minimum of 90% of its total net assets in physical gold and silver bullion in “London Good Delivery” bar form, and hold no more than 10% of the total net assets of the Trust, at the discretion of the Manager, in: (i) Physical gold and silver bullion (in London Good Delivery bar form or otherwise); (ii) gold or silver coins; (iii) debt obligations of or guaranteed by a Government; (iv) money market mutual funds; (v) interest-bearing accounts; (vi) cash; and (vii) cash equivalents, except during the 60-day period following the closing of additional offerings or prior to the distribution of the assets of the Trust.

(9) According to the Manager, the value of gold bullion is currently approximately 55%, and the value of silver bullion is currently approximately 1/2, of CFCL’s net assets. It is the intention of the Trust, subject to the discretion of the Manager, to maintain a ratio of the value of net assets in gold bullion to the value of net assets in silver bullion at approximately 60 to 1/2. It does not expect that its investment in either gold bullion or silver bullion would be less than 15% to 20% of its net assets on a long-term basis. However, changes in the relative prices of gold and silver bullion, redemptions or other events beyond the control of the Manager could cause the relative investments in gold and silver bullion to vary from these percentages.

(10) According to the Manager, the Trust will not invest in gold or silver certificates (other than legacy gold and silver certificates previously held by CFCL) which historically represent less than 1% of CFCL’s assets, and which will be sold for cash as soon as practicable following the completion of the Arrangement) or other financial instruments that represent gold or silver or that may be exchanged for gold or silver, and will not purchase, sell, or hold derivatives.

(11) All statements and representations made in this filing regarding (a) the description of the portfolio holdings or reference assets, (b) limitations on portfolio holdings or reference assets, and (c) the applicability of Exchange listing rules specified in this rule filing shall constitute continued listing requirements for listing the Units on the Exchange.

(12) The Manager has represented to the Exchange that it will advise the Exchange of any failure by the Trust to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If the Trust is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under NYSE Arca Rule 5.5–E[m].

(13) A minimum of 100,000 Units will be required to be outstanding at the start of trading. This approval order is based on all of the Exchange’s representations—including those set forth above and in Amendment No. 2—and the Exchange’s description of the Trust. For the foregoing reasons, the Commission finds that the proposed rule change, as modified by Amendment No. 2, is consistent with Section 6(b)(5) of the Act and the rules and regulations thereunder applicable to a national securities exchange.

V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 2

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 2, prior to the 30th day after the date of publication of notice of Amendment No. 2 in the Federal Register. Amendment No. 2 supplements the proposal by providing additional information regarding, among other things: (1) The Trust’s primary holdings in gold and silver bullion and the other assets that would comprise the remaining holdings of the Trust; (2) the ability of the Exchange to obtain information regarding trading in gold and silver futures from markets trading such futures that are members of ISG or with which the Exchange has in place a CSSA, including COMEX; (3) the calculation and dissemination of NAV and IV for the Units; and (4) updates with respect to the Arrangement. These changes assisted the Commission in evaluating the Units’ susceptibility to manipulation, and in determining that the listing and trading of the Units is consistent with the protection of investors and the public interest. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act, to approve the proposed rule change, as modified by Amendment No. 2, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR–NYSEArca–2017–131), as modified by Amendment No. 2, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.

Edward A. Aleman, Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change To List and Trade Shares of the iShares Gold Exposure ETF, a Series of the iShares U.S. ETF Trust, Under Exchange Rule 14.11(i), Managed Fund Shares

January 5, 2018.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the
“Act”), and Rule 19b–4 thereunder, notice is hereby given that on December 21, 2017, Chue BZX Exchange, Inc. (the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to list and trade shares of the iShares Gold Exposure ETF (the “Fund”), a series of the iShares U.S. ETF Trust (the “Trust”), under Exchange Rule 14.11(i) (“Managed Fund Shares”). The shares of the Fund are referred to herein as the “Shares.”

The text of the proposed rule change is available at the Exchange’s website at www.markets.cboe.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares under Exchange Rule 14.11(i), which governs the listing and trading of Managed Fund Shares on the Exchange. The Fund is a series of, and the Shares will be offered by, the Trust, which was established as a Delaware statutory trust on June 21, 2011. BlackRock Fund Advisers (the “Adviser”) will serve as the investment adviser to the Fund. The Trust is registered with the Commission as an open-end management investment company and has filed a registration statement on behalf of the Fund on Form N–1A (“Registration Statement”) with the Commission. As a result of the instruments that will be indirectly held by the Fund, the Adviser, which is a member of the National Futures Association (“NFA”), will register as a commodity pool operator with respect to the Fund. If the Fund retains any sub-adviser in the future, such sub-adviser will register as a commodity pool operator or commodity trading adviser, if required by Commodity Futures Trading Commission (CFTC) regulations. The Fund will be subject to regulation by the CFTC and NFA and applicable disclosure, reporting and recordkeeping rules imposed upon commodity pools.

Exchange Rule 14.11(i)(7) provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio. In addition, Exchange Rule 14.11(i)(7) further provides that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will erect a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the Fund’s portfolio composition and/or changes to the portfolio. The Adviser personnel who make decisions regarding the Fund’s portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund’s portfolio. In the event that (a) the Adviser becomes registered as a broker-dealer or newly affiliated with another broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the Fund’s portfolio composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding such portfolio.

The Trust intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Exchange submits this proposal in order to allow the Fund to hold listed derivatives (i.e., Listed Gold Derivatives, as defined below) in a manner that does not comply with Exchange Rule 14.11(i)(4)(C)(iv)(b). Otherwise, the

Fund will comply with all other listing requirements on an initial and continued listing basis under Exchange Rule 14.11(i) for Managed Fund Shares.

iShares Gold Exposure ETF

The Fund will seek to provide exposure, on a total return basis, to the price performance of gold. The Fund will seek to achieve its investment objective by investing primarily in a combination of (i) exchange-traded gold futures contracts (“Gold Futures”) and other listed gold derivatives (including Listed Gold Derivatives) that correlate to the investment returns of physical gold (such other listed derivatives together with Gold Futures, “Listed Gold Derivatives”), based on the notional value of such derivative instruments; (ii) over-the-counter (“OTC”) derivatives that correlate to the investment returns of physical gold (“OTC Gold Derivatives”), based on the notional value of such derivative instruments; and (iii) exchange-traded products (“ETPs”) backed by or linked to physical gold, as those included in the Bloomberg Benchmark, the Fund is not obligated to invest in any such futures contracts or ETPs included in, and does not seek to track the performance of, the Bloomberg Benchmark.

The Fund expects to seek to gain exposure to Gold Investments by investing through a wholly-owned subsidiary organized in the Cayman Islands (the “Subsidiary”). The Subsidiary is advised by the Adviser. The Fund, the Subsidiary is not an investment company registered under the Investment Company Act of 1940. The Subsidiary has the same investment objective as the Fund. References below to the holdings of the Fund are inclusive of the direct holdings of the Fund as well as the indirect holdings of the Fund through the Subsidiary.

In order to achieve its investment objective, under Normal Market Conditions, the aggregate gross notional value of Listed Gold Derivatives is generally not expected to exceed 75%, but may, in certain circumstances, approach 100%, of the Fund (including gross notional values). As noted above, Exchange Rule 14.11(i)(4)(C)(iv) prevents the Fund from holding listed derivatives based on any five or fewer underlying reference assets in excess of 65% of the weight of the portfolio (including gross notional exposures) and from holding listed derivatives based on any single underlying reference asset in excess of 30% of the weight of its portfolio (including gross notional exposures).

The Exchange is proposing to allow the Fund to hold up to 100% of the weight of its portfolio (including gross notional exposures) in listed derivatives based on a single underlying reference asset through its investment in Listed Gold Derivatives. Allowing the Fund to hold a greater portion of its portfolio in Listed Gold Derivatives would mitigate the Fund’s dependency on holding OTC derivative instruments, which would reduce the Fund’s operational burden by allowing the Fund to primarily use listed futures contracts and other listed derivatives to achieve its investment objective and would also reduce counter-party risk associated with holding OTC instruments.

Under Normal Market Conditions, the Fund generally will primarily hold Listed Gold Derivatives, including Gold Futures, OTC Gold Derivatives, Fixed Income Investments, and/or Fixed Income Derivatives. The Exchange represents that, except for the 65% and 30% limitations in Exchange Rule 14.11(i)(4)(C)(iv)(b), the Fund’s proposed investments will satisfy, on an initial and continued listing basis, all of the Generic Listing Rules and all other applicable requirements for Managed Fund Shares under Exchange Rule 14.11(i). The Trust is required to comply with Rule 10A–3 under the Act for the initial and continued listing of the Shares of the Fund. In addition, the Exchange represents that the Shares of the Fund will meet and be subject to all other requirements of the Generic Listing Rules and other applicable continued listing requirements for Managed Fund Shares under Exchange Rule 14.11(i), including those requirements regarding the Disclosed Portfolio (as defined in the Exchange rules) and the requirement that the Disclosed Portfolio and the net asset value (“NAV”) will be made available to all investors participating in the Fund from time to time, suspension of trading or removal, trading halts, disclosure, and firewalls. Further, at least 100,000 Shares will be outstanding upon the commencement of trading. Moreover, at least 90% of the weight of the Fund in Listed Gold Derivatives will trade on markets that are a member of
Intermarket Surveillance Group ("ISG") or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.\(^{22}\) All statements and representations made in this filing regarding the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of reference assets and intraday indicative values, and the applicability of Exchange listing rules specified in this filing shall constitute continued listing requirements for the Fund. The Trust, on behalf of the Fund, has represented to the Exchange that it will advise the Exchange of any failure by the Fund or the Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. If the Fund or the Shares are not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act\(^ {23}\) in general and Section 6(b)(5) of the Act\(^ {24}\) in particular because the Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest given that the Shares will meet each of the initial and continued listing criteria in Exchange Rule 14.11(i) with the exception of Exchange Rule 14.11(i)(4)(C)(iv)(b), which requires that the aggregate gross notional value of listed derivatives based on any five or fewer underlying reference assets shall not exceed 30% of the weight of the portfolio (including gross notional exposures). The Exchange believes that the liquidity in the Listed Gold Derivatives markets mitigates the concerns that Exchange Rule 14.11(i)(4)(C)(iv)(b) is intended to address and that such liquidity would prevent the Shares from being susceptible to manipulation.\(^ {25}\) Further, allowing the Fund to hold a greater portion of its portfolio in Listed Gold Derivatives would mitigate the Fund’s dependency on holding OTC instruments, which would reduce the Fund’s operational burden by allowing the Fund to primarily use listed futures contracts and other listed derivatives to achieve its investment objective and would also reduce counter-party risk associated with holding OTC instruments. The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. At least 90% of the weight of the Fund in Listed Gold Derivatives will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. The Exchange may obtain information regarding trading in the Shares and at least 90% of the weight of the Fund invested in Listed Gold Derivatives via the ISG from other exchanges where the Fund or which the Exchange has entered into a comprehensive surveillance sharing agreement.\(^ {26}\) The Exchange further notes that the Fund will meet and be subject to all other requirements of the Generic Listing Rules and other applicable continued listing requirements for Managed Fund Shares under Exchange Rule 14.11(i), including those requirements regarding the Disclosed Portfolio and the requirement that the Disclosed Portfolio and the NAV will be made available to all market participants at the same time, intraday indicative value, suspension of trading or removal, trading halts, disclosure, and firewalls. Further, at least 100,000 Shares will be outstanding upon the commencement of trading.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change rather will facilitate the listing and trading of an additional actively-managed exchange-traded fund that will enhance competition among both market participants and listing venues, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:

SEcurities and exchange commission

self-regulatory organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.31E Relating to Mid-Point Liquidity Orders and the MTS Modifier and Rule 7.36E To Add a Definition of “Aggressing Order”

January 5, 2018.

Pursuant to Section 19(b)(1)1 of the Securities Exchange Act of 1934 ("Act")2 and Rule 19b–4 thereunder,3 notice is hereby given that on December 22, 2017, NYSE American LLC ("Exchange" or "NYSE American") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.31E relating to Mid-Point Liquidity Orders and the MTS Modifier and Rule 7.36E to add a definition of "Aggressing Order." The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 7.31E (Orders and Modifiers) relating to Mid-Point Liquidity ("MPL") Orders and the MTS Modifier and Rule 7.36E (Order Ranking and Display) to add a definition of "Aggressing Order." For MPL Orders, the Exchange proposes to amend the price at which a marketable MPL Order would trade when there are resting orders priced better than the midpoint. The Exchange also proposes to amend how resting orders with an MTS Modifier would trade in specified circumstances.

Background

As provided for in current Rule 7.31E(d)(3)(C), on arrival, an MPL Order to buy (sell) that is eligible to trade will trade with resting orders to sell (buy) with a working price at or below (above) the midpoint of the PBBO (i.e., priced better than the midpoint of the PBBO). The rule further provides that resting MPL Orders to buy (sell) will trade at the midpoint of the PBBO against all incoming orders to sell (buy) priced at or below (above) the midpoint of the PBBO (i.e., priced better than the midpoint of the PBBO).

Current Rule 7.31E(i)(3) describes the MTS Modifier, including how a resting order with an MTS Modifier will trade. Current Rule 7.31E(i)(3)(E)(i) provides that if a sell (buy) order does not meet the MTS of the resting order to buy (sell) with an MTS Modifier, that sell (buy) order will not trade with and may trade through such order with an MTS Modifier. Current Rule 7.31E(i)(3)(E)(ii) provides that if a resting sell (buy) order did not meet the MTS of a same-priced resting order to buy (sell) with an MTS Modifier, a subsequently arriving sell (buy) order that meets the MTS will trade ahead of the resting sell (buy) order. Finally, current Rule 7.31E(i)(3)(E)(iii) provides that a resting order to buy (sell) with an MTS Modifier will not be eligible to trade if sell (buy) order(s) ranked Priority 2—Display Orders are displayed on the Exchange Book at a price lower (higher) than the working price of such MTS Order. Similarly, Rule 7.46E(f)(5)(I) (Tick Size Pilot Plan) provides that for Pilot Securities in Test Group Three, a resting order to buy (sell) with an MTS Modifier will not be eligible to trade if sell (buy) order(s) ranked Priority 2—Display Orders are displayed on the Exchange Book at a price equal to or lower (higher) than the working price of such MTS Order.

Proposed Definition of “Aggressing Order”

The Exchange proposes to amend Rule 7.36E to add a definition that would be used for purposes of Rule 7E. Proposed Rule 7.36E(a)(5) would define the term “Aggressing Order” to mean a buy (sell) order that is or becomes marketable against sell (buy) interest on the Exchange Book.4 This term would therefore refer to orders that are marketable against other orders on the Exchange Book, such as incoming orders and orders that have returned unexecuted after routing.

This term would also be applicable to resting orders that become marketable due to one or more events. For the most part, resting orders will have already traded with contra-side orders against

---

4 The term “marketable” is defined in Rule 1.1E(a) to mean for a Limit Order, an order than can be immediately executed or routed.
