§ 39.13 [Amended]

2. The FAA amends § 39.13 by removing airworthiness directive (AD) 2011–14–10, Amendment 39–16745 (76 FR 41657, July 15, 2011), and adding the following new AD:

(a) Effective Date
This AD becomes effective January 29, 2018.

(b) Affected ADs

(c) Applicability
This AD applies to Airbus Model A330–300, certificated in any category, and later airplanes, and a new fatigue and damage tolerance evaluation, which showed that certain inspection thresholds and intervals need to be shorter. We are issuing this AD to detect and correct fatigue cracking of the internal structure of the fuselage, which could adversely affect the structural integrity of the airplane.

(f) Compliance
Comply with this AD within the compliance times specified, unless already done.

(g) Required Action(s)
Within 30 days after the effective date of this AD, request instructions from the Manager, International Section, Transport Standards Branch, FAA, to address the unsafe condition specified in paragraph (e) of this AD; and accomplish the action(s) at the times specified in, and in accordance with, those instructions. Guidance can be found in Mandatory Continuing Airworthiness Information (MCAI) European Aviation Safety Agency (EASA) AD 2012–0140, dated July 27, 2012.

(h) Alternative Methods of Compliance (AMOCs)
The Manager, International Section, Transport Standards Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or Local Flight Standards District Office, as appropriate. If sending information directly to the International Section, send it to the attention of the person identified in paragraph (i)(2) of this AD. Information may be emailed to: 9-ANM-116-AMOC-REQUESTS@faa.gov. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(i) Related Information

(ii) Material Incorporated by Reference
None.

Issued in Renton, Washington, on January 2, 2018.

Michael Kaszyczyk,
Acting Director, System Oversight Division, Aircraft Certification Service.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

Amendment of Class D Airspace and Revocation of Class E Airspace; Fort Eustis, VA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action removes Class E airspace designated as an extension at Fort Eustis, VA, as the Felker non-directional beacon (NDB) has been decommissioned, and the approaches cancelled at Felker Army Airfield, (AAF). This action also updates the airport’s geographic coordinates under Class D airspace.

DATES: Effective 0901 UTC, March 29, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at http://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741–6030, or go to https://www.archives.gov/federal-register/cfr/ibr-locations.html.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it removes Class E airspace designated as an extension, and amends Class D airspace at Felker AAF, Fort Eustis, VA, to support IFR operations under standard instrument approach procedures at the airport.

History

The FAA published a notice of proposed rulemaking (NPRM) in the Federal Register (82 FR 16952, April 7, 2017) for Docket No. FAA–2017–0032. The NPRM proposed to amend Class E airspace designated as an extension at Felker AAF, Fort Eustis, VA, due to the decommissioning of the Felker NDB and cancellation of the NDB approach. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

This action also makes an editorial change to the Class D airspace legal description removing the words “(formerly the Airport/Facility Directory)”. Except for this change, the rule is the same as published in the NPRM.
Class D and E airspace designations are published in paragraph 5000, and 6005, respectively, of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11A is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by removing Class E airspace designated as an extension to a Class D surface area at Felker Army Airfield, Fort Eustis, VA, due to the decommissioning of the Felker NDB and cancellation of the NDB approach, and for continued safety and management of IFR operations at the airport. The geographic coordinates of the airport are adjusted under Class D to coincide with the FAA’s aeronautical database.

Additionally, this action removes the words “(formerly the Airport/Facility Directory)” from the Class D airspace legal description.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, effective September 15, 2017, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

AEA VA D Fort Eustis, VA [Amended]

Felker Army Airfield, Fort Eustis, VA (Lat. 37°07′05″ N, long. 76°36′32″ W)

That airspace extending upward from the surface to and including 2,500 feet MSL within a 4.4-mile radius of Felker Army Airfield, excluding the portion that coincides with the Newport News, VA, Class D airspace area. This Class D airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective dates and times will thereafter be published continuously in the Chart Supplement.

Paragraph 6004 Class E Airspace Designated as an Extension to a Class D Surface Area.

* * * * *

AEA VA E4 Fort Eustis, VA [Removed]

Issued in College Park, Georgia, on January 4, 2018.

Ryan W. Almasy,
Manager, Operations Support Group, Eastern Service Center, Air Traffic Organization.

BILLING CODE 4910–13–P

COMMODITY FUTURES TRADING COMMISSION

17 CFR Parts 3 and 9

RIN 3038–AE15

Technical Amendments to Rules on Registration and Review of Exchange Disciplinary, Access Denial, or Other Adverse Actions

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commodity Futures Trading Commission (“CFTC” or “Commission”) is adopting certain amendments to its rules that, respectively, govern registration of intermediaries and relate to the Commission’s review of exchange disciplinary, access denial, or other adverse actions. Generally speaking, these amendments are technical in nature. The amendments to both areas of the rules integrate existing advisory guidance. The amendments to the rules on review of exchange disciplinary, access denial, or other adverse actions also incorporate swap execution facilities (“SEFs”) and update provisions currently applicable to designated contract markets (“DCMs”). These final rules also remove numerous outdated cross-references, and add citations to applicable parallel provisions contained in other Commission regulations pertaining to SEFs and DCMs. Additionally, the final rules address the publication of final disciplinary and access denial actions taken by the SEFs and DCMs on their exchange websites.

DATES: This final rule is effective March 13, 2018.
