BILLING CODE 1301–00–D

DEPARTMENT OF THE TREASURY

48 CFR Parts 1009 and 1052

Department of the Treasury Acquisition Regulations; Tax Check Requirements

AGENCY: Department of the Treasury.

ACTION: Final rule.

SUMMARY: This rule finalizes without change an interim rule that amended the Department of the Treasury Acquisition Regulation (DTAR) by adding a subpart titled “Responsible Prospective Contractor” and a paragraph concerning Representation and certifications regarding responsibility matters, for the purpose of directing IRS contracting officers to the newly added DTAR subpart titled “Tax Check Requirement,” which prescribes the policies and procedures for performing a tax check on the apparent successful offeror in order to determine eligibility to receive an award.

DATES: Effective date: May 11, 2018.

SUPPLEMENTARY INFORMATION:

I. Background

The DTAR, which supplements the Federal Acquisition Regulation (FAR), is codified at 48 CFR Chapter 10.

II. Interim Rule

On November 16, 2017 (82 FR 53426), the Department issued an interim rule to amend the DTAR to establish policies and procedures for IRs contractual actions in compliance with the FAR and various appropriation restrictions. Specifically, the interim rule established an express requirement for IRS contracting officers to use taxpayer return information that is available only to IRS to perform a tax check on the apparent successful offeror for purposes of determining eligibility to enter into a contract with the IRS. The IRS has established an internal Procedure, Guidance and Information (PGI) that further supplements the DTAR requirement for IRS contracting officers to use when conducting a tax check. To ensure compliance with 26 U.S.C. 6103(b)(1) and to safeguard taxpayer return information, the PGI restricts the number of personnel within the IRS Office of Procurement who have access to tax compliance information. The PGI also limits the amount of information provided to the contracting officer regarding a delinquent Federal tax liability. Upon notification by the contracting officer to the offeror that a delinquent Federal tax liability, the offeror may provide the contracting officer with documentation that demonstrates the offeror’s tax status as paid-in-full or that an approved payment agreement has been reached, at which time the contracting officer will coordinate with the appropriate office within IRS to validate the offeror’s tax status (see FAR 9.104–5(a)(1), (b)(1) and (e)).

The offeror may want to take steps to confirm it does not have a delinquent Federal tax liability prior to submission of its response to the solicitation. If the offeror recently settled a delinquent Federal tax liability, the offeror may want to take steps to obtain information in order to demonstrate the offeror’s responsibility to the contracting officer, if such information is requested (see FAR 9.104–5(a)(1) and (b)(1)).

The interim rule supplemented paragraph (b) of FAR 9.104–5, Representation and certifications regarding responsibility matters, for the purpose of directing IRS contracting officers to the newly added DTAR subpart 1009.70, which prescribes the policies and procedures for performing a tax check on the apparent successful offeror to determine eligibility to receive an award.

The interim rule added DTAR subparts 1009.1, Responsible Prospective Contractors, and 1009.70, Tax Check Requirements. This latter subpart prescribes the policies and procedures IRS contracting officers will use for performing a tax check on the apparent successful offeror to determine eligibility to receive an award.
