The Board also makes available other publications such as general publications, reports to Congress, and economic research and data.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Persons who subscribe to the FRRS or create an account for the purpose of subscribing to the FRRS and persons...
who request to subscribe other available Board publications.

CATEGORIES OF RECORDS IN THE SYSTEM:
The Board Subscription Services system covers records related to the ordering and fulfillment of orders for the FRRS and other Board publications, such as economic research and data, general publications, and reports to Congress. The information collected for all publications (including the FRRS) includes the subscriber’s name, company name or affiliation (if applicable), shipping address, order type, email address, and phone number. For Board publications other than the FRRS, the Board also collects (in paper form) the payment type (check, money order, credit card) and, if the order is by credit card, the relevant credit card information.

In addition, subscriptions for the FRRS also include the FRRS account information (log-in and password information), the billing address, order history, and fulfillment information (shipping and delivery instructions). The Board’s vendor will also provide the Board with a monthly report on FRRS subscriptions. The monthly report will record FRRS subscription revenue and selected subscriber and fulfillment information of current FRRS subscribers, including the individual subscriber’s name, company name (if applicable), email address, and order type. The Board will also retain historical FRRS subscription and payment information from when the Board operated the FRRS subscription for the appropriate six-year record retention period.

RECORD SOURCE CATEGORIES:
The subscriber to the publication or the FRRS account holder provides the relevant information.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:
General routine uses, A, C, D, and G, apply to this system. These general routine uses are located at https://www.federalreserve.gov/files/SORN-page-general-routine-uses-of-board-systems-of-records.pdf and are published in the Federal Register at 73 FR 24984 (May 6, 2008) at 24985–86. In addition, consistent with OMB M–17–12, records may be able be disclosed in order:

1. To facilitate a response to a breach of the Board. Information may be disclosed to appropriate agencies, entities, and persons when: (1) The Board suspects or has confirmed that there has been a breach of the system of records; (2) the Board has determined that as a result of the suspected or confirmed breach there is a risk of harm to individuals or the Board (including its information systems, programs, and operations), the federal government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the Board’s efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:
Board staff are restricted to the data that is required in the performances of their duties. This is accomplished through user roles, which provide differential access levels to users based on their official duties and need-to-know. Only Board staff whose official duties require such access may view the subscription and fulfillment records. Electronic records are password protected and paper records are stored in locked file cabinets. Only select Board and vendor staff will have access to the FRRS subscriber and fulfillment information provided in the monthly FRRS vendor-provided report. Authorized Board staff will access the monthly FRRS report through an encrypted connection.
