Yucca House National Monument, CO
Zion National Park, UT
2. NPS is authorized to withdraw a park from the exempt list if NPS determines that an air tour management plan or voluntary agreement is necessary to protect park resources and values or park visitor use and enjoyment. Under this statutory authority, the NPS Director informed the FAA Administrator in writing on September 15, 2015, that NPS withdrew the exemption for Death Valley National Park and Mount Rainier National Park and on November 2, 2017 that NPS withdrew Canyon de Chelly National Monument. Cape Hatteras National Seashore, NC; San Juan Island National Historical Park, WA; and Voyageurs National Park, MN were on the 2015 exempt list but are not on the 2016 exempt list because there is no longer any operator(s) who has applied for operating authority to conduct commercial air tours over those parks.

III. List of Exempt Parks for Future Years

The FAA and NPS will publish a list of exempt parks annually. The list could change from year to year since parks may be added to or removed from the exempt list based on the previous year’s number of annual operations. In order to continue to be exempt, a park must have 50 or fewer annual commercial air tour operations in any given calendar year. The list could also change if NPS withdraws an exempted park. NPS is authorized to withdraw a park from the exempt list if NPS determines that an air tour management plan or a voluntary agreement is necessary to protect park resources and values or park visitor use and enjoyment. Pursuant to the 2012 Act, the NPS shall inform the FAA in writing of each determination to withdraw an exemption. At parks that lose exempt status, operators will return to interim operating authority requirements until an air tour management plan or a voluntary agreement has been established.
