

ORI found by a preponderance of the evidence that Respondent intentionally, knowingly, or recklessly engaged in research misconduct by falsifying and/or fabricating X-ray crystallographic data for eleven (11) protein structures and falsely reporting them as experimentally derived from X-ray diffraction experiments in nine (9) publications and in twelve (12) deposits in the PDB. ORI found that Respondent intentionally, knowingly, or recklessly falsified and/or fabricated the PDB coordinate files deposited for all of the eleven (11) structures (PDB entries 2HR0, 1BEF, 1RID, 1Y8E, 2A01, 1CMW, 1G40, 1G44, 2OU1, 1L6L, 2QID, and 1DF9) and the X-ray diffraction data (structure factors) corresponding to six (6) of the eleven (11) structures (PDB entries 2HR0, 1BEF, 1RID, 1Y8E, 2A01, and 1CMW).

Specifically, Respondent falsified and/or fabricated:

- The protein crystal structure of complement component C3b reported in *Nature* 2006 and the corresponding structure factors and coordinate file deposited in the PDB for entry 2HR0
- the protein crystal structure of dengue virus NS3 serine protease reported in *J. Biol. Chem.* 1999 and the corresponding structure factors and coordinate file deposited in the PDB for entry 1BEF
- the protein crystal structure of vaccinia virus complement control protein (VCP) in complex with heparin reported in *PNAS* 2004 and the corresponding structure factors and coordinate file deposited in the PDB for entry 1RID
- the protein crystal structure of VCP in complex with suramin (VCP-suramin) reported in *Biochem.* 2005 and the corresponding structure factors and coordinate file deposited in the PDB for entry 1Y8E
- the protein crystal structure of apolipoprotein A-I reported in *PNAS* 2006 and the corresponding structure factors and coordinate file deposited in the PDB for entry 2A01
- the protein crystal structure of Taq DNA polymerase reported in *Acta Cryst.* 1999 and the corresponding structure factors and coordinate file deposited in the PDB for entry 1CMW
- the protein crystal structure of VCP crystal form I reported in *Cell* 2001 and the corresponding coordinate files deposited in the PDB for entry 1G40
- the protein crystal structure of VCP crystal form II reported in *Cell* 2001 and the corresponding coordinate file deposited in the PDB for entry 1G44
- the protein crystal structure of apolipoprotein A-II reported in

*Biochem.* 2002 and the corresponding coordinate file deposited in the PDB for entry 2OU1

- the protein crystal structure of apolipoprotein A-II in complex with  $\beta$ -octyl glucoside reported in *Biochem.* 2002 and the corresponding coordinate file deposited in the PDB for entry 1L6L
- the protein crystal structure of dengue virus NS3 protease in complex with a Bowman-Birk inhibitor reported in *J. Mol. Biol.* 2000 and the corresponding coordinate files deposited in the PDB for entries 2QID and 1DF9

ORI issued a charge letter enumerating the above findings of research misconduct and proposing HHS administrative actions. Respondent subsequently requested a hearing before an Administrative Law Judge (ALJ) of the Departmental Appeals Board to dispute these findings. ORI filed a motion for summary judgment, which Respondent opposed. On January 19, 2018, the ALJ issued a recommended decision to the Acting Assistant Secretary for Health (ASH) granting summary judgment in favor of ORI and sustaining ORI's proposal to impose a ten-year debarment and a ten-year ban on PHS advisory services against Respondent as well as correction of Respondent's research record. The Acting ASH served a copy of the ALJ's recommended decision on the HHS Debarring Official pursuant to 42 CFR 93.523(c), and the decision constituted the findings of fact to the HHS Debarring Official in accordance with 2 CFR 180.845(c). On April 2, 2018, the HHS Debarring Official issued a final notice of debarment to begin on April 2, 2018, and end on April 1, 2028. Thus, the research misconduct findings set forth above became effective, and the following administrative actions have been implemented, beginning on April 2, 2018:

(1) Dr. Murthy is debarred for a period of ten (10) years from eligibility for any contracting or subcontracting with any agency of the United States Government and from eligibility for or involvement in nonprocurement programs of the United States Government, referred to as "covered transactions," pursuant to HHS' Implementation (2 CFR part 376) of Office of Management and Budget (OMB) Guidelines to Agencies on Governmentwide Debarment and Suspension (2 CFR part 180);

(2) Dr. Murthy is prohibited from serving in any advisory capacity to PHS including, but not limited to, service on any PHS advisory committee, board, and/or peer review committee, or as a consultant for a period of ten (10) years; and

(3) ORI will send a notice to the pertinent journals of the following publications that require retraction or correction and to the PDB for the following entries that require obsolescence, in accordance with 42 CFR 93.407(a)(1) and 93.411(b):

- Cell* 104:301–311, 2001
- Biochem.* 41:11681–11691, 2002
- Proc. Natl. Acad. Sci. USA* 101:8924–8929, 2004
- Biochem.* 44:10757–10765, 2005
- Proc. Natl. Acad. Sci. USA* 103:2126–2131, 2006
- PDB entries 1RID, 1Y8E, 2A01, 1G40, 1G44, 2OU1, and 1L6L

#### I. Funding Opportunity Description

The Indian Health Service (IHS) is committed to encouraging American Indians and Alaska Natives to enter the health professions and to assuring the availability of Indian health professionals to serve Indians. The IHS is committed to the recruitment of students for the following programs:

- *The Indian Health Professions Preparatory Scholarship (Preparatory Scholarship)* authorized by Section 103 of the Indian Health Care Improvement Act, Public Law 94–437 (1976), as amended (IHCIA), codified at 25 U.S.C. 1613(b)(1).

- *The Indian Health Professions Pre-graduate Scholarship (Pre-graduate*

Scholarship) authorized by Section 103 of the IHCLA, codified at 25 U.S.C. 1613(b)(2).

- *The Indian Health Professions Scholarship (Health Professions Scholarship)* authorized by Section 104 of the IHCLA, codified at 25 U.S.C. 1613a.

Full-time and part-time scholarships will be funded for each of the three scholarship programs. The scholarship award selections and funding are subject to availability of funds.

## II. Award Information

### *Type of Award*

Scholarship.

### *Estimated Funds Available*

An estimated \$13.7 million will be available for fiscal year (FY) 2018 awards. The IHS Scholarship Program (IHSSP) anticipates, but cannot guarantee, student scholarship selections from any or all of the approved disciplines in the Preparatory Scholarship, Pre-graduate Scholarship, and Health Professions Scholarship programs for the scholarship period 2018–2019 academic year. Due to the rising cost of education and the decreasing number of scholars who can be funded by the IHSSP, the IHSSP previously changed the funding policy for Preparatory Scholarship and Pre-graduate Scholarship awards and reallocated a greater percentage of its funding in an effort to increase the number of Health Professions Scholarship, and inherently the number of service-obligated scholars, to better meet the health care needs of the IHS and its Tribal and Urban Indian health care system partners. This policy continues in effect for 2018–2019 academic year.

### *Anticipated Number of Awards*

Approximately 30 new awards will be made by the IHSSP under the Preparatory Scholarship and Pre-graduate Scholarship programs for Indians. The awards are for 10 months in duration, with an additional 2 months for approved summer school requests, and will cover both tuition and fees and other related costs (ORC). The average award to a full-time student is approximately \$39,615.54. An estimated 263 awards will be made under the Health Professions Scholarship program. The awards are for 12 months in duration and will cover both tuition and fees and ORC. The average award to a full-time student is approximately \$48,500.00.

### *Project Period*

The project period for the Preparatory Scholarship stipend support, tuition, fees and ORC is limited to 2 years for full-time students and the part-time equivalent of 2 years, not to exceed 4 years for part-time students. The project period for the Pre-graduate Scholarship stipend support, tuition, fees and ORC is limited to 4 years for full-time students and the part-time equivalent of 4 years, not to exceed 8 years for part-time students. The Health Professions Scholarship provides stipend support, tuition, fees, and ORC and is limited to 4 years for full-time students and the part-time equivalent of 4 years, not to exceed 8 years for part-time students.

## III. Eligibility Information

This is a limited competition announcement. New and continuation scholarship awards are limited to “Indians” as defined at 25 U.S.C. Section 1603(13). *Note:* The definition of “Indians” for Section 103 Preparatory Scholarship and Pre-graduate Scholarship is broader than the definition of “Indians” for the Section 104 Health Professions Scholarship, as specified below. Continuation awards are non-competitive.

### *1. Eligibility*

*The Health Professions Preparatory Scholarship* awards are made to American Indians (Federally recognized Tribal members, including those from Tribes terminated since 1940, first and second degree descendants of federally recognized Tribal members, State-recognized Tribal members and first and second degree descendants of State-recognized Tribal members), or Eskimo, Aleut, and other Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
- Have been accepted for enrollment in a compensatory, pre-professional general education course or curriculum.

*The Health Professions Pre-graduate Scholarship* awards are made to American Indians (Federally recognized Tribal members, including those from Tribes terminated since 1940, first and second degree descendants of Tribal members, and State recognized Tribal members, first and second degree descendants of Tribal members), or Eskimo, Aleut, or other Alaska Natives who:

- Have successfully completed high school education or high school equivalency; and
- Have been accepted for enrollment or are enrolled in an accredited pre-graduate program leading to a

baccalaureate degree in pre-medicine, pre-dentistry, pre-optometry or pre-podiatry.

*The Indian Health Professions Scholarship* may only be awarded to an individual who is a member of a federally recognized Indian Tribe, Eskimo, Aleut, or other Alaska Native as provided by Section 1603(13) of the IHCLA. Membership in a Tribe recognized only by a State does not meet this statutory requirement. To receive an Indian Health Professions Scholarship, an otherwise eligible individual must be enrolled in an appropriately accredited school and pursuing a course of study in an eligible profession.

### *2. Cost Sharing/Matching*

The IHS does not require matching funds or cost sharing for grants or cooperative agreements.

### *3. Benefits From State, Local, Tribal and Other Federal Sources*

Awardees of the Preparatory Scholarship, Pre-graduate Scholarship, or Health Professions Scholarship, who accept outside funding from other scholarship, grant, and fee waiver programs, will have these monies applied to their student account tuition and fees charges at the college or university they are attending, before the IHSSP will pay any of the remaining balance, unless said outside scholarship, grant, or fee waiver award letter specifically excludes use for tuition and fees. These outside funding sources must be reported on the student's invoicing documents submitted by the college or university they are attending. Student loans and Veterans Administration (VA)/G.I. Bill benefits accepted by Health Professions Scholarship recipients will have no effect on the IHSSP payment made to their college or university.

## V. Application Review Information

### 1. Criteria

Applications will be reviewed and scored with the following criteria.

- Academic Performance (40 Points)

Applicants are rated according to their academic performance as evidenced by transcripts and faculty evaluations. In cases where a particular applicant's school has a policy not to rank students academically, faculty

members are asked to provide a personal judgment of the applicant's achievement. Preparatory, Pre-graduate and Health Professions applicants with a cumulative GPA below 2.0 are not eligible for award.

- Faculty/Employer Recommendations (30 Points)

Applicants are rated according to evaluations by faculty members, current and/or former employers and Tribal officials regarding the applicant's potential in the chosen health related professions.

- Stated Reasons for Asking for the Scholarship and Stated Career Goals Related to the Needs of the IHS (30 Points)

Applicants must provide a brief written explanation of reasons for asking for the scholarship and of their career goals. Applicants are considered for scholarship awards based on their desired career goals and how these goals relate to current Indian health personnel needs.

The applicant's narrative will be judged on how well it is written and its content.

Applications for each health career category are reviewed and ranked separately.

- Applicants who are closest to graduation or completion of training are awarded first. For example, senior and junior applicants under the Pre-graduate Scholarship receive funding before freshmen and sophomores.

- Priority Categories

The following is a list of health professions that will be considered for funding in each scholarship program in FY 2018.

- Preparatory Scholarship is limited to senior and junior students pursuing the following degrees.

  - D. Pre-Podiatry.
- Health Professions Scholarship.
  - A. Medicine—Allopathic and Osteopathic doctorate degrees

(Priority consideration will be given to Registered Nurses employed by

the IHS; in a program conducted under a contract or compact entered into under the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638) and its amendments; or in a program assisted under Title V of the IHCA.)

- C. Nursing (NP, DNP)—Nurse Practitioner/Advanced Practice Nurse in Family Practice, Psychiatry, Geriatric, Women’s Health, Pediatric Nursing
- D. Nursing—Certified Nurse Midwife (CNM)
- E. Certified Registered Nurse Anesthetist (CRNA)
- F. Physician Assistant (certified)
- G. Dentistry—DDS or DMD degree
- H. Social Work—Master’s degree
- I. Chemical Dependency Counseling—Master’s degree
- J. Clinical Psychology—Ph.D. or PsyD
- K. Counseling Psychology—Ph.D.
- L. Optometry—OD
- M. Pharmacy—PharmD
- N. Podiatry—DPM
- O. Physical Therapy—MS or DPT

## 2. Review and Selection Process

The applications will be reviewed and scored by the IHSSP Application Review Committee appointed by the IHS. Reviewers will not be allowed to review an application from their area or their own Tribe. Each application will be reviewed by three reviewers. The average score of the three reviews provides the final ranking score for each applicant. To determine the ranking of each applicant, these scores are sorted from the highest to the lowest within each scholarship health discipline by date of graduation and score. If several students have the same date of graduation and score within the same discipline, the computer will randomly sort the ranking list and will not sort by alphabetical name. Selections are then made from the top of each ranking list to the extent that funds allocated by the IHS among the three scholarships are available for obligation.

## VI. Award Administration Information

### 1. Award Notices

It is anticipated that recipients applying for extension of their scholarship funding will be notified in writing during the second week of June 2018 and new applicants will be notified in writing during the second week of July 2018. An Award Letter will be issued to successful applicants. Unsuccessful applicants will be notified in writing and provided an IHS official contact name if more information is desired.

### 2. Administrative and National Policy Requirements

Regulations at 42 CFR 136.304 provide that the IHS shall, from time to time, publish a list of allied health professions eligible for consideration for the award of the Preparatory Scholarship, Pre-graduate Scholarship, and Health Professions Scholarship. Section 104(b)(1) of the IHCA, 25 U.S.C. 1613a(b)(1), authorizes the IHS to determine the distribution of scholarships among the health professions.

Awards for the Health Professions Scholarship will be made in accordance with the IHCA, 25 U.S.C. 1613a and 42 CFR 136.330–136.334. Awardees shall incur a service obligation prescribed under the IHCA, Section 1613a(b), shall be met by service, through full-time clinical practice (as detailed on page 18 of the IHSSP Service Commitment Handbook at: [http://www.ihs.gov/scholarship/handbooks/service\\_commitment\\_handbook.pdf](http://www.ihs.gov/scholarship/handbooks/service_commitment_handbook.pdf)):

- (1) In the IHS;
- (2) In a program conducted under a contract or compact entered into under the Indian Self-Determination and Education Assistance Act (Pub. L. 93–638) and its amendments;
- (3) In a program assisted under Title V of the Indian Health Care Improvement Act (Pub. L. 94–437) and its amendments; or
- (4) In a private practice option of his or her profession if the practice (a) is situated in a health professional shortage area, designated in regulations promulgated by the Secretary of Health and Human Services (Secretary) and (b) addresses the health care needs of a substantial number (75 percent of the total served) of Indians as determined by the Secretary in accordance with guidelines of the Service.

Pursuant to the IHCA Section 1613a(b)(3)(C), an awardee of a Health Professions Scholarship may, at the election of the awardee, meet his or her service obligation prescribed under IHCA Section 1613a(b) by a program specified in options (1)–(4) above that:

- (i) Is located on the reservation of the Tribe in which the awardee is enrolled; or
- (ii) Serves the Tribe in which the awardee is enrolled, if there is an open vacancy available in the discipline for which the awardee was funded under the Health Professions Scholarship during the required 90-day placement period.

In summary, all awardees of the Indian Health Professions Scholarship are reminded that acceptance of this scholarship will result in a service

obligation required by both statute and contract, that must be performed, through full-time clinical practice, at an approved service payback facility. The IHS Director (Director) reserves the right to make final decisions regarding assignment of scholarship recipients to fulfill their service obligation.

Moreover, the Director has the authority to make the final determination, designating a facility, whether managed and operated by the IHS, or one of its Tribal or Urban Indian partners, consistent with IHCA, as approved for scholar-obligated service payback.

### 3. Reporting Requirements

#### Scholarship Program Minimum Academic Requirements

It is the policy of the IHS that a scholarship awardee funded under the Health Professions Scholarship Program of the IHCA must maintain a 2.0 cumulative GPA, remain in good academic standing each semester/trimester/quarter, maintain full-time student status (institutional definition of “minimum hours” constituting full-time enrollment applies) or part-time student status (institutional definition of “minimum and maximum” hours constituting part-time enrollment applies) for the entire academic year, as indicated on the scholarship application submitted for that academic year. The Health Professions Scholarship awardee may not change his or her enrollment status between terms of enrollment during the same academic year unless approved in advance by the Branch Chief of Scholarships. New recipients may not request a leave of absence the first academic year. All requests for leave of absence are to be approved in advance by the Director, Division of Health Professions Support.

An awardee of a scholarship under the Preparatory Scholarship and Pre-graduate Scholarship authority must maintain a 2.0 cumulative GPA, remain in good standing each semester/trimester/quarter and be a full-time student (institutional definition of “minimum hours” constituting full-time enrollment applies, typically 12 credit hours per semester) or a part-time student (institutional definition of “minimum and maximum” hours constituting part-time enrollment applies, typically 6–11 credit hours). The Preparatory Scholarship and Pre-graduate Scholarship awardee may not change from part-time status to full-time status or vice versa in the same academic year unless approved in advance by the Branch Chief of Scholarships. New recipients may not

request a leave of absence the first academic year.

#### Prefusion Coronavirus Spike Proteins and Their Use

##### Description of Technology

Coronaviruses (CoVs) can cause severe respiratory disease with high fatality rates in humans. The 2002-2003 SARS-CoV epidemic resulted in 8098 cases and 744 deaths, and MERS-CoV, which emerged in 2012, has resulted in 2144 cases and over 750 deaths as of March 2018. Currently, there are no effective prophylactic or therapeutic measures, and because other CoVs are poised to emerge as new human pathogens, there is a need to define a general CoV vaccine solution. Past efforts to develop CoV vaccines have used whole-inactivated virus, live-attenuated virus, recombinant protein subunit, or genetic approaches.

CoV spike (S) proteins mediate cellular attachment and membrane fusion and are therefore the target of protective antibodies. Inventors at the Vaccine Research Center of the National Institute of Allergy and Infectious Diseases have developed a novel CoV S protein vaccine antigen. This
