

jeopardizing the safety or security of people, places or vessels.

List of Subjects 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1; 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

- 2. Add § 165.T08–0083 to read as follows:

§ 165.T08–0083 Safety Zone; Mississippi Sound, Biloxi, MS

(a) *Location.* The following area is a safety zone. All navigable waters of the Mississippi Sound, within the positions of 30°23′22.6″ N 88°50′54.9″ W; 30°23′25.5″ N 88°53′12.1″ W; 30°22′52.3″ N 88°50′55.8″ W; 30°22′56.3″ N 88°53′11.9″ W over the Biloxi Harbor Channel in Biloxi, MS.

(b) *Enforcement period.* This section is effective from 9 a.m. on July 19, 2018 through 5 p.m. on July 22, 2018.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting through, or exiting from this area is prohibited unless authorized by the Captain of the Port Sector Mobile (COTP) or a designated representative. A designated representative may be a Patrol Commander (PATCOM). The PATCOM may be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The PATCOM may be contacted on Channel 16 VHF–FM (156.8 MHz) by the call sign “PATCOM”.

(2) All persons and vessels not registered with the event sponsor as participants or official patrol vessels are considered spectators. The “official patrol vessels” consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the COTP to patrol the regulated area.

(3) Spectator vessels desiring to transit the regulated area may do so only with prior approval of the COTP or a designated representative and when so directed by that officer will be operated at a minimum safe navigation speed in a manner that will not endanger participants in the zone or any other vessels.

(4) No spectator vessel shall anchor, block, loiter, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for entry by or through an official patrol vessel.

(5) Any spectator vessel may anchor outside the regulated area, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event. Such mooring must be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

(6) The COTP or a designated representative may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(7) The COTP or a designated representative may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

(8) The COTP or a designated representative can terminate enforcement of the safety zone at the conclusion of the event.

(d) *Informational broadcasts.* The COTP or a designated representative will inform the public through Broadcast Notices to Mariners of the enforcement period for the temporary safety zone as well as any changes in the planned schedule.

Dated: April 17, 2018.

M.R. McLellan,

Captain, U.S. Coast Guard, Captain of the Port Sector Mobile.

BILLING CODE 9110–04–P

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 4

Technical Correction to Combined Ratings Table

AGENCY: Department of Veterans Affairs.

ACTION: Final rule; correcting amendment.

SUMMARY: The Department of Veterans Affairs (VA) published, in the **Federal Register** of March 18, 1976, a final rule amending its Schedule For Rating

Disabilities regulations. The amendment, which was accurately reflected in the **Federal Register** document, was subsequently misprinted when included in Part 4 of title 38, Code of Federal Regulations. Therefore, VA is correcting this misprint which contained two typographical errors found in Table I of the Combined Ratings Table.

DATES: Effective April 24, 2018.

FOR FURTHER INFORMATION CONTACT:

Gabrielle Mancuso, Consultant, Regulations Staff (211D), Compensation Service, Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 461–9700. (This is not a toll-free telephone number.)

SUPPLEMENTARY INFORMATION: On March 18, 1976, VA published in the **Federal Register** (41 FR 11293), an amendment to Part 4 of title 38, Code of Federal Regulations, that revised several disabilities, added new ratings codes and criteria, and redesignated the Combined Ratings Table at 38 CFR 4.25 as “Table I.” Although there were no changes made to the combined ratings values found in Table I, the table was misprinted when published in the Code of Federal Regulations. Specifically, two typographical errors were made on row 89 columns 70 and 80. This misprint has continued in both paper and online publications to date.

This document now corrects those typographical errors by removing “87” and adding in its place “97” (row 89 column 70) and removing “38” and adding in its place “98” (row 89 column 80). These errors do not affect any benefits which were previously paid as VA’s electronic systems have correctly computed the combined degree of disability.

List of Subjects in 38 CFR Part 4

Administrative practice and procedure, Claims, Disability benefits, Veterans.

Approved: April 19, 2018.

Jeffrey M. Martin,

Impact Analyst, Office of Regulation Policy & Management, Office of the Secretary, Department of Veterans Affairs.

For reasons stated in the preamble, VA amends 38 CFR part 4 by making the following correcting amendments:

PART 4—SCHEDULE FOR RATING DISABILITIES

- 1. The authority citation for part 4 continues to read as follows:

Authority: 38 U.S.C. 1155, unless otherwise noted.

- 2. In § 4.25 “Table I-Combined Ratings Table” revise row 89 to read as follows:

§ 4.25 Combined ratings table.

* * * * *

TABLE I—COMBINED RATINGS TABLE

[10 combined with 10 is 19]

	10	20	30	40	50	60	70	80	90
	*	*	*	*	*	*	*	*	*
89	90	91	92	93	95	96	97	98	99
	*	*	*	*	*	*	*	*	*

BILLING CODE 8320–01–P

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 62****[EPA–R07–OAR–2018–0005; FRL–9977–10—Region 7]****Approval of State Plans for Designated Facilities and Pollutants; Missouri; Hospital, Medical, and Infectious Waste Incineration (HMIWI) Units****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving revisions to the Missouri state plan for designated facilities and pollutants developed under sections 111(d) and 129 of the Clean Air Act (CAA) that were requested by Missouri Department of Natural Resources (MDNR) in two separate submissions made on August 8, 2011 and on July 3, 2014. This final action will amend the state regulations referenced in the state's 111(d) plan applicable to existing Hospital, Medical, Infectious Waste Incinerators (HMIWI) operating in the state of Missouri. The state rule revisions we are approving with this action update HMIWI regulatory requirements for emission limits for waste management plans, training, compliance and performance testing, monitoring, and reporting and recordkeeping to be consistent with updates to Federal rules. These regulatory revisions we are approving into Missouri's state plan do not impact air quality. EPA's approval of this revision is being performed in accordance with the requirements of CAA section 111(d) as further described in the Technical Support Document that is included in this docket.

DATES: This rule will be effective May 24, 2018.**FOR FURTHER INFORMATION CONTACT:**

Larry Gonzalez, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219 at (913) 551–7041 or by email at gonzalez.larry@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document “we,” “us,” or “our” refer to EPA. This section provides additional information by addressing the following:

- I. What is being addressed in this document?
- II. What action is EPA taking?
- III. Statutory and Executive Order Reviews

I. What is being addressed in this document?

EPA is approving revisions to the regulations cited in Missouri's state plan for HMIWI facilities and pollutants developed under sections 111(d) and 129 of the CAA that were requested by MDNR in two separate submissions made on August 8, 2011, and on July 3, 2014. This regulatory action is a revision to the state's regulatory requirements for existing facilities and not new sources. The amended state rule limits emissions of metals, particulate matter, acid gases, organic compounds, carbon monoxide, and opacity. These rule revisions are necessary to ensure that the state regulations applicable to HMIWI are consistent with updates to Federal rules for HMIWI.

The August 8, 2011, submittal updates requirements for emission limits, waste management plans, training, compliance and performance testing, monitoring, and reporting and recordkeeping requirements that apply to existing HMIWI facilities. Additionally, the state's regulatory revisions also include the movement of definitions, previously located in the state rule that applies specifically to HMIWI (10 CSR 10–6.200) to a new regulatory section that contains definitions applicable to air rules in general (10 CSR 10–6.020).

In the July 3, 2014 request, Missouri is seeking approval of additional revisions made to 10 CSR 10–6.200 that revise the regulations to follow the revised Federal standards. In addition to updating the emission standard tables, the revisions remove language from the compliance and performance testing provisions applicable to HMIWI that provided an exemption to compliance with the emission limits during startup, shutdown and malfunction conditions. Additionally, the state revised the hierarchy of definitions to clearly state that the applicable definitions in the Code of Federal Regulations take precedence over those in 10 CSR 10–6.020, and revised the test methods references in the state rule to match how the test methods are referred to in the Federal HMIWI regulations.

This final action addresses both requests to amend the state plan by amending the underlying regulation referenced in the 111(d) plan applicable to HMIWI. For additional information on EPA's rationale for approval, see EPA's proposal which contains background information for this action (83 FR 5231, February 6, 2018).

II. What action is EPA taking?

EPA is approving Missouri's August 8, 2011 and July 3, 2014, submittals of its amended 111(d) plan for HMIWI in accordance with our proposed rule dated February 6, 2018 (83 FR 5231), in which we proposed to approve the MDNR request and requested comment regarding our future action. EPA received one comment in response to our proposal which was not related to the proposed rule and therefore a response is not required.

III. Statutory and Executive Order Reviews

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a “significant regulatory action” and therefore is not subject to review under Executive Orders 12866 and 13563 (76 FR 3821, January 21, 2011). This action is not subject to review under Executive
