Defense Investigative Service (DIS) Freedom of Information Act Program

AGENCY: Defense Investigative Service, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes DoD's regulation concerning the Defense Security Service (DSS), formerly the Defense Investigative Service (DIS), Freedom of Information Act program. On February 6, 2018, the DoD published a revised FOIA program rule as a result of the FOIA Improvement Act of 2016. When the DoD FOIA program rule was revised, it included DoD component information and removed the requirement for component supplementary rules. The DoD now has one DoD-level rule for the FOIA program at 32 CFR part 286 that contains all the codified information required for the Department. Therefore, this part can be removed from the CFR.

DATES: This rule is effective on April 26, 2018.

FOR FURTHER INFORMATION CONTACT: Stephanie Courtney at 571-305-6740.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on removing DoD internal policies and procedures that are publically available on the Department's website.

DSS internal guidance concerning the implementation of the FOIA within DSS will be published in new guidance in the near future (will be available at <http://www.dss.mil/foia/index.html>).

This rule is one of 14 separate DoD FOIA rules. With the finalization of the

DoD-level FOIA rule at 32 CFR part 286, the Department is eliminating the need for this separate FOIA rule and reducing costs to the public as explained in the preamble of the DoD-level FOIA rule published at 83 FR 5196-5197.

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review," therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" does not apply.

Special Local Regulation; Red River, Alexandria, LA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary special local regulation for all navigable waters of the Red River from mile marker (MM) 88.0 to MM 88.4, in Alexandria, LA. This action is necessary to protect spectators and vessels during the Louisiana Dragon Boat Races regatta. Entry of vessels or persons into this regulated area is prohibited unless authorized by the

Captain of the Port Sector Lower Mississippi River (COTP) or a designated representative.

DATES: This rule is effective from 6 a.m. through 4 p.m. on May 5, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG–2018–0312 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

 NPRM Notice of proposed rulemaking § Section
 U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency, for good cause, finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The Coast Guard did not receive the event details in sufficient time to publish an NPRM. We must establish this special local regulation on May 5, 2018 and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule. The NPRM process would delay the establishment of the regulated area until after the date of the regatta and compromise public safety.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and

contrary to public interest because immediate action is necessary to protect persons and property from the dangers associated with commercial traffic interacting with this rowing event.

III. Legal Authority and Need for a Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1233. The Captain of the Port Sector Lower Mississippi River (COTP) has determined that potential hazards associated with the Louisiana Dragon Boat Races from 6 a.m. to 4 p.m. on May 5, 2018 will be a safety concern for all navigable waters of the Red River from mile marker (MM) 88.0 to MM 88.4. This rule is needed to ensure the safety of life and vessels on these navigable waters before, during, and after the scheduled event.

IV. Discussion of the Rule

This rule establishes a special local regulation from 6 a.m. through 4 p.m. on May 5, 2017 for all navigable waters of the Red River from MM 88.0 to MM 88.4 in the vicinity of Alexandria, LA. The duration of the regulated area is intended to ensure the safety of life and vessels on these navigable waters before, during, and after the scheduled event. No vessel or person may enter the regulated area unless authorized by the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard assigned to units under the operational control of USCG Sector Lower Mississippi River.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, duration, and time-of-day of the special local regulation. This special local regulation will restrict vessel traffic on a less than half-mile stretch of the Red River during daylight hours on only one day. Moreover, the Coast Guard will issue Broadcast Notice to Mariners (BNMs) via VHF–FM marine channel 16 about the regulated area, and the rule allows vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the regulated area may be small entities, for the reasons stated in section V.A. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a special local regulation lasting ten hours for an event

spanning 0.4 miles of the Red River in the vicinity of Alexandria, LA. It is categorically excluded from further review under paragraphs L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 01. A Record of Environmental Consideration is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.
