**SUPPLEMENTARY INFORMATION:** In 1994, the Federal Aviation Act was revised and codified within Subtitle VII of Title 49 of the United States Code (Pub. L. 103-272, July 5, 1994). Since the codification, the Department has made numerous amendments to make the CFR consistent with the provisions of the current statute (49 U.S.C., Subtitle VII). Some provisions, however, remained unchanged, due in part to the complexity of certain issues, such as antitrust immunity, agreements, and waivers. This rule proposes to update the economic regulations by modifying language to reflect current statutory provisions related to these remaining issues. The proposed language is not intended to diminish any existing Civil Aeronautics Board (CAB) provisions or precedent still in effect. Thus, the Department is seeking comment on whether any of the references to CAB or other referenced terms, which are proposed for removal in this rulemaking, are still relevant and, therefore, should be retained for precedential or other useful purposes. We are also seeking comment on whether additional proposed changes and updates to the Aviation Economic Rules (14 CFR parts 200 through 399) should be adopted.

More specifically, this rule proposes updating the regulatory language throughout 14 CFR parts 200-399 in the following ways: (1) Where references to the CAB are no longer relevant,

replacing the term "Board" or "CAB", where appropriate, with "Department", "DOT" or "Predecessor"; (2) removing citations to the "Federal Aviation Act" or "Act" and adding citations to the appropriate sections of Title 49 of the United States Code; (3) inserting current names of forms in place of outdated references to CAB forms; (4) adding up-to-date titles for offices within the Department; and (5) updating the authority citations, where needed.

Additional changes are as follows:

Part 204 describes the data the Department uses to support carrier fitness determinations. Section 204.4 discusses carrier obligations for proposing to provide essential air service. The section is no longer in use and is obsolete. As such, the section would be removed in its entirety.

Parts 207 and 208 address U.S. scheduled and charter air carrier requirements with respect to charter trips. Both parts refer to 14 CFR part 212 in describing carrier obligations on charter air transportation and contain no independent obligations of their own. As such, the parts are obsolete and would be removed.

Part 221 describes carrier obligations with respect to tariffs. This rule proposes to revise part 221 by broadening the language used to refer to international treaties. The current regulation refers to the Warsaw Convention, which is no longer the relevant international treaty applicable to travelers on many itineraries. The rule would update and simplify existing passenger notification requirements and consolidate such requirements into a single section. Specifically, the rule would consolidate separate notice requirements for liability from death or injury and liability from damage to baggage into a single notice requirement that better reflects the current international landscape, including references to the 1999 Montreal Convention, which governs many international itineraries originating or terminating in the United States. As of 2017, a carrier's liability could be limited under the 1999 Montreal Convention to 113,100 Special Drawing Rights (SDR) for damages from death or injury, 4,694 SDR for damages caused by the delay of passengers, and 1,131 SDR for damages resulting from the destruction, loss, damage, or delay of baggage. The proposed rule would also remove + references to agreements approved by CAB order. Carriers will be provided until December 31, 2019, to comply with the signage requirements of this part.

Part 223 sets forth rules regarding free and reduced-rate transportation. This

rule proposes to update part 223 by removing references to specific sections of the “Act” such as “under section 408 of the Act.” Additionally, in section 223.1, the term “handicapped passenger” is used to describe a person with a disability. However, under the Americans with Disabilities Act (ADA), the current practice is to use “person-first” terminology (e.g., changes “handicapped person” to “person with a disability”). Where applicable, as the Department reviews its regulations, the term “handicapped” would be replaced with the person-first terminology in alignment with the ADA. This rule proposes to remove the term “Handicapped passenger” and would replace it with the term “passenger with a disability.”

Part 232 established procedures for a party aggrieved by an order of the Postmaster General to request a review by DOT. In 2008, amendments to 49 U.S.C. 41902 removed from the statute the authority for the Secretary of Transportation to amend, modify, suspend, or cancel an order of the Postal Service (Pub. L. 110–405, Jan. 4, 2008). Accordingly, the statutory basis for Part 232 regulations no longer exists and Part 232 would be removed.

Part 234 describes the requirements for filing airline service quality performance reports. The existing citation of authorities for this part contains an error. This rule corrects the error.

Part 241 describes a uniform system of accounts and reports for large carriers. This rule proposes to remove section 01 of part 241. The section restates outdated statutory text and may lead to confusion if retained.

Part 272 established essential air service procedures for the Freely Associated States comprising the Federated States of Micronesia (Ponape, Truk and Yap), the Marshall Islands (Majuro and Kwajalein), and Koror in Palau. The procedures include requirements for airlines to file notice before suspending service, an obligation to continue to provide service when subsidy is available, and carrier-selection criteria. Section 272.12 states, “These provisions shall terminate on October 1, 1998, unless the essential air service program to the Federated States of Micronesia, the Marshall Islands and Palau is specifically extended by Congress.” Congress did not extend the program (Pub. L. 101–219, Sec. 110(b), (Dec. 12, 1989)). Thus, the statutory basis for the regulation no longer exists and part 272 would be removed.

Part 300 sets forth the rules of conduct in DOT proceedings involving aviation economic and enforcement

matters. Many of these rules set forth standards of ethical conduct applicable to DOT employees with respect to aviation economic matters. DOT employees are also subject to the ethics requirements of 49 CFR 99.735–1. In order to reduce the duplicative nature of both sets of ethics requirements and to minimize the potential for confusion over such requirements, several sections of part 300 would be removed under this rule. The resulting regulations will ensure consistent ethical standards across all employees of the agency.

Part 302 sets forth the Rules of Practice in Proceedings before the DOT. Part 305 describes the Rules of Practice for Informal Nonpublic Investigations undertaken by the Office of Aviation Enforcement and Proceedings. Part 385 sets forth the authorities and functions of various DOT officials. On August 17, 2012, the Department issued an extensive revision to 49 CFR part 1 (Organization and Delegation of Powers and Duties) [77 FR 49965]. The Department proposes to revise parts 302, 305, and 385 to reflect the changes set forth in the revision to part 1.

Part 330 established procedures implementing the airline compensation section of the Air Transportation Safety and System Stabilization Act, which was enacted following the terrorist attacks of September 11, 2001, Public Law 107–42, (Sept. 22, 2001) (the Stabilization Act). Section 103 of the Stabilization Act appropriated up to \$5 billion, to be administered by the Department of Transportation, to compensate air carriers for losses they incurred due to the attacks. Part 330 set out carrier eligibility criteria; forms for applying for the compensation payments; details on types of losses that would and would not be eligible for compensation; audit procedures; and details on a set-aside program for certain air taxis, commuter carriers, and other small carriers. Of the 427 applications processed, 407 applicants were deemed eligible under part 330. These carriers received payments in a total amount of \$4.6 billion. All eligible appropriations have been completed and payments have now been processed and paid, and all functions and responsibilities under this section have been fulfilled. As a result, part 330 serves no further purpose and would be removed.

Part 374 specifies the Department’s responsibility for enforcing air carrier and foreign air carrier compliance with the applicable requirements of the Consumer Credit Protection Act. This rule proposes revising part 374 by updating the language in § 374.3 regarding references to Regulation B, 12 CFR part 202, and Regulation Z, 12 CFR

part 226. Enforcement responsibility for parts 202 and 226 has been divided and reassigned among Federal government agencies. Accordingly, the language in § 374.3 will be revised to reference the current applicable regulations, 12 CFR part 1026.

Part 380 is applicable to public charter air transportation in interstate or foreign air transportation. This rule proposes revising part 380 by updating Appendix A and B. part 380 sets forth the Department’s rules governing Public Charter air transportation of passengers whether furnished by direct air carriers or Public Charter Operators. Appendix A and B to part 380, respectively, contain the format for the Public Charter Operator’s Surety Bond and the Public Charter Surety Trust Agreement. Since the existing Appendix A and B to part 380 were published in 1998, various changes have been made to both documents. Therefore, Appendix A and B would be updated to provide the most current format for the Public Charter Operator’s Surety Bond and the Public Charter Surety Trust Agreement.

In part 385, the Secretary of Transportation delegates certain continuing assignments of authority to Secretarial Officers regarding the Department’s functions of issuing orders or other determinations pursuant to 49 U.S.C. 322 and 49 CFR part 1. The Secretary has determined that several of the items currently prepared for decision at the Assistant Secretary level could be handled more efficiently at the Office Director level, thereby providing more time for the Assistant Secretary and immediate secretarial staff to concentrate on controversial and policy-sensitive issues. This action would ensure that routine items are processed in a much more timely and efficient manner. Thus, this rulemaking proposes to amend sections 385.12 and 385.13 to reflect the expanded assignments of authority to the Director of the Office of Aviation Analysis and the Director of the Office of International Aviation, both in the Office of the Assistant Secretary for Aviation and International Affairs.

Section 385.12 defines the authority of the Director of the Office of Aviation Analysis. This rule proposes to authorize the Director to issue Essential Air Service (EAS) Requests for Proposals and certain final EAS selection orders. This expanded delegation alone would relieve the Assistant Secretary for Aviation and International Affairs of reviewing nearly sixty orders per year, saving over three hundred (300) hours of senior management time and approximately one hundred twenty (120) hours of staff

time in the Office of Aviation Analysis. This rule proposes to expand the Director's authority to issue quarterly fuel rate adjustments to Alaskan bush and mainline mail rates and to issue certain procedural orders in antitrust immunity cases processed under 49 U.S.C. 41308 and 41309. This rule also proposes to remove paragraphs (f), (h), and (i) of section 385.12, as these requirements would be placed under the authority of the Director of the Office of International Aviation in section 385.13. Accordingly, subsections (g)–(k) would be re-designated.

Section 385.13 defines the authority of the Director of the Office of International Aviation. This rule proposes to amend subsection (a) of section 385.13 to grant the Director the authority to issue final orders on uncontested tariff exemptions. This rulemaking also proposes to amend subsection (b) to authorize the Director to issue final orders on uncontested applications for U.S. carrier certificate and foreign air carrier permit authority. Further, this action proposes to add two new subsections regarding fares and tariffs and amend subsection 385.13(r)(1) to give the Director the authority to exempt IATA<sup>1</sup> agreements under section 41309; this would be in addition to the Director's existing authority to approve or disapprove such agreements. This rule also proposes adding new subsections (z)–(dd) that would: (1) Authorize the Director to issue orders and notices adjusting the Standard Foreign Fare Level; (2) authorize the Director to issue notices updating the list of country-pair markets in tariff-filing categories under part 293 of this chapter; (3) give the Director assigned authority as to certain matters processed by the Office of International Aviation's U.S. Air Carrier Licensing/Special Authorities Division; and (4) add requirements moved from 385.12(f), 385.12(h), and 385.12(i).

Sections 385.14 and 385.15 define the authority of the General Counsel and Deputy General Counsel, respectively. Consistent with the delegation of duties assigned in 49 CFR part 1, as revised on August 16, 2012, by 77 FR 49964, the Secretary has assigned several duties to the General Counsel. Sections 385.14 and 385.15 would be revised to reflect this assignment of duties. This rule would remove section 385.15 and transfer its functions to section 385.14.

Part 389 describes fees and charges for special services. This rule proposes to amend part 389 by (1) removing references to organizations and position titles that no longer exist and replacing

them with references to appropriate organizations and positions, (2) correcting the filing fees charged for special services to reflect a recent rulemaking action, (3) allowing for payment of filing fees using the internet, and (4) revising the descriptions of licenses for which the Department charges filing fees.

Part 398 establishes guidelines for the determination of basic essential air service. The Department proposes to amend part 398 by removing an outdated provision for funding reductions in § 398.11. Section 398.11 was superseded by Public Law 106–69, Title III, § 332, October 9, 1999, 113 Stat. 1022.

Part 399, subpart C sets forth the Department's policies related to rates and tariffs. This rulemaking action proposes removing fourteen sections from this subpart (§§ 399.30, 399.31, 399.32, 399.33, 399.34, 399.37, 399.40, 399.41, 399.42, 399.43, 399.44, 399.63, 399.101, and 399.111). These sections are obsolete because of the Airline Deregulation Act of 1978 and the Civil Aeronautics Board Sunset Act of 1984.

#### Regulatory Analyses and Notices

##### *A. Executive Order 12866 and DOT Regulatory Policies and Procedures*

This NPRM is not a significant regulatory action under Executive Order 12866 and the Department's Regulatory Policies and Procedures. Its provisions involve technical amendments to update statutory references and to update the titles and addresses of offices. The rule also proposes to remove certain appendices, sections, and forms that are no longer relevant. This rule does not propose any major policy changes or impose significant new costs or burdens.

##### *B. Executive Order 13771 (Reducing Regulation and Controlling Regulatory Costs)*

This proposed rule is not expected to be an E.O. 13771 regulatory action because this proposed rule is not significant under E.O. 12866.

##### *C. Regulatory Flexibility Act*

Pursuant to section 605 of the Regulatory Flexibility Act (RFA), 5 U.S.C. 605(b), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA), I hereby certify that this rulemaking would not have a significant impact on a substantial number of small entities. The NPRM would impose no duties or obligations on small entities.

##### *D. Executive Order 13132 (Federalism)*

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this NPRM in accordance with the principles and criteria contained in the Order and have determined that it does not have implications for federalism, since it merely makes technical amendments to the existing regulations. This NPRM does not have a substantial direct effect on, or sufficient federalism implications for, the States, nor would it limit the policymaking discretion of the States.

##### *E. Executive Order 13175*

This NPRM has been analyzed in accordance with the principles and criteria contained in Executive Order 13175 ("Consultation and Coordination with Indian Tribal Governments"). Because this NPRM does not significantly or uniquely affect the communities of the Indian tribal governments or impose substantial direct compliance costs on them, the funding and consultation requirements of Executive Order 13175 do not apply.

##### *F. Paperwork Reduction Act*

The Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*) requires that DOT consider the impact of paperwork and other information collection burdens imposed on the public and, under the provisions of PRA section 3507(d), obtain approval from the Office of Management and Budget (OMB) for each collection of information it conducts, sponsors, or requires through regulations. The DOT has determined there are no new information collection requirements associated with this NPRM.

##### *G. National Environmental Policy Act*

The agency has analyzed the environmental impacts of this proposed action pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, Procedures for Considering Environmental Impacts (44 FR 56420, Oct. 1, 1979). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). The purpose of this rulemaking is to make editorial

corrections, remove obsolete references, and update outdated provisions in the Department's aviation economic regulations. The agency does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this rulemaking.

#### Advice to International Passengers on Limitations of Liability

Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of an international treaty (the Warsaw Convention,

the 1999 Montreal Convention, or other treaty), as well as a carrier's own contract of carriage or tariff provisions, may be applicable to their entire journey, including any portion entirely within the countries of departure and destination. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage.

Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under an international treaty. For further information please consult your airline or insurance company representative.

(2) The statement prescribed herein shall be printed or displayed in type at least as large as 10-point modern type and in ink contrasting with the stock on:

(i) Each ticket, including electronic tickets;

(ii) A piece of paper either placed in the ticket envelope with the ticket or attached to the ticket; or

(iii) The ticket envelope.

(3) When a carrier is a signatory of a Department-approved intercarrier agreement implementing an international treaty, and such agreement contains specific text a carrier may use as a notice to international passengers regarding carrier liability, the carrier may substitute the exact text contained in the intercarrier agreement in lieu of the required text of the notice quoted in paragraph (a)(1) of this section.

(b) By December 31, 2019, each air carrier and foreign air carrier which, to any extent, avails itself of the limitation on liability to passengers provided by an international treaty, shall also cause to be displayed continuously in a conspicuous public place at each desk, station, and position in the United States which is in the charge of a person employed exclusively by it or by it jointly with another person, or by any agent employed by such air carrier or foreign air carrier to sell tickets to passengers whose transportation may be governed by an international treaty and whose place of departure or destination may be in the United States, a sign which shall have printed thereon the statement prescribed in paragraph (a)(1) of this section.

(c) It shall be the responsibility of each carrier to insure that travel agents authorized to sell air transportation for such carrier comply with the notice provisions of paragraphs (a) and (b) of this section.

(d) Any air carrier or foreign air carrier subject to the provisions of this section which wishes to use a notice of limited liability of its own wording, but containing the substance of the language

prescribed in paragraphs (a) and (b) of this section, may substitute a notice of its own wording upon approval by the Department.

(e) The requirements as to time and method of delivery of the notice (including the size of type) specified in paragraphs (a) and (b) of this section and the requirement with respect to travel agents specified in paragraph (c) of this section may be waived by the Department upon application and showing by the carrier that special and unusual circumstances render the enforcement of the regulations impractical and unduly burdensome and that adequate alternative means of giving notice are employed.

(f) Applications for relief under paragraphs (d) and (e) of this section shall be filed with the Department's Office of International Aviation not later than 15 days before the date on which such relief is requested to become effective.

(g) Notwithstanding any other provisions of this section, no air taxi operator subject to part 298 of this subchapter shall be required to give the notices prescribed in this section, either in its capacity as an air carrier or in its capacity as an agent for an air carrier or foreign air carrier.

This Surety Trust Agreement is written to assure compliance by Operator with the provisions of Part 380 of the Department's regulations and other rules and regulations of the Department relating to insurance or other security for the protection of charter participants. It shall inure to the benefit of any and all charter participants to whom Operator may be held legally liable for any of the damages herein described.

It is mutually agreed by and between Operator and Trustee that Trustee shall manage the corpus of the trust and carry out the purposes of the trust as hereinafter set forth during the term of the trust for the benefit of charter participants (who are hereinafter referred to as "Beneficiaries.")

The trust shall not be liable hereunder for the payment of any damages hereinbefore described which arise as a result of any contracts, agreements, undertakings, or arrangements for the supplying of transportation and other services made by Operator after the termination of this trust as herein provided, but such termination shall not affect the liability of the trust hereunder for the payment of any damages arising as a result of contracts, agreements, or arrangements for the supplying of transportation and other services made by Operator prior to the date that such termination becomes effective.

Liability of the trust shall in all events be limited only to a Beneficiary or Beneficiaries who shall within sixty days after the termination of the particular charter give written notice of claim to Operator or, if it is unavailable, to Trustee, and all liability of

the trust with respect to participants in a charter shall automatically terminate sixty days after the termination date of each particular charter covered by this trust except for claims made in the time provided herein.

Sixty-one days after the completion of the last charter covered by this Trust Agreement, the trust shall automatically terminate except for claims of any Beneficiary or Beneficiaries previously made in accordance with this Agreement still pending on and after said sixty-first day.
