ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Tower Drawbridge across the Sacramento River, mile 59.0, at Sacramento, CA. The deviation is necessary to allow participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 10 a.m. through 2 p.m. on May 19, 2018.

ADDRESSES: The docket for this deviation, USCG–2018–0392, is available at http://www.regulations.gov. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Tower Drawbridge over the Sacramento River, mile 59.0, at Sacramento, CA. The drawbridge navigation span provides a vertical clearance of 30 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 10 a.m. through 10:30 a.m. and from 1 p.m. through 2 p.m. on May 19, 2018, to allow the participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised. Vessels able to pass through the bridge in the closed position may do so at anytime. The bridge will be able to open for emergencies and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Carl T. Hausner,
District Bridge Chief, Eleventh Coast Guard District.

Drawbridge Operation Regulation; Sacramento River, Isleton, CA

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Isleton Drawbridge across the Sacramento River, mile 18.7, at Isleton, CA. The deviation is necessary to allow participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This deviation allows the bridge to remain in the closed-to-navigation position during the deviation period.

DATES: This deviation is effective from 12 p.m. through 1 p.m. on May 17, 2018.

ADDRESSES: The docket for this deviation, USCG–2018–0393, is available at http://www.regulations.gov. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Carl T. Hausner, Chief, Bridge Section, Eleventh Coast Guard District; telephone 510–437–3516; email Carl.T.Hausner@uscg.mil.

SUPPLEMENTARY INFORMATION: The California Department of Transportation has requested a temporary change to the operation of the Isleton Drawbridge, mile 18.7, over the Sacramento River, at Isleton, CA. The drawbridge navigation span provides a vertical clearance of 15 feet above Mean High Water in the closed-to-navigation position. The draw operates as required by 33 CFR 117.189(a). Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 10 a.m. through 10:30 a.m. and from 1 p.m. through 10:30 p.m. on May 17, 2018, to allow the participants from the AMGEN Tour of California to cross the drawspan safely and without interruption. This temporary deviation has been coordinated with the users of the waterway through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Carl T. Hausner,
District Bridge Chief, Eleventh Coast Guard District.

RIN 1625-AA00

Safety Zone: Ohio River Mile Marker 27.8 to Mile Marker 28.2, Vanport, PA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for all navigable waters of the Ohio River from mile marker 27.8 to mile marker 28.2 near the Vanport Highway Bridge. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by a cargo movement near the Vanport Highway Bridge in Vanport, PA. Entry of vessels or persons into this zone is prohibited unless authorized by the Captain of the Port Marine Safety Unit Pittsburgh or a designated representative.

DATES: This rule is effective without actual notice from May 10, 2018 until 6 p.m. on May 11, 2018. For the purposes of enforcement, actual notice will be used from 8 a.m. on May 6, 2018 until May 10, 2018.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type USCG–2018–0422 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Petty Officer Jennifer Haggins, Marine Safety Unit Pittsburgh, U.S. Coast Guard, at telephone 412–221–0807, email Jennifer.L.Haggins@uscg.mil.

NPRM Notice of proposed rulemaking
§ Section

II. Background Information and Regulatory History

On May 3, 2018, Bechtel notified the Coast Guard that a cargo movement in the vicinity of the Vanport Highway Bridge could create potential hazards for the bridge’s structural integrity. The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)(B)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. We did not receive notice of this cargo operation until May 3, 2018. This safety zone must be established by May 6, 2018, and we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule. The NPRM process would delay the establishment of the safety zone until after the date of the cargo operation and compromise public safety.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable and contrary to the public interest because immediate action is needed to protect the public and vessels from the potential safety hazards associated with the cargo movement operation.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231. The Captain of the Port Marine Safety Unit Pittsburgh (COTP) has determined that potential hazards associated with a cargo movement operation that will take place during the week of May 6, 2018 will be a safety concern for anyone within a half-mile stretch of the Ohio River. This rule is necessary to protect personnel, vessels, and the marine environment in the navigable waters before, during, and after the cargo movement.

IV. Discussion of the Rule

This rule establishes a safety zone from 8 a.m. on May 6, 2018 through 6 p.m. on May 11, 2018 for all navigable waters of the Ohio River from mile marker 27.8 to mile marker 28.2. Entry into this safety zone during the enforcement period is prohibited, unless authorized by the COTP or a designated representative. Subject to the cargo delivery intervals and potential inclement weather, the period of
