Magnesium Metal From the People's Republic of China: Final Determination of No Shipments; Antidumping Duty Administrative Review; 2016–2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) continues to find that Tianjin Magnesium International, Co., Ltd. (TMI) and Tianjin Magnesium Metal Co., Ltd. (TMM) had no shipments of subject merchandise covered by the antidumping duty order on magnesium metal from the People's Republic of China (China) for the period of review (POR) April 1, 2016, through March 31, 2017.

DATES: Applicable May 17, 2018.

FOR FURTHER INFORMATION CONTACT: James Terpstra or Brendan Quinn, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3965 or (202) 482–5848, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 8, 2018, Commerce published the *Preliminary Results*.¹ We invited interested parties to comment on the *Preliminary Results*, however, no interested party submitted comments. Accordingly, we made no changes to the *Preliminary Results*.

Scope of the Order

The product covered by this antidumping duty order is magnesium metal from China, which includes primary and secondary alloy magnesium metal, regardless of chemistry, raw material source, form, shape, or size. Magnesium is a metal or alloy containing by weight primarily the element magnesium. Primary magnesium is produced by decomposing raw materials into

magnesium metal. Secondary magnesium is produced by recycling magnesium-based scrap into magnesium metal. The magnesium covered by this order includes blends of primary and secondary magnesium.

The subject merchandise includes the following alloy magnesium metal products made from primary and/or secondary magnesium including, without limitation, magnesium cast into ingots, slabs, rounds, billets, and other shapes; magnesium ground, chipped, crushed, or machined into rasping, granules, turnings, chips, powder, briquettes, and other shapes; and products that contain 50 percent or greater, but less than 99.8 percent, magnesium, by weight, and that have been entered into the United States as conforming to an “ASTM Specification for Magnesium Alloy”² and are thus outside the scope of the existing antidumping orders on magnesium from China (generally referred to as “alloy” magnesium).

The scope of this order excludes: (1) All forms of pure magnesium, including chemical combinations of magnesium and other material(s) in which the pure magnesium content is 50 percent or greater, but less than 99.8 percent, by weight, that do not conform to an “ASTM Specification for Magnesium Alloy”³; (2) magnesium that is in liquid or molten form; and (3) mixtures containing 90 percent or less magnesium in granular or powder form by weight and one or more of certain non-magnesium granular materials to make magnesium-based reagent mixtures, including lime, calcium metal, calcium silicon, calcium carbide, calcium carbonate, carbon, slag coagulants, fluorspar, nepheline syenite, feldspar, alumina (Al₂O₃), calcium aluminate, soda ash, hydrocarbons, graphite, coke, silicon, rare earth metals/mischmetal, cryolite, silica/fly ash, magnesium oxide, periclase, ferroalloys, dolomite lime, and colemanite.⁴

² The meaning of this term is the same as that used by the American Society for Testing and Materials in its Annual Book for ASTM Standards: Volume 01.02 Aluminum and Magnesium Alloys.

³ The material is already covered by existing antidumping orders. See *Notice of Antidumping Duty Orders: Pure Magnesium from the People's Republic of China, the Russian Federation and Ukraine; Notice of Amended Final Determination of Sales at Less Than Fair Value: Antidumping Duty Investigation of Pure Magnesium from the Russian Federation*, 60 FR 25691 (May 12, 1995); and *Antidumping Duty Order: Pure Magnesium in Granular Form from the People's Republic of China*, 66 FR 57936 (November 19, 2001).

⁴ This third exclusion for magnesium-based reagent mixtures is based on the exclusion for reagent mixtures in the 2000–2001 investigations of magnesium from China, Israel, and Russia. See

The merchandise subject to this order is classifiable under items 8104.19.00, and 8104.30.00 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS items are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that TMI and TMM had no shipments of the subject merchandise, and, therefore, no reviewable transactions, during the POR.⁵ As we have not received any information to contradict our preliminary finding, we determine that TMI and TMM did not have any shipments of subject merchandise during the POR and intend to issue appropriate instructions that are consistent with our “automatic assessment” clarification, for these final results.⁶

Assessment Rates

Commerce determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

Additionally, consistent with the Commerce's refinement to its assessment practice in non-market economy cases, for TMI and TMM, exporters under review, which we determined had no shipments of the subject merchandise during the POR, any suspended entries of subject merchandise from these companies (*i.e.*, made under TMI's case number at TMI's rate or made under TMM's name) will be liquidated at the China-wide rate.⁷

Cash Deposit Requirements

The following cash deposit requirements will be effective upon

Final Determination of Sales at Less Than Fair Value: Pure Magnesium in Granular Form from the People's Republic of China, 66 FR 49345 (September 27, 2001); *Final Determination of Sales at Less Than Fair Value: Pure Magnesium From Israel*, 66 FR 49349 (September 27, 2001); *Final Determination of Sales at Not Less Than Fair Value: Pure Magnesium from the Russian Federation*, 66 FR 49347 (September 27, 2001). These mixtures are not magnesium alloys, because they are not combined in liquid form and cast into the same ingot.

⁵ See *Preliminary Results*, 83 FR at 790.

⁶ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011) (*Assessment Notice*); see also “Assessment Rates” section below.

⁷ For a full discussion of this practice, see *Assessment Notice*.

¹ See *Magnesium Metal from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2016–2017*, 83 FR 789 (January 8, 2018) (*Preliminary Results*).

publication of these final results of administrative review for shipments of subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For previously investigated or reviewed Chinese and non-Chinese exporters that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, including TMM, the cash deposit rate will be the China-wide rate of 141.49 percent;⁸ and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and this notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: May 11, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Countervailing Duty Investigation of Laminated Woven Sacks From the Socialist Republic of Vietnam: Postponement of Preliminary Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable May 17, 2018.

FOR FURTHER INFORMATION CONTACT:

Thomas Martin at (202) 482-3936 or Ariela Garvett at (202) 482-3609, AD/CVD Operations, Enforcement and Compliance, Office IV, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 27, 2018, the Department of Commerce (Commerce) initiated a countervailing duty (CVD) investigation of imports of laminated woven sacks (LWS) from the Socialist Republic of Vietnam.¹ Currently, the preliminary determination is due no later than May 31, 2018.

Postponement of Preliminary Determination

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if, under part (A), the petitioners² make a timely request for a postponement; or

under part (B), Commerce concludes that the parties concerned are cooperating, and determines that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioners must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On May 4, 2018, the petitioners submitted a timely request that Commerce postpone the preliminary CVD determination.³ The petitioners state that they request postponement of the preliminary determination because the current deadline does not provide adequate time for Commerce to issue questionnaires, receive responses, or to issue and receive responses to supplement questionnaires prior to Commerce's currently scheduled preliminary determination date. According to the petitioners, postponement of the preliminary determination deadline by the maximum extension of 65 additional days in this case would allow sufficient time for Commerce to develop the record in this investigation.

In accordance with 19 CFR 351.205(e), the petitioners have stated the reasons for requesting a postponement of the preliminary determination, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determination to no later than 130 days after the date on which the investigation was initiated, *i.e.*, August 6, 2018.⁴ Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

³ Letter from the petitioners, "Re: Laminated Woven Sacks from Vietnam: Request to Extend the Deadline for Preliminary Determination," dated May 4, 2018.

⁴ Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, August 4, 2018. Commerce's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

¹ See *Laminated Woven Sacks From the Socialist Republic of Vietnam: Initiation of Countervailing Duty Investigation*, 83 FR 14253 (April 3, 2018) (Initiation Notice).

² The petitioners are the Laminated Woven Sacks Fair Trade Coalition and its individual members Polytex Fibers Corporation and ProAmpac Holdings Inc.

⁸ See *Notice of Antidumping Duty Order: Magnesium Metal from the People's Republic of China*, 70 FR 19928 (April 15, 2005).
